## Appendices and supplemental information

Page

### **1 Capital Budget Legislation**

The authorizing legislation for this Capital Budget

### **5 Introduction**

An explanation of what this document is, what it includes, and how to read it.

### **13 2019-2024 Capital Improvement Plan**

A one-page summary of the anticipated funding levels of the 6 year Capital Improvement Plan. 2019-2024, plus last year's budget, as amended.

### **165 Appendix A: Projects by Department**

A two page listing of every 2019 Capital Project, sorted by department. Useful for a quick glance at which City Department or Authority does what project. It is also column-sorted by funding type, which can, much like the 2019 Capital Improvement Plan page at the beginning of the budget document, show levels of funding for CDBG, Bond, PayGo, and Other

### **169 Appendix B: CPFC Recommendations**

Development of the 2019 Capital Budget involved six CPFC scorers who evaluated each individual proposal based on the 8 scoring criterias. Each scorer had a mock 'budget' developed based on available capital funding. This appendix shows the total number of CPFC scorer 'budgets' each requested proposal appeared in.

### **181 Appendix C: Alternative Funding Plan**

Possible alternative funding sources for the projects that were not included in this year's budget. This appendix also identifies which projects were not funded, and the funds requested for those projects.

### **193 Appendix D: Executive Summary of the Capital Budget public meetings**

Potholes & Pierogies: Executive Summary of the 2019 Capital Budget deliberative forums, held in Lawrenceville and Mt. Washington

### **205 Appendix E: Capital Budget History**

A brief, 3 page summary of prior year Capital Budgets, presented in a table and charts.

# Capital Budget Legislation

## **Resolution number 863 of 2018**

Resolution adopting and approving the 2019 Capital Budget and the 2019 Community Development Block Grant Program, and the 2019 through 2024 Capital Improvement Program

**Be it resolved by the Council of the City of Pittsburgh as follows:**

**Section 1.** The 2019 Capital Budget is hereby adopted and the new project authorizations listed herein are hereby approved.

**Section 2.** The 2019 Community Development Block Grant Program (CDBG) is hereby adopted and the new project authorizations and CDBG categories listed herein are hereby approved.

**Section 3.** The 2019 through 2024 Capital Improvement Program is hereby approved as a guide, but new project authorizations are made subject to approval by Council through adoption of the annual Capital and CDBG Budgets.

**Section 4.** The City Controller, the City Treasurer, and the Director of the Office of Management and Budget are hereby authorized to place in the Bond Fund all cash currently on hand from the proceeds of the sale of debt and to accept reimbursement to such funds from other sources for expenditures made under Federal, State, or private grant programs.

**Section 5.** The City Controller, the City Treasurer, and the Director of the Office of Management and Budget are hereby authorized to transfer from the Bond Fund to the Capital Revolving Fund such funds as may be received as reimbursement for Capital Projects for which Bond Anticipation Notes have been specifically sold in previous years to fund such reimbursable projects.

**Section 6.** The City Controller, the City Treasurer, and the Director of the Office of Management and Budget are hereby authorized to place in the Capital Fund all cash currently on hand from the transfer of funds from the City's Fund Balance to the Capital Budget, and to accept reimbursement to such fund from other sources for expenditures made under Federal, State, or private grant programs.

**Section 7.** The resolution authorizes the issuance of requests for proposals, estimates, bids, cost projections, and other allowable contracting procedures pursuant to Chapter 161 of the City Code for each project listed herein. However, no funds shall be encumbered or expended prior to the authorization of each project or projects by an additional resolution.

**Section 8.** Budget control shall be at the project and fund level. The City Controller and the Office of Management and Budget are hereby authorized to make transfers between deliverables within a project.

**Section 9.** The City Council Budget Director is authorized to make minor technical and formatting changes to the budget as needed. No changes shall change the funding of any projects or deliverables, or otherwise be substantive in nature.

# Introduction

# The 2019 Capital Budget and Capital Improvement Plan

This document is the 2019 Capital Budget and Capital Improvement Plan (CIP) as approved by City Council. It contains a list of capital projects, along with funding levels for each of these projects.

## WHAT IS A CAPITAL PROJECT?

Title II, Chapter 218 of the City Code defines a capital project as: “Any project funded by public monies to design, build, restore, retain, or purchase any City-owned asset that is expected to provide a long-term public benefit or propose physical improvements in an element of the City’s infrastructure. Capital Projects shall have a minimum value of fifty thousand dollars (\$50,000) and a minimum useful life of five years. Capital Projects financed through debt should have a minimum useful life no shorter than the length of debt service. Capital Projects that have a shorter minimum useful life should be funded with PAYGO funds.”

While maintenance is not a capital expenditure, capital projects do include renovation and major repair or reconstruction of damaged and deteriorating city-owned assets.

## SOURCE OF FUNDS

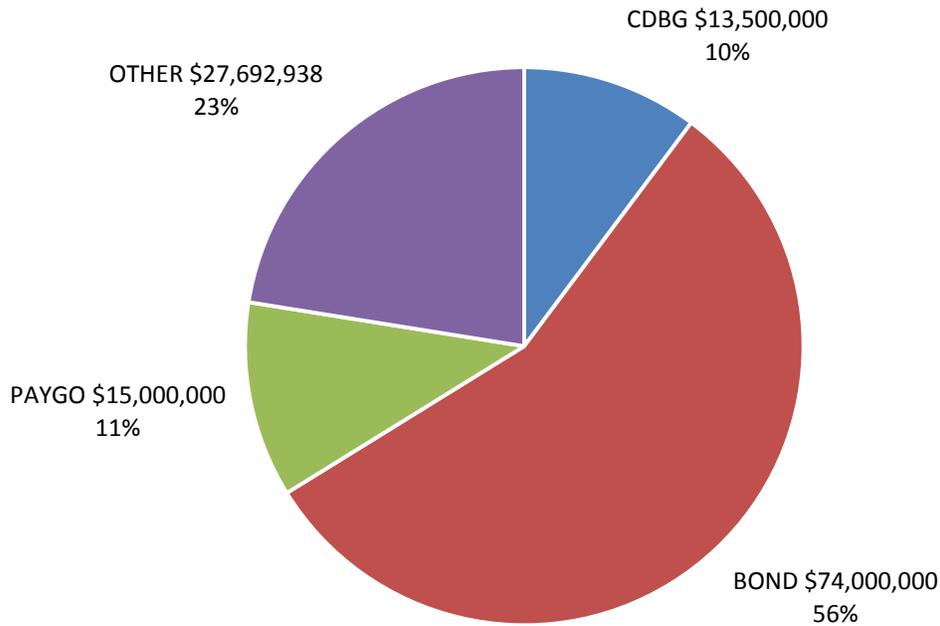

**PAYGO:** The City funds a number of capital projects through a transfer from the general fund into the capital fund. PAYGO (or “pay-as-you-go”) transfers are funds that the City spends on capital projects that may not be eligible for bond or CDBG funds. In the 2019 Capital Improvement Plan, projects funded with PAYGO focus on vehicle acquisition for the City’s fleet, traffic calming measures and intersection improvements to promote safety, and demolitions of City-owned structures.

**Bond:** Because Capital projects have a useful life extending beyond a few years, the City may incur debt in the form of municipal bonds in order to complete capital projects. The City incurs debt for two reasons. The first is that debt is an instrument to spread the cost of a project over all of the citizens who will benefit from the project: not just current citizens, but future ones as well. The second is the City does not have the funds on hand to complete the majority of projects from its own sources. Therefore, projects funded with debt proceeds should be long-lasting because we will be paying for the life of the debt.

**CDBG:** The City receives support for capital projects from the federal government in the form of the Community Development Block Grant (known as “CDBG”). As a block grant, the CDBG program gives the City some flexibility on how to spend the money, provided the projects funded benefit low- and moderate-income people, benefit seniors, eliminate blight, or address a threat to health or safety.

**OTHER:** The City uses numerous other sources to pay for capital projects. The federal government, the Commonwealth of Pennsylvania, and other governmental authorities fully or partially fund projects through grants. Foundations and non-profits support others. The state and federal government typically reimburse a portion of the cost of large transportation improvement projects (also known as “TIP”).

## 2019 Capital Budget by Fund Source

**Total: \$130,192,938**

### THE CAPITAL BUDGET PROCESS

The capital budgeting process begins with the first meeting of the Capital Program Facilitation Committee (CPFC). This committee was created to increase transparency in the capital process and includes representatives of the Mayor, City Council, the City Controller, and City Departments.

In April, the Mayor submits a list of priorities to all departments for the Capital Improvement Plan. The following priorities represent the values considered in finalizing the Capital Budget. These values guided the selection of projects that formed the Mayor's 2019 Capital Budget.

Those priorities include:

- Workforce and Entrepreneurship
- Children and Families
- Critical Infrastructure
- Critical Communities
- Green Infrastructure
- Mobility
- Climate
- Arts, Culture, and Open Space
- Housing

The Office of Management & Budget uses these priorities to inform discussions at two Capital Budget Deliberative Forums. In years past, these meetings were in September and October and provided an opportunity for the community to review the proposed Capital Budget. In 2015, the Office of Management & Budget moved the Capital Budget Deliberative Forums to June to include community voices earlier in the decision-making process. This year's meetings were held at the Goodwill of Southwestern Pennsylvania location in Lawrenceville and Mt. Washington Healthy Active Living Center.

The Executive Summary of those meetings is attached at the end of this budget document.

Shortly after the forums, the Office of Management & Budget collects capital project proposals from departments, City Council, the Urban Redevelopment Authority, and community stakeholder organizations with a history of collaborating with the City and compiles them for the CPFC.

The CPFC reviews project proposals and ranks them based on how well they meet the following criteria for a given project:

1. Resolves an imminent threat to public or employee safety or health
2. Achieves compliance with federal or state statutory mandates
3. Leverages additional non-City funds
4. Positive impact of the project on the operating budget and potential operational savings
5. Improves efficiency or effectiveness of service delivery
6. Improves quality of life in all City neighborhoods
7. Has the support of the public
8. Achieves compliance with the Comprehensive Plan, if applicable

The Mayor proposes a Capital Budget and Capital Improvement Plan using the rankings of the CPFC and the administration's priorities, which is then introduced as legislation for discussion in City Council.

City Council holds a number of budget hearings throughout the month of November, gathering input from all of the City's Departments. During this time period, City Council has the opportunity to amend the budget that was submitted by the mayor to more accurately reflect the priorities of the constituents that they represent. The budget, once approved by City Council, becomes effective on January 1, 2018.

### **THE SIX-YEAR CAPITAL IMPROVEMENT PLAN**

Because the capital needs of the City surpass the available funding of any given year, it is critical that the City budgets for more than just the present year. The six-year capital improvement plan is a way for the City to plan future spending. In addition to noting the projects that were funded last year, the six-year Capital Improvement Plan includes information about the current year (2019) and provides an estimate of the funding level a project will require for the five years following (2020-2024).

### **FUNCTIONAL AREAS**

The Capital Improvement Plan groups projects by their functional area. Some projects may involve more than one department, although all projects have one department serving as the project lead.

**Engineering and Construction:** These projects are improvements to the walls, steps, fences, roads, sidewalks, and bridges throughout the City of Pittsburgh. They also include large highway and bridge projects (TIP), street resurfacing, as well as projects to make our streets safer for pedestrians and cyclists.

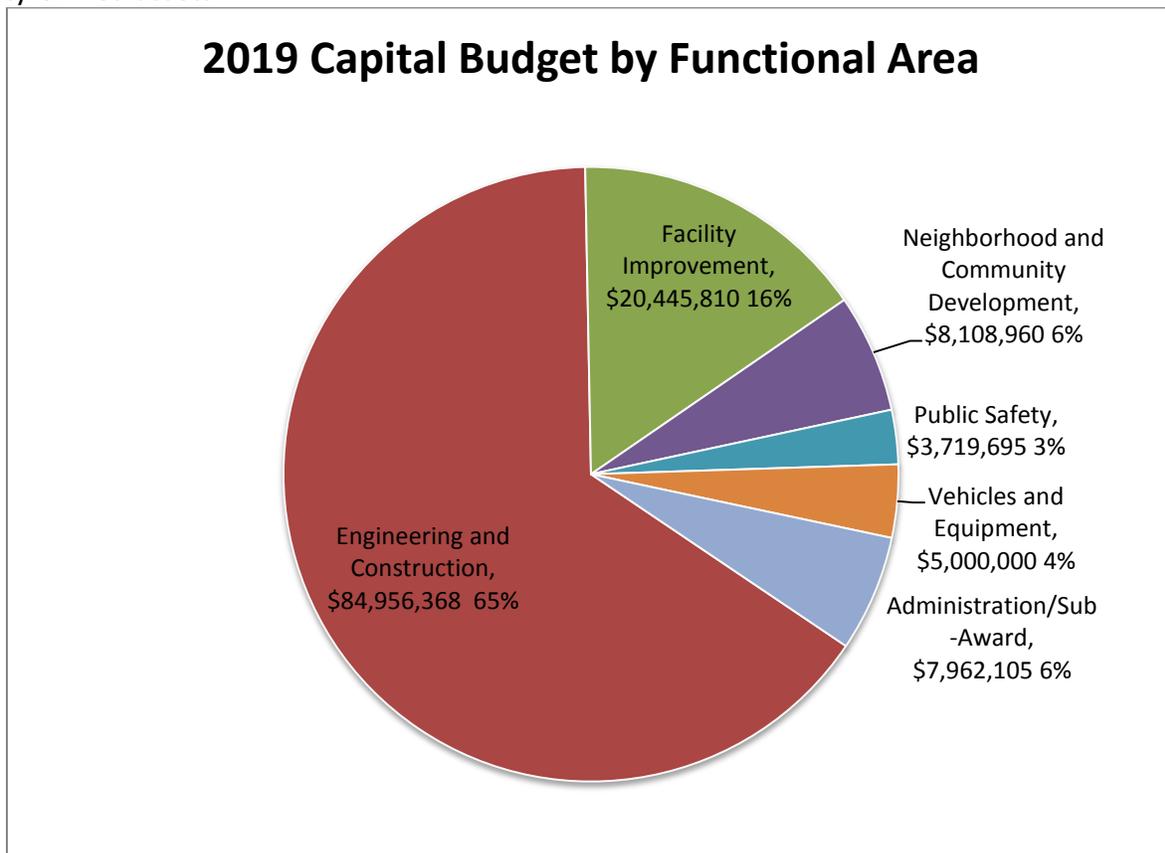

**Facility Improvements:** These projects are major repairs or rehabilitation of City-owned assets, such as parks, playgrounds, pools, ballfields, and buildings.

**Public Safety:** These projects repair and replace important infrastructure for the health and well-being of City residents, and eliminate public safety risks.

**Vehicles and Equipment:** These projects involve the purchasing of vehicles and heavy equipment for public safety and service delivery.

**Neighborhood Development:** These projects are investments in our City's neighborhood business districts, residential communities, and small businesses that raise the quality of life for residents.

**Administration and Sub-Award:** These projects are distinct from the other functional areas in that they are typically pass-through grants dispersed to various nonprofits and community-based organizations. Other projects include costs associated with the administration of the City's Capital Improvement Plan and City-owned assets.

**Total: \$130,192,938**

## HOW TO READ THE CAPITAL IMPROVEMENT PLAN

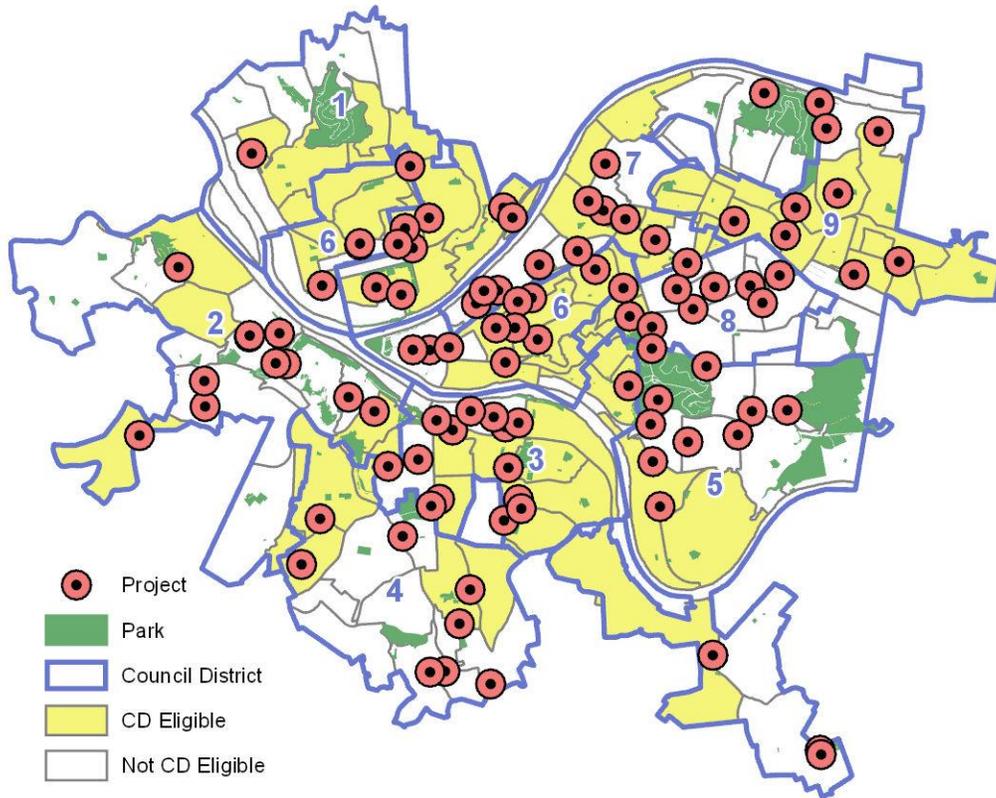

For each project, the Capital Improvement Plan will show the following information:

- **A project name, functional area, project type, responsible department, and project manager**
- **A capital improvement schedule** - a chart showing the prior year funding level (if any), proposed funding level for 2019, and projected funding for the following five years
- **Project description** - describes the project
- **Project justification** - describes why the project is necessary for the good of the City
- **Operating Budget Impact** - describes the effect the implementation of the project will have on the present and future operating budgets
- **Unexpended/unencumbered prior year funds** - amount of money remaining for the project from prior years, as of October 31, 2018.
- **2019 Deliverables** - a list of tentative improvements to be made using the project funds, the location, and the approximate share of the total project cost. The goal of this section is to begin the process of formally prioritizing capital needs in the City, while understanding and appreciating the need for flexibility throughout the year. The outcomes and deliverables are tentative and may change throughout the year as new needs, priorities, and emergencies arise.
- **Location**- a map showing the locations of the deliverables within the City of Pittsburgh

## ACCOUNTABLE CAPITAL BUDGETING

This Capital Improvement Plan maintains a commitment to openness and transparency in the budgeting process. By providing information such as a project justification, the operating impact, and moving toward zero-based budgeting, we are moving toward better strategic planning and assessing the true cost of capital projects. As much as possible, this Capital Improvement Plan aims to continue on the path to accountable capital budgeting, modeled on some of the best practices in capital budgeting nationally.

# Engineering and Construction

## 28TH STREET BRIDGE (TIP)

---

**Functional Area:** Engineering and Construction

**Project Type:** Continuing, Capital Project

**Responsible Department:** MOBILITY & INFRASTRUCTURE

**Project Manager:** Assistant Director, Mobility and Infrastructure

### Capital Improvement Program

Source	2018	2019	2020	2021	2022	2023	2024	Total 2019-2024
CDBG								\$0
BOND		\$37,500		\$37,500	\$5,000	\$500,000		\$580,000
PAYGO								\$0
OTHER		\$712,500		\$712,500	\$95,000	\$9,500,000		\$11,020,000
<b>TOTAL</b>	<b>\$0</b>	<b>\$750,000</b>	<b>\$0</b>	<b>\$750,000</b>	<b>\$100,000</b>	<b>\$10,000,000</b>	<b>\$0</b>	<b>\$11,600,000</b>

### Project Description

This project is a replacement of the 28th Street Bridge, originally constructed in 1931 on the site of a previous bridge, which connects the Strip District and Polish Hill. The bridge carries 28th Street between Liberty Avenue and Brereton Street, a total length of 315 feet.

### Project Justification

The project is on the regional TIP. This provides a 95% match of Federal Highway Administration and PennDOT funds to the City's 5% match. Since such a large share of the cost is borne by non-City entities, TIP projects are high priorities.

### Operating Budget Impact

This project represents a minimal operating expense other than the time of DOMI staff. A new bridge should realize some operational maintenance savings.

### Unexpended/Unencumbered Prior Year Funds

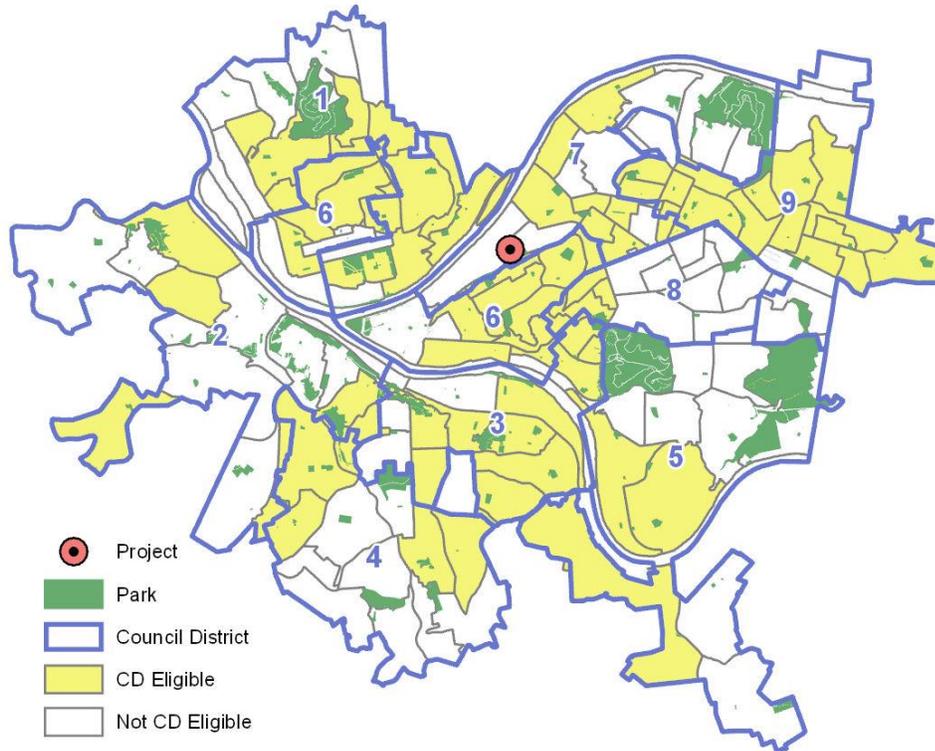

\$0

## 2019 Deliverables and Objectives

Deliverable/Objective	Location	District	Fund	Cost
28TH STREET BRIDGE - PRELIMINARY ENGINEERING	28th St & Brereton St	District 7	OTHER	\$712,500
28TH STREET BRIDGE - PRELIMINARY ENGINEERING	28th St & Brereton St	District 7	BOND	\$37,500

CDBG								\$0
BOND		\$1,000,000	\$4,802,594					\$5,802,594
PAYGO	\$1,285,363							\$0
OTHER	\$1,285,363	\$10,306,978	\$10,306,978					\$20,613,955
<b>TOTAL</b>	<b>\$2,570,726</b>	<b>\$11,306,978</b>	<b>\$15,109,572</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$26,416,549</b>

## Project Description

This project will deploy real time adaptive traffic signals, pedestrian detection, vehicle to vehicle (V2V), and vehicle to infrastructure (V2I) technology along several key corridors or "Smart Spines." The core of the project is a decentralized approach to control traffic in a road network: each intersection allocates its green time independently based on actual incoming vehicle and pedestrian flows. Then, projected outflows are communicated to neighboring intersections to increase their visibility of future incoming traffic.

## Project Justification

The project will improve mobility and enhance safety for users of all modes in our rights of way. The Smart Spine corridors connect Pittsburgh's densest population centers to Downtown and Oakland - the second and third largest employment hubs in the Commonwealth of Pennsylvania - where 50% of our region's residents work.

## Operating Budget Impact

Staff time will be needed to manage vendor contracts and review designs.

## Unexpended/Unencumbered Prior Year Funds

## Project Description

This project provides funds for the engineering and upgrading of the City's 151 bridges.

## Project Justification

Bridges are a critical component of our City's infrastructure and require significant repairs to prolong their useful lives. Failure to provide preventive maintenance at an adequate level can lead to more substantial required investments at a later date.

## Operating Budget Impact

Staff time will be needed to manage outside vendors. Preventative repairs represent substantial savings in cost for operational maintenance.

## Unexpended/Unencumbered Prior Year Funds

<b>TOTAL</b>	\$0	\$0	\$0	\$1,000,000	\$3,000,000	\$0	\$0	\$4,000,000

### Project Description

This project is Phase IV of upgrades to the Central Business District (CBD) traffic signals which will increase the efficiency of downtown traffic.

### Project Justification

Enhanced signalization decreases traffic congestion, commute times, and greenhouse gas emissions.

### Operating Budget Impact

This project will have minimal impact on the Operating Budget. DOMI staff time will be needed to manage vendor contracts.

### Unexpended/Unencumbered Prior Year Funds

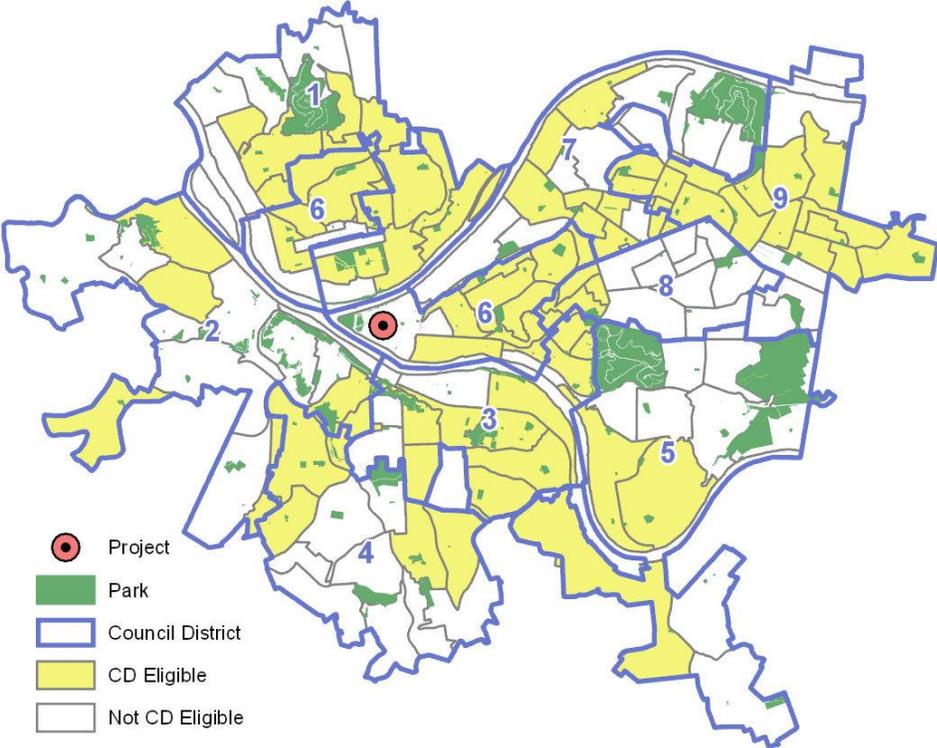

\$7,114,342

## Project Description

This project replaces the Charles Anderson Bridge, which carries the Boulevard of the Allies over the CSX Railroad and bikeway trail in Panther Hollow.

## Project Justification

The last inspection report rated this bridge structurally deficient. The bridge is weight restricted and is in need of replacement.

## Operating Budget Impact

The new bridge will require minimal maintenance. Staff time will be needed to manage vendor contracts.

## Unexpended/Unencumbered Prior Year Funds

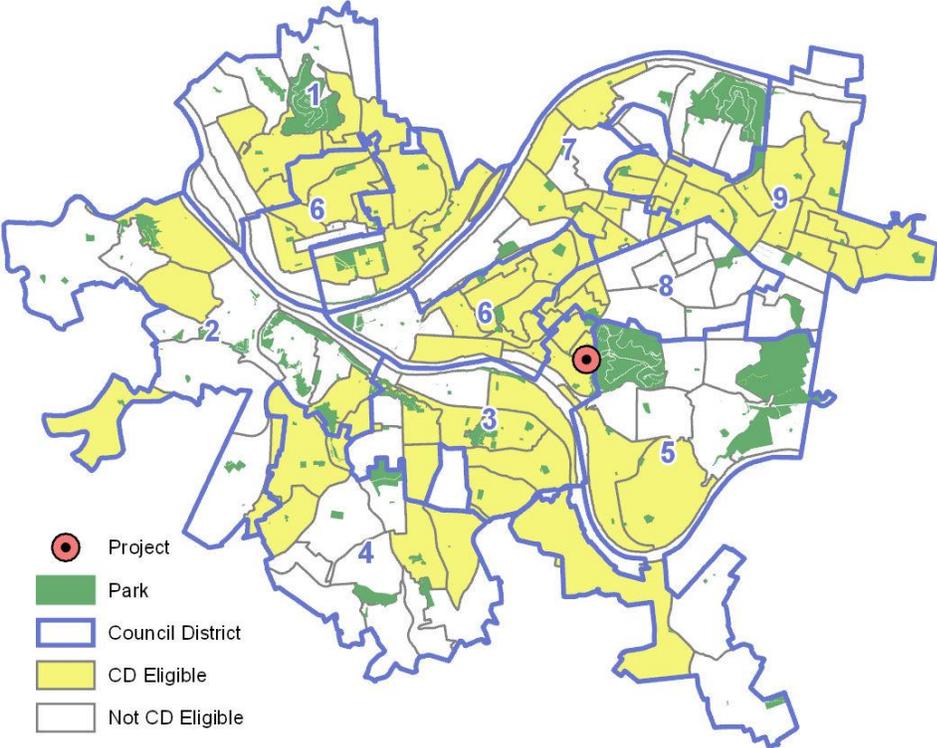

\$3,316,028

## Project Description

This project - composed of what was formerly budgeted separately as Bike Infrastructure, Audible Pedestrian and Traffic Signals, and Streetscape and Intersection Reconstruction - funds the installation of various improvements to streets to support City Council's Complete Streets policy providing for the safe travel and accommodation of all street users. This project includes intersection improvements, green infrastructure and stormwater management, street furnishings, installation of pavement markings, signage, and traffic signals.

## Project Justification

Implementation of adopted City Council policy; promote efficient operation of the system; increase person-capacity on the network; and improve safety. A Complete Streets network will increase the mobility options available to residents of Pittsburgh resulting in lower greenhouse gases, more affordable transportation options, healthier residents, and increased revenue for neighborhood businesses.

## Operating Budget Impact

Facilities may require different maintenance practices.

## Unexpended/Unencumbered Prior Year Funds

## Project Description

These funds provide access to subject matter experts for complex construction projects including architects, engineers, inspectors, and construction managers.

## Project Justification

Unique and complex projects require specialized expertise to ensure the work is completed safely and on time. Short-term hiring for design, construction, and inspection services allows the City to manage a wide array of infrastructure, planning, and policy projects.

## Operating Budget Impact

Hiring subject matter experts for projects on an as-needed basis relieves the Operating Budget burden of hiring additional full-time staff. Strategic planning and consistent policy can reduce costs in the future as investments made are well contemplated and fit into a longer term context.

## Unexpended/Unencumbered Prior Year Funds

<b>TOTAL</b>	<b>\$1,500,000</b>	<b>\$2,000,000</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$2,000,000</b>

## Project Description

This project expands pedestrian safety enhancement work already under design by PennDOT to include economic revitalization for a critical local business corridor in the City. Improvements are predominantly focused from 10th Street to 21st Street along East Carson Street with some work extending to the Smithfield Street Bridge. The project includes street lighting, sidewalk restoration, landscaping where possible, and street furnishings as appropriate.

## Project Justification

East Carson Street is one of the City's most significant business corridors. It is an area of extremely high pedestrian activity. Improvements have already been completed in the area east of 21st Street in conjunction with the South Side Works project. These enhancements will improve the environment around many local businesses. Work will proceed in 2019 in order to leverage the investments made by PennDOT and reduce the total project costs incurred by the City.

## Operating Budget Impact

DOMI staff time will be needed to coordinate with PennDOT. Design work and construction management will be led by PennDOT.

## Unexpended/Unencumbered Prior Year Funds

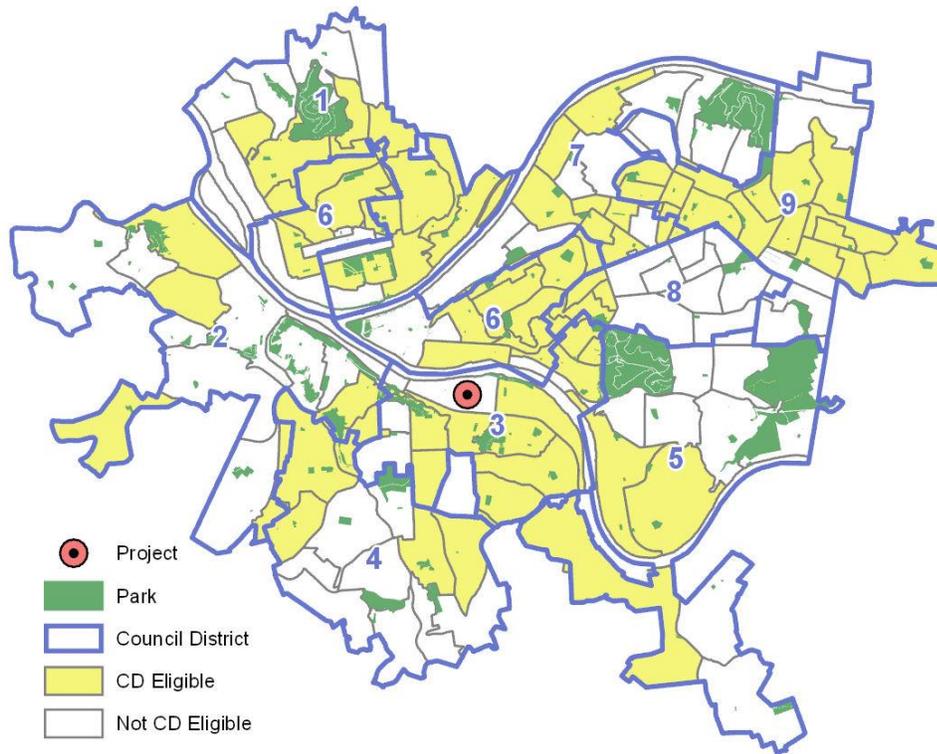

\$1,500,000

## Project Description

This project creates an integrated stormwater management and connectivity plan for Four Mile Run and Schenley Park to the Monongahela River.

## Project Justification

Flooding and flash flooding in City neighborhoods is a public safety hazard and public health risk. The City of Pittsburgh and PWSA must achieve water quality compliance under a federal consent order. Development site and neighborhood/park connections are critical to the success of new development at Hazelwood Green and in Hazelwood, Greenfield, and Oakland.

## Operating Budget Impact

Staff time will be needed to manage vendor contracts and review plans. New infrastructure will require additional maintenance.

## Unexpended/Unencumbered Prior Year Funds

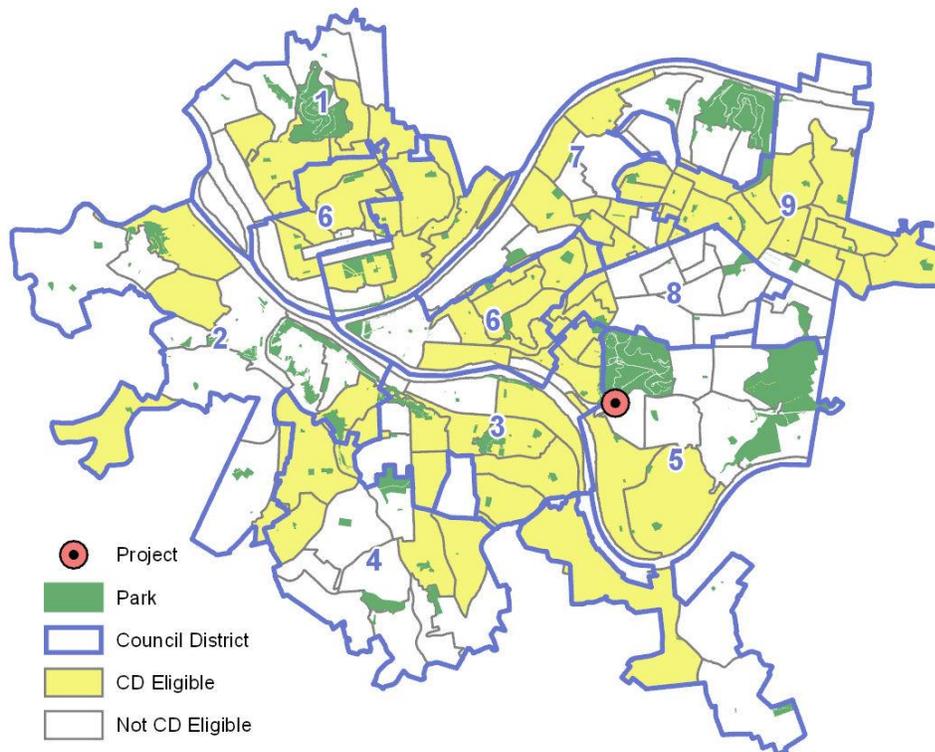

\$1,380,000

BOND		\$14,000,000						\$14,000,000
PAYGO								\$0
OTHER								\$0
<b>TOTAL</b>	\$0	\$14,000,000	\$0	\$0	\$0	\$0	\$0	\$14,000,000

## Project Description

The project will replace the City's system of 30,000+ conventional road lights with a Light Emitting Diode (LED) system. The new system will feature improved lighting controls, and create a base network for additional connectivity for future integrations of "internet of things" or "smart city" solutions, as the needs arise.

## Project Justification

The upgraded bulbs and new controls will improve visibility and thus safety on City streets.

## Operating Budget Impact

The project will be paid for through a guaranteed energy savings contract (GESAs) with the vendor. This allows the City to utilize operational savings from lower utility bills and maintenance costs to pay for the light upgrades. There will be no additional cost to City taxpayers besides DOMI staff time spent on the project.

## Unexpended/Unencumbered Prior Year Funds

TOTAL	\$300,000	\$775,000	\$5,400,000	\$0	\$0	\$0	\$0	\$6,175,000

### Project Description

This project is to perform a traffic calming and facility update project along Liberty Avenue through the Strip District from Grant Street to 34th Street. A three lane section will be provided instead of the current four lane section to reduce sideswipe and head on collisions. Additional funds will be received from the Highway Safety Improvement Program (HSIP).

### Project Justification

This is a heavily traveled corridor with very narrow travel lanes. This project has been prioritized due to safety concerns.

### Operating Budget Impact

Once completed, these improvements will have maintenance requirements that will impact the Operating Budget.

### Unexpended/Unencumbered Prior Year Funds

## Project Description

This project funds corrective action to stabilize slides and earth movement on Pittsburgh's many hillsides.

## Project Justification

Hillside destabilization represents a public safety risk.

## Operating Budget Impact

Staff time will be needed to manage vendor contracts, review plans, and perform labor.

## Unexpended/Unencumbered Prior Year Funds

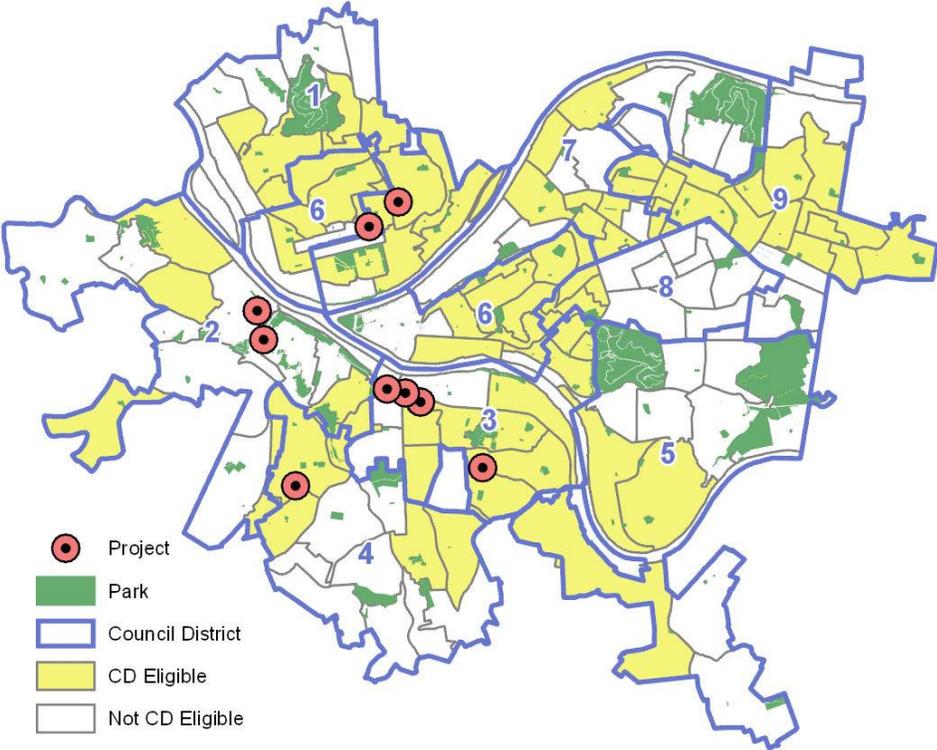

\$2,423,028

## Project Description

This project reconstructs and repairs the South Negley Avenue Bridge over the East Busway in Shadyside.

## Project Justification

The South Negley Avenue Bridge connects Friendship and East Liberty with Shadyside. It is an important portal for residents to connect with public transportation, schools, and grocery shopping.

## Operating Budget Impact

Staff time will be needed to manage vendor contracts and review plans. This project will result in a new bridge that will require minimal maintenance.

## Unexpended/Unencumbered Prior Year Funds

## Project Description

This project updates the equipment and layout of traffic signals at three existing signalized intersections (Sarah Street, Jane Street, and Mission Street) and adds signalization to one new intersection (Josephine Street) along 18th Street.

## Project Justification

This is a heavily traveled corridor. New equipment and layouts will increase traffic efficiency and safety.

## Operating Budget Impact

Staff time will be needed to manage vendor contracts, review plans, and perform labor. Once completed, these new traffic system upgrades will have some maintenance requirements that will impact the Operating Budget.

## Unexpended/Unencumbered Prior Year Funds

<b>TOTAL</b>	<b>\$952,315</b>	<b>\$1,140,500</b>	<b>\$650,000</b>	<b>\$700,000</b>	<b>\$700,000</b>	<b>\$700,000</b>	<b>\$2,500,000</b>	<b>\$6,390,500</b>

### Project Description

This project improves various playing surfaces, fencing, dugouts, and concession stands at ballfields and sport courts.

### Project Justification

Sport facilities enhance quality of life by providing opportunities for exercise and community building. Applying a fix-it-first approach to building maintenance extends the useful life of a facility while reducing costs associated with demolition and new construction.

### Operating Budget Impact

Public Works staff time will be needed to provide design services, smaller-scale construction and trade services, and manage contracts and outside vendors. Disinvestment in facilities leads to deferred maintenance, which can increase long-term costs.

### Unexpended/Unencumbered Prior Year Funds

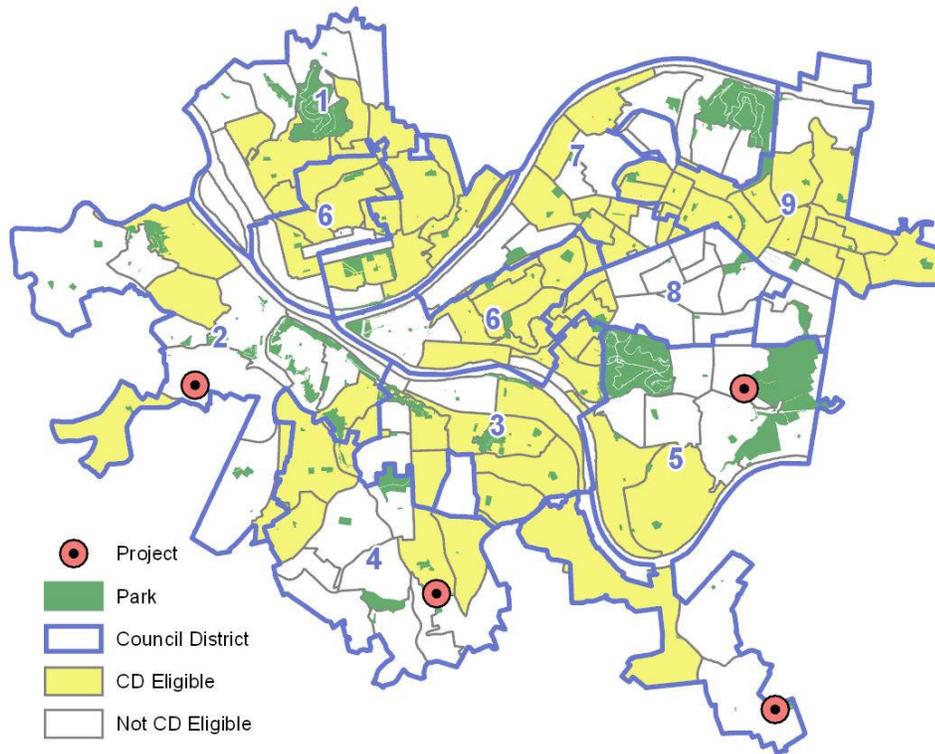

\$907,066

## 2019 Deliverables and Objectives

Deliverable/Objective	Location	District	Fund	Cost
FRICK PARK - BASKETBALL COURT UPGRADE	Beechwood Blvd & English Ln	District 5	BOND	\$125,500

# LITTER CAN UPGRADES AND MONITORING

**Functional Area:** Facility Improvement

**Project Type:** Continuing, Capital Project

**Responsible Department:** PW - BUREAU OF ENVIRONMENTAL SERVICES

**Project Manager:** Assistant Director, Bureau of Environmental Services

## Capital Improvement Program

Source	2018	2019	2020	2021	2022	2023	2024	Total 2019-2024
CDBG								\$0
BOND								\$0
PAYGO	\$290,000	\$90,000						\$90,000
OTHER								\$0
<b>TOTAL</b>	<b>\$290,000</b>	<b>\$90,000</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$90,000</b>

## Project Description

This project funds upgrades and standardization of street litter cans across the city. The project will also help Public Works implement monitoring technology that will improve collection efficiency in the street maintenance divisions. The data collected from the monitoring tools will provide information to establish optimal daily litter routes based on litter can capacity.

## Project Justification

Public Works currently runs fixed litter routes in each maintenance division. By introducing litter can sensors staff time, fuel, and greenhouse gases will be reduced as new routes are developed daily for only the litter cans that need to be emptied.

## Operating Budget Impact

This project would result in an operating budget savings and a more efficient use of resources.

## Unexpended/Unencumbered Prior Year Funds

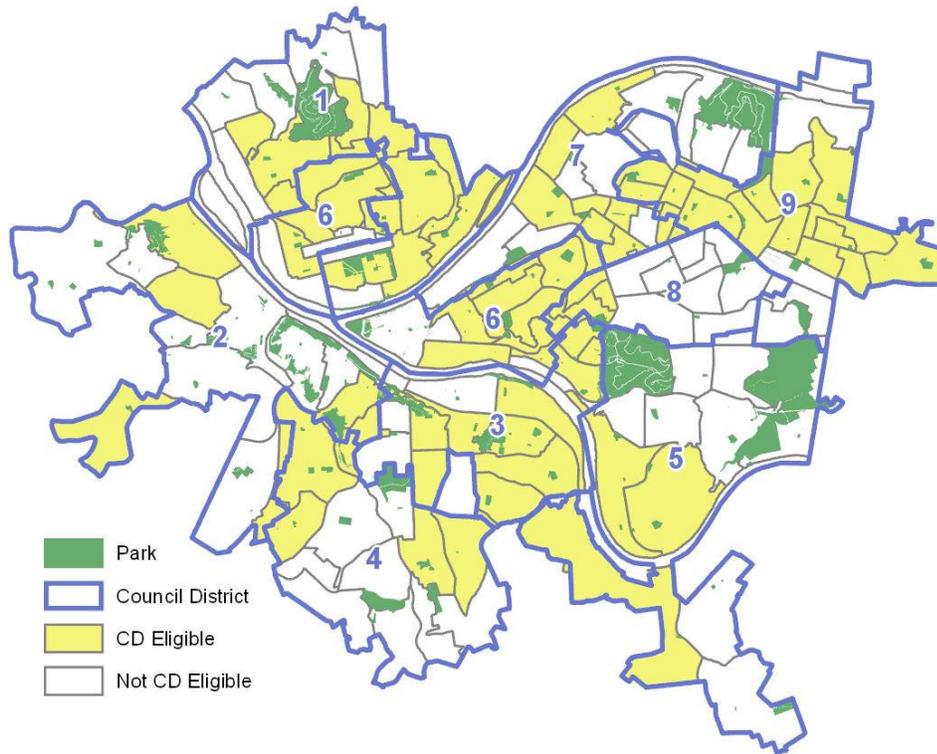

\$80

## 2019 Deliverables and Objectives

## Project Description

This project funds City support of the Larimer and East Liberty Choice Neighborhood Transformation Plan. The plan calls for the development of approximately 334 mixed income units. Comprehensive neighborhood improvements include green infrastructure, greening of vacant lots, parks and recreational opportunities, and promotion of commercial areas with a particular focus on green and technology businesses.

## Project Justification

City funds are required to leverage significant federal, private, and local support for the project.

## Operating Budget Impact

Urban Redevelopment Authority funds support the salaries and administrative cost of this URA program. There is no operational cost to the City during development. The completed project is expected to have limited impact on the Operating Budget of the City of Pittsburgh.

## Unexpended/Unencumbered Prior Year Funds

### Project Description

This projects funds the work of the Urban Redevelopment Authority to conduct major economic development initiatives in various city neighborhoods.

### Project Justification

Catalytic economic development projects have the potential to greatly benefit City neighborhoods.

### Operating Budget Impact

There is no operational cost to the City as the project will be managed by the Urban Redevelopment Authority.

### Unexpended/Unencumbered Prior Year Funds

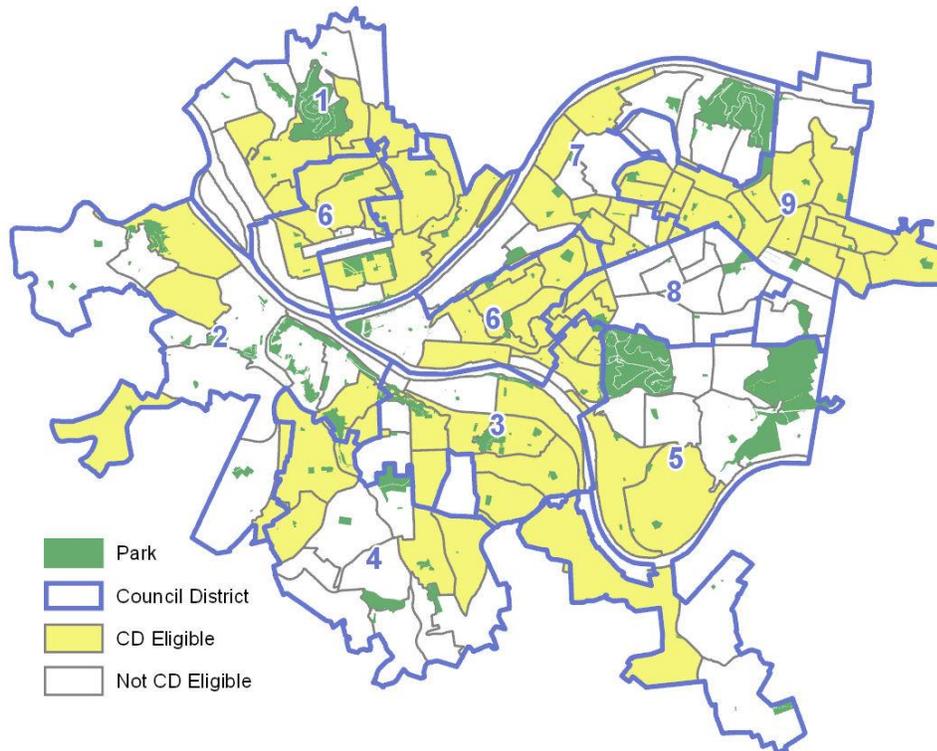

\$0

CDBG								\$0
BOND								\$0
PAYGO	\$50,000	\$50,000	\$50,000	\$50,000	\$50,000	\$50,000	\$50,000	\$300,000
OTHER								\$0
<b>TOTAL</b>	<b>\$50,000</b>	<b>\$300,000</b>						

## Project Description

This project is for the restoration of war memorials and public art throughout the City.

## Project Justification

Continuing to defer maintenance to war memorials and public art will make for larger projects in outlying years, so it is imperative to complete preventative maintenance and address vandalism issues as they arise.

## Operating Budget Impact

City Planning staff will work closely with consultants who will supplement and enhance the work of the Department.

## Unexpended/Unencumbered Prior Year Funds

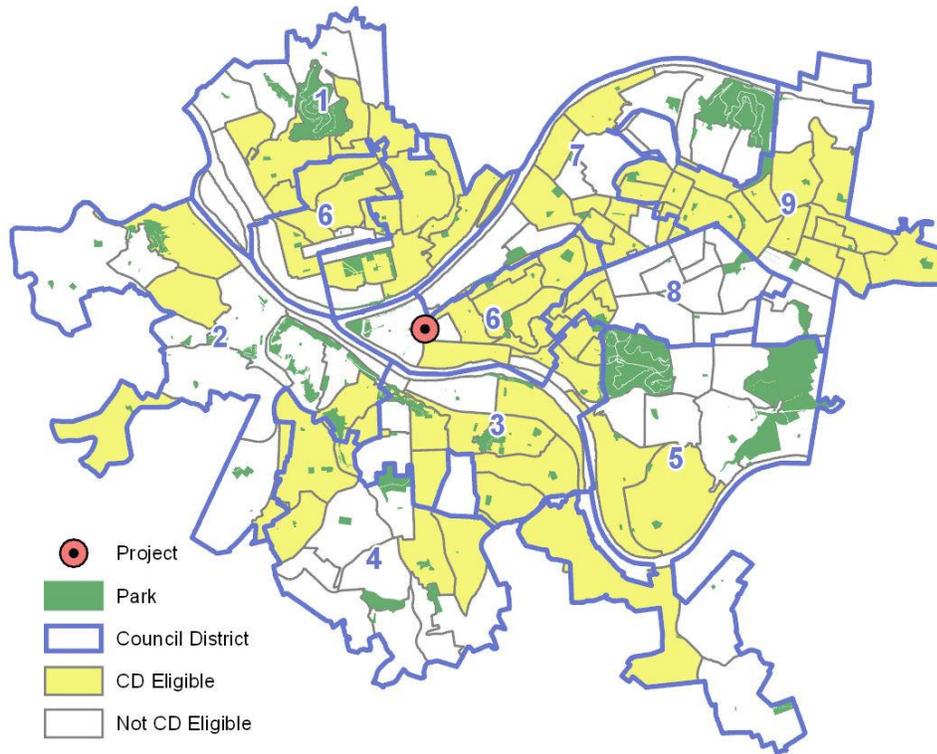

\$88,376

## 2019 Deliverables and Objectives

## Project Description

Between 2018 and 2020 the City will replace most of its existing security camera inventory and supporting infrastructure as well as fund a thirty percent expansion.

## Project Justification

Of the existing 226 cameras, there are presently 126 cameras and their supporting infrastructure that are out of production, no longer supported for service, and reaching end of life. Additionally, over the next few years it is estimated that an additional 54 cameras will reach end of life.

## Operating Budget Impact

\$765,772 between 2018 and 2020 for support and maintenance

## Unexpended/Unencumbered Prior Year Funds

## Project Description

This project - along with the Demolition Trust Fund - funds demolition of vacant, condemned, and abandoned structures. A continuously updated list of condemned properties, as well as lists of recently completed demolitions, can be found on the City's Department of Permits, Licenses, and Inspections website.

## Project Justification

The demolition of abandoned property enhances public safety and increases neighborhood property values.

## Operating Budget Impact

This project will have minimal impact on the Operating Budget. Department of Permits, Licenses, and Inspections staff time is needed to manage vendor contracts.

## Unexpended/Unencumbered Prior Year Funds

\$726,775

## Project Description

In conjunction with the Operating Budget and some trust funds, this project funds new vehicles and heavy equipment for the City of Pittsburgh to use for delivery of services.

## Project Justification

Vehicles and equipment are necessary for the operations and safety of city residents and employees.

## Operating Budget Impact

Some of the individual ELA purchases being made as part of the 2019 Capital Acquisition plan are housed in the Operating Budget, including \$1.6 million dollars for police vehicles in the Department of Public Safety, Bureau of Administration. Those purchases are reflected in the operating budget, and the draft plan below as "Operating," but are not included in the bottom line \$5 million dollar capital project budget. Office of Management and Budget staff time is needed to manage the fleet contract, which is partially paid for in the operating budget. Staff are needed to purchase and track vehicles and equipment. There are also capital equipment acquisitions paid from trust funds.

## Unexpended/Unencumbered Prior Year Funds

\$0

## Project Description

This line item provides administrative funding for the operations of the Community Development Block Grant program. This project enables the City to effectively produce and provide information to the government and the public regarding grant programs, which includes, providing advertisements on when to apply for funding, funding recipients, and the overseeing of the contract process.

## Project Justification

The Community Development Block Grant administration line item ensures efficient disbursement of CDBG funds by providing the capacity to manage, advertise, and facilitate work needed to oversee the City of Pittsburgh's federal grants.

## Operating Budget Impact

Community Development Block Grant Administration funds support the salaries and administrative costs of the CDBG program. There is no operational cost to the city.

## Unexpended/Unencumbered Prior Year Funds

### Project Description

This project funds community development corporations and neighborhood groups doing work in Community Development Block Grant-eligible areas.

### Project Justification

As community advocates, community-based organizations are uniquely qualified to respond to pressing issues in their neighborhoods.

### Operating Budget Impact

This project is managed by Community Development Block Grant-funded personnel, so there is no operational cost to the City.

### Unexpended/Unencumbered Prior Year Funds

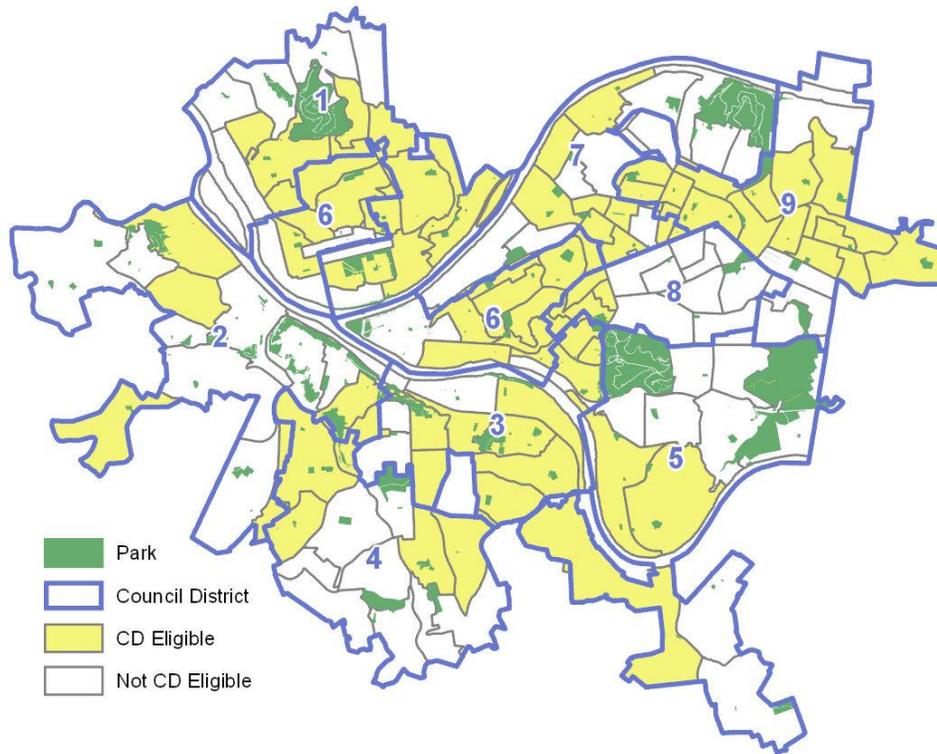

\$650,000

## Project Description

This project provides funding for the development of the City's comprehensive plan and implementation through neighborhood planning efforts and other studies. A comprehensive plan for the City of Pittsburgh leads to better decisions on land and financial resources.

## Project Justification

This project is necessary to be able to determine public priorities for future investment and policy development (Comprehensive Plan, Neighborhood Plans) and to implement the work of the adopted portions of the Comprehensive Plan.

## Operating Budget Impact

City Planning staff will work closely with consultants who will supplement and enhance the work of the Department.

## Unexpended/Unencumbered Prior Year Funds

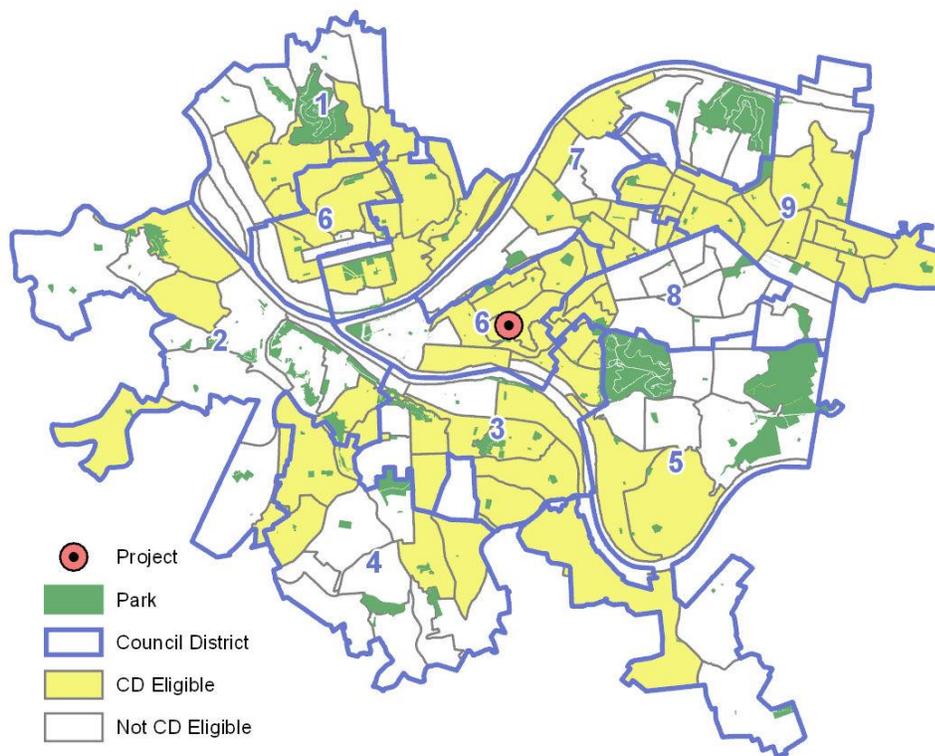

\$334,392

<b>TOTAL</b>	<b>\$1,148,214</b>	<b>\$6,889,284</b>						

## Project Description

Funds from the Emergency Solutions Grant provide support for homeless citizens in three ways. Funds help individuals by providing childcare, job training, and drug and alcohol abuse education. Funds also help organizations that serve the homeless by supporting operating expenses. The Emergency Solutions Grant also stabilizes affordable housing stock by providing funding for home renovation.

## Project Justification

The U.S. Department of Housing and Urban Development provides funding for essential services and mandates that the funding is used to target specific populations. ESG provides housing and support services for homeless persons and persons at risk of becoming homeless.

## Operating Budget Impact

This project is managed by Community Development Block Grant-funded personnel, so there is no operational cost to the City.

## Unexpended/Unencumbered Prior Year Funds

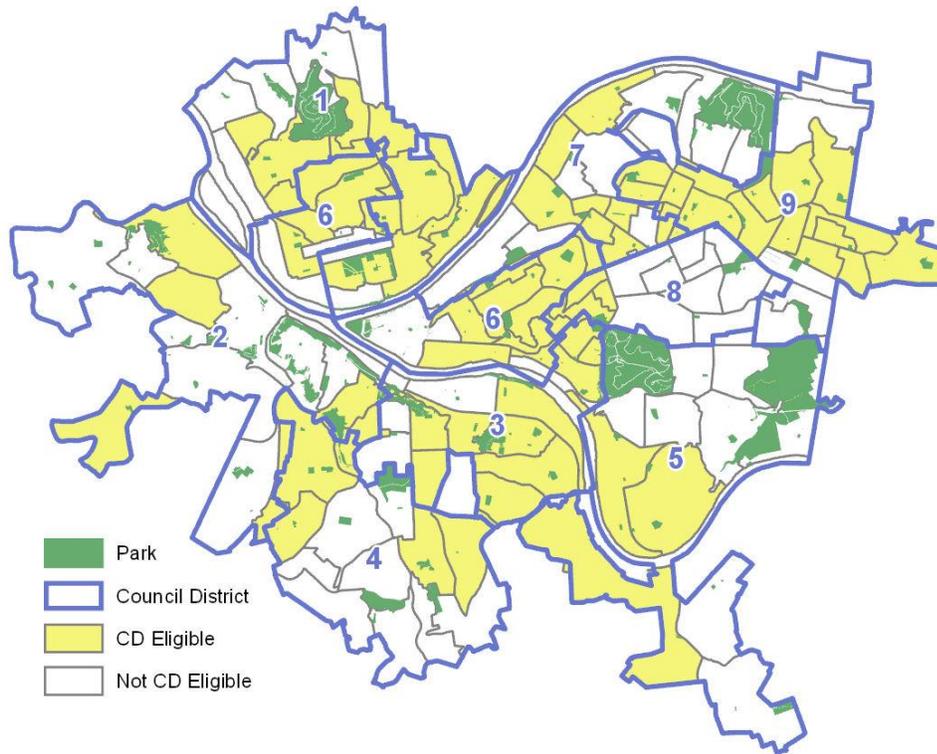

\$882,834

BOND								\$0
PAYGO								\$0
OTHER								\$0
<b>TOTAL</b>	<b>\$100,000</b>	<b>\$600,000</b>						

## Project Description

This project provides education, training, outreach, and analysis of City, URA, and City-funded subrecipients staff dealing with Housing programs. The training includes, but is not limited to, the Mayor's Office of Community Affairs employees, CDBG staff, City Planning Neighborhood Planners, URA Housing Department staff, landlord training, and neighborhood meetings.

## Project Justification

This project is necessary so that staff working on housing projects are fully aware of the rules and regulations governing fair housing.

## Operating Budget Impact

This project will have minimal impact on the Operating Budget. Commission on Human Relations staff time is needed to manage vendor contracts.

## Unexpended/Unencumbered Prior Year Funds

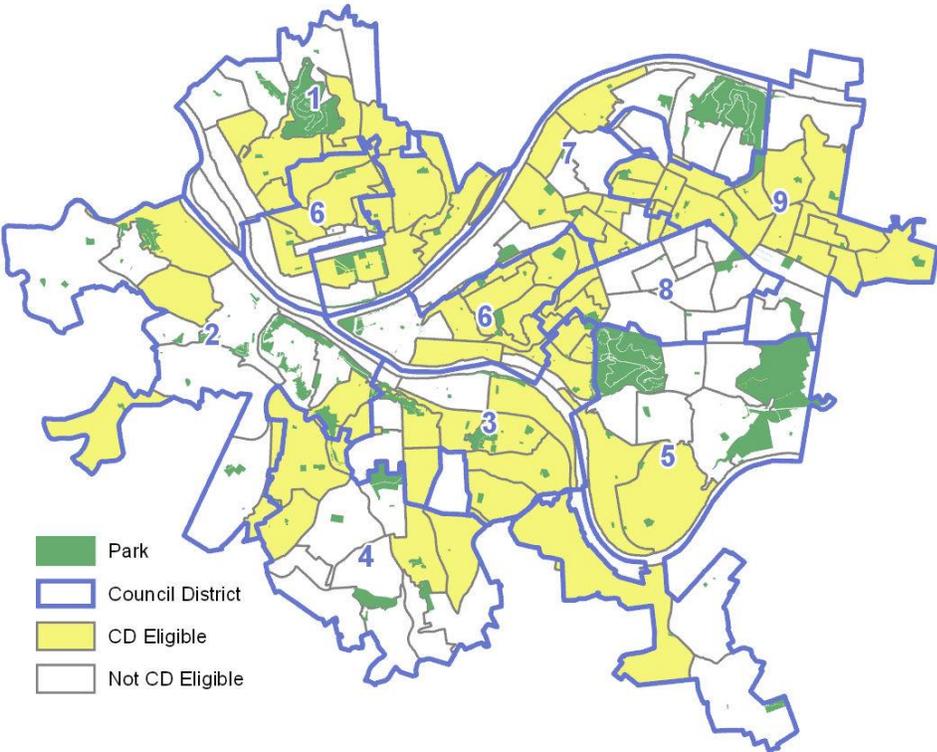

\$433,676

<b>TOTAL</b>	<b>\$948,891</b>	<b>\$5,693,346</b>						

## Project Description

This project funds housing-related services for those with HIV/AIDS in the City of Pittsburgh. Funding provides for tenant-based rental assistance, emergency short-term mortgage assistance, utility assistance, and information referrals.

## Project Justification

HOPWA funds serve a growing population of individuals with HIV/AIDS by providing housing opportunities and referral services. Without such funding, the HIV/AIDS population in the City of Pittsburgh would be adversely affected in a substantial way.

## Operating Budget Impact

This project is managed by Community Development Block Grant-funded personnel, so there is no operational cost to the City.

## Unexpended/Unencumbered Prior Year Funds

# Appendix B: CPFC Recommendations

Development of the 2019 Capital Budget involved six CPFC scorers who evaluated each individual proposal based on the criteria on the previous page. Each scorer has a mock 'budget' developed based on anticipated capital funding. The values in the "Count" column represent the total number of CPFC scorer 'budgets' each proposal appears in.

Proposal Name	Deliverable	Total City	Other	Count
Pedestrian Countdown Signal Upgrade/Restoration [District 8]	Countdown pedestrian signal upgrade	\$ 70,000.00	\$ -	6
Pedestrian Countdown Signal Upgrade/Restoration [District 8]	Countdown pedestrian signal upgrade	\$ 70,000.00	\$ -	6
Pedestrian Countdown Signal Upgrade/Restoration [District 8]	Countdown pedestrian signal upgrade	\$ 70,000.00	\$ -	6
Increasing Access for Pittsburghers.ADA [City Planning]	First Responders Guide for people with Disabilities	\$ -	\$ 10,000.00	6
Housing Opportunities for Persons with AIDS (HOPWA) [OMB]	The HOPWA funds administered by City Planning will serve 600-650 persons with AIDS. The funds provide 70 clients with long term rent, 200 clients with short term rent and 325+ clients will be provided crucial referral assistance.	\$ -	\$ 948,891.00	6
Streets Run Flood Control Project [District 5]	Streets Run flood control	\$ 3,000,000.00	\$ -	6
28th Street Bridge - TIP [DOMI]	Preliminary Engineering	\$ 37,500.00	\$ -	6
30th Street Bridge- TIP [DOMI]	Construction	\$ 100,000.00	\$ -	6
Audibles, Signals, and ITS [DOMI]	Forward Ave & Murray Ave - Pedestrian Upgrades	\$ 295,000.00	\$ -	6
Audibles, Signals, and ITS [DOMI]	Frankstown Ave & East Liberty Blvd - Intersection Improvements	\$ 305,000.00	\$ -	6
Audibles, Signals, and ITS [DOMI]	Local ARLE Implementation	\$ 100,000.00	\$ -	6
Charles Anderson Bridge - TIP [DOMI]	Final Design	\$ 5,000.00	\$ -	6
Larimer Bridge- TIP [DOMI]	Preliminary Engineering	\$ 50,000.00	\$ -	6

# Appendix D: Capital Budget public meeting summary

JULY 17, 2018

# POTHOLES & PIEROGIES: EXECUTIVE SUMMARY

2019 CAPITAL BUDGET DELIBERATIVE FORUMS

---

## THIS YEAR'S MEETINGS

*City Code requires the City to hold two public meetings “to obtain the advice of public officials and citizens in preparation of the project proposals and annual budget.” On June 13th in Lawrenceville and June 20th in Mt. Washington, the Mayor’s Office of Management and Budget and the Office of Community Affairs hosted two deliberative forums on the 2019 Capital Budget.*

128	Attendees
122	Completed Surveys
42	Neighborhoods represented
304	Project ideas generated
501	Pierogies served
21	City and URA expert panel participants
11	Children participated in on-site childcare during the meetings

---

## WHAT IS A DELIBERATIVE FORUM?

*Deliberative Community Forums are a proven strategy for engagement that creates a civil, non-confrontational environment for neighbors to learn from neighbors and for policy makers to learn from constituents. Pittsburgh is a varied place and we face unique challenges in each of our 90 neighborhoods. Feedback from prior meetings confirms one of the benefits of the deliberative forum strategy: it exposes participants to points of view from outside their own neighborhood.*

## ELEMENTS OF A DELIBERATIVE FORUM

- Organizers recruit a diverse group of participants
- Participants receive background materials offering basic information and a balanced overview of various perspectives on issues
- Participants engage in small-group discussions facilitated by trained moderators
- Participants’ questions are addressed by a resource panel of people with expertise on the issues
- Participants return to small groups to reflect on the information provided by resource panelists
- Participants complete an exit survey

The exit survey is a crucial part of the meetings. Attendees were asked to provide feedback on:

- The Mayor’s 2019 Capital Budget Priorities
- The types of projects they want to see in the Capital Budget
- The effectiveness of the meeting format

---

## THE MAYOR'S 2019 CAPITAL BUDGET PRIORITIES

*Each year, the Mayor provides a list of Capital Budget priorities to all departments. These priorities are an expression of the Mayor's values and are intended to guide departments in selecting and designing proposals for the next year's Capital Budget.*

**Critical Infrastructure:** Building a 21st century infrastructure system that is reliable, secure, efficient, and technologically enabled

**Mobility:** Connecting all communities to economic opportunity and green spaces with safe, reliable, and convenient multi-modal transportation

**Housing:** Providing safe, affordable, and sustainable housing in new development or redevelopment

**Children and Families:** Empowering all residents to contribute to thriving and supportive communities by ensuring that basic needs are met, diversity is celebrated, and all residents have equal access to resources and opportunity

**Workforce and Entrepreneurship:** Eliminating barriers to opportunity for education and employment for all Pittsburghers by investing in workforce development and entrepreneurship

**Critical Communities:** Improving the overall wellness of people in Pittsburgh by improving resource access for people who use drugs, experience homelessness, and experience food insecurity

**Green Infrastructure:** Ensuring that our parks and rivers are safe and clean for recreation and commerce 365 days a year

**Climate:** Eliminating waste, reducing building energy use and greenhouse gases by 50%, and achieving 100% renewable energy electricity

**Arts, Culture, and Open Space:** Ensuring that all residents have affordable access in their neighborhood to welcoming environmental and cultural experiences

By their nature, priorities are meant to be broad and inspirational, but not prescriptive. As in years past, meeting attendees expressed frustration with:

- The formation of the priorities in advance of the meeting
- A lack of specificity (some requested example projects for each priority)
- Confusion over the difference between a priority and a project
- The absence of a ranking or prioritization of the priorities themselves

In prior year surveys, respondents often used questions on priorities on the first page to discuss specific projects. For the 2019 Capital Budget Deliberative Forum survey, the Mayor's priorities were moved to the second page, and questions related to specific projects were moved to the first page. This shift helped survey respondents get their neighborhood-specific project requests recorded first, so they had time and space to reflect more broadly on the Mayor's city-wide 2019 priorities.

**SCORING PRIORITIES**

Meeting attendees were asked to check the box that best reflects their opinion on each of the priorities. The results are sorted from highest-scoring to lowest-scoring and tabulated in the table below.

Priority	Important		Somewhat Important		Not Important		Total	
	#	%	#	%	#	%	#	%
CRITICAL INFRASTRUCTURE	98	84%	18	15%	1	1%	117	100%
MOBILITY	92	79%	21	18%	3	3%	116	100%
HOUSING	88	75%	25	21%	5	4%	118	100%
CHILDREN AND FAMILIES	82	70%	31	26%	4	3%	117	100%
WORKFORCE AND ENTREPRENEURSHIP	76	66%	33	28%	7	6%	116	100%
CRITICAL COMMUNITIES	75	65%	36	31%	4	3%	115	100%
GREEN INFRASTRUCTURE	75	64%	40	34%	2	2%	117	100%
CLIMATE	71	60%	42	36%	5	4%	118	100%
ARTS, CULTURE, AND OPEN SPACE	50	43%	57	49%	10	9%	117	100%

**ADDITIONAL PRIORITIES**

Meeting attendees were asked to provide their own priorities not included on the Mayor’s list. Two topics stood out in the survey responses. They are reflected below with specific responses as examples.

**Transparency\*** - "OPEN + DIRECT COMMUNICATION AND DE-BRIEFING WITH THE COMMUNITY ABOUT PROJECTS," "MAKE ALL THIS MORE OPEN," "MAKING PLANNING PROCESS MORE TRANSPARENT," "TRANSPARENCY," "TRANSPARENCY IN URA & OTHER PLANNING," "CITY TRANSPARENCY," "COMMUNITY ACCOUNTABILITY," "IMPROVE ON OPPORTUNITIES FOR COMMUNITY MEMBERS TO BE TRAINED TO USE SERVICES SUCH AS 311 AND BUILDINGEYE," "MAKE ALL THIS MORE OPEN," "MORE TRANSPARENCY IN THE BUDGET PROCESS"

**Accessibility** – "ACCESSIBILITY – WHEELCHAIR, WALKERS, CANES, BLIND, RESTROOMS, ENTERTAINMENT, SHOPPING," "ACCESSIBILITY," "ADA REVIEW OF STANDARDS," "ACCESSIBILITY, QUALITY OF LIFE – NOT JUST FOR HIGHER INCOME PEOPLE," "MORE ATTENTION TO ADA SO THAT PEOPLE WITH DISABILITIES MAY SAFELY HAVE MOBILITY TO BE VITAL PARTICIPANTS IN THE COMMUNITY"

\*It is important to note that during the expert panel question and answer session at the Lawrenceville meeting, the City’s bid for Amazon HQ2 came up multiple times. The numerous survey responses requesting more transparency are likely related to anxiety over the Amazon HQ2 bid.

## CAPITAL PROJECTS

*In addition to a broad policy discussion on the Mayor’s priorities, attendees were also asked to discuss the projects they want to see in the 2019 Capital Budget in the form of two survey questions.*

*In the first question, Meeting attendees were asked to identify the specific projects that need to be completed in their neighborhood in 2019. Attendees suggested 304 specific projects.*

The most commonly requested projects are reflected below. Each one has the number of requests for that type of project and some specific responses as examples.

**COMPLETE STREETS (53)** – “Make Bloomfield Bridge intersection safer!!” “Consistent, visible crosswalk and bike lane marking,” “Establish bike lanes on Chateau & Beaver,” “Create a separated space for bikes on the busway,” “Permanent bike lanes on Penn Avenue,” “Baum Grove intersection needs crosswalks and traffic calming,” “Require major construction projects to provide pedestrian routes”

Figure A in the appendix is a map with locations for specific project requests

**STREET RESURFACING (47)** – “Margaret Morrison street repair,” “Repair Belgian block near bus stop at 415 Arlington,” “Concrete slabs need replaced in stretches of Broadway Avenue,” “Resurface Belleau St from Mercy St up to Meadville St”

**RAMP AND PUBLIC SIDEWALK (30)** – “Widen sidewalks, add street tree,” “New sidewalks,” “Sidewalk maintenance”

**PARK RECONSTRUCTION (28)** – “Prioritize Green Spaces!” “Fix Lake Elizabeth so it can be full of water & clean year round,” “Fulfillment of master plans for parks,” “Sprucing up Moore Park,” “Fineview Park needs to be improved, Resurfaced, Repaired”

**ECONOMIC DEVELOPMENT AND HOUSING (16)** – “More support for small businesses,” “Housing that is safe, accessible & mixed income with special priority to families on fixed income,” “Develop Empty lots in this part of town,” “Work to increase affordable housing and rehab older properties”

**FACILITY IMPROVEMENTS - SPORT FACILITIES (16)** – “Re-grading + adding dirt,” “Fix up playground and field used by PSL Sports League,” “Lights need fixed”

*For the second question, meeting attendees were asked to identify the types of projects city-wide that need the most attention in the coming year. Where applicable, responses were matched with an existing Capital Budget project. The most common responses are below.*

# Requests	Capital Budget Project
48	STREET RESURFACING
18	COMPLETE STREETS
18	ECONOMIC DEVELOPMENT AND HOUSING
14	PARK RECONSTRUCTION
13	RAMP AND PUBLIC SIDEWALK
8	PLAY AREA IMPROVEMENTS
7	FLOOD CONTROL
7	RECREATION AND SENIOR CENTERS
7	FACILITY IMPROVEMENTS – SPORT FACILITIES

Figure B in the appendix is chart showing the distribution of functional areas for city-wide project requests

## MEETING EFFECTIVENESS

*In the interest of process improvement, attendees were asked to provide their appraisal of the success of the Capital Budget Deliberative Forums. Attendees were asked six questions similar to those below.*

Figure D in the appendix compares data from similar questions asked during the 2018 Capital Budget Deliberative Forums to responses from the 2019 forums

**Learned About Issues** – How well did the forum give you an understanding of the important issues involved in the City Capital Budget?

**New Points of View** – Did the forum cause you to consider points of view that you had not previously considered?

**Feeling Heard** – As a forum participant, do you feel as though your voice has been heard by the City?

**Shared Stories** – Did the structure of the forum allow you to share stories and experiences with residents from other parts of the City?

**Engagement** – How much did the forum make you more likely to become engaged in making your neighborhood stronger?

2019	Very		Somewhat		A Little		Not at All		Total	
	#	%	#	%	#	%	#	%	#	%
Learned About Issues	53	46%	49	43%	12	11%	0	0%	114	100%
New Points of View	34	30%	53	46%	15	13%	13	11%	115	100%
Feeling Heard	26	22%	50	43%	31	27%	9	8%	116	100%
Shared Stories	66	57%	40	35%	9	8%	0	0%	115	100%
Engagement	50	44%	52	46%	10	9%	2	2%	114	100%

**Participation** – Given what you know now, would you still have participated in this Deliberative Community Forum?

2019	Definitely Yes		Probably Yes		Probably Not		Definitely No		Total	
	#	%	#	%	#	%	#	%	#	%
PARTICIPATION	64	55%	48	41%	4	3%	0	0%	116	100%

## APPENDIX

Figure A: Neighborhood capital project idea locations

Survey respondents were asked to “provide specific capital project (or projects) that you feel needs to be completed in your neighborhood in 2019.” All responses with locations are mapped below. Those responses with an entire park, business district, or neighborhood listed as the location were also given a specific set of coordinates for representation.

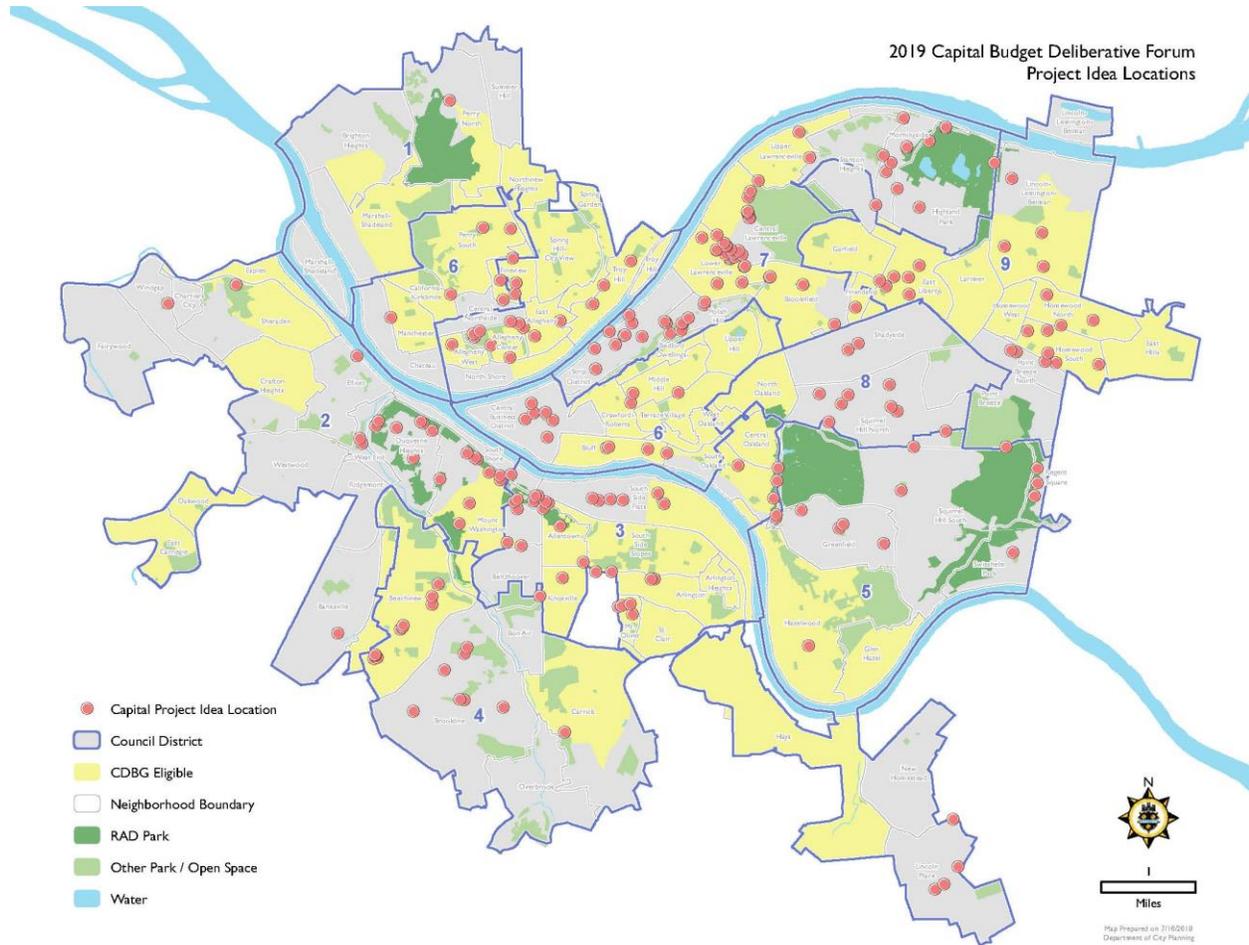

Figure B: City-wide capital project requests

Survey respondents were asked: “Across the whole City, what type of projects (play areas, recreation and senior centers, street resurfacing, etc.) do you think need the most attention in the coming year?” Where possible, responses were matched with existing Capital Budget projects. Each Capital Budget project fits into a larger functional area. The distribution of requests by functional area is shown below.

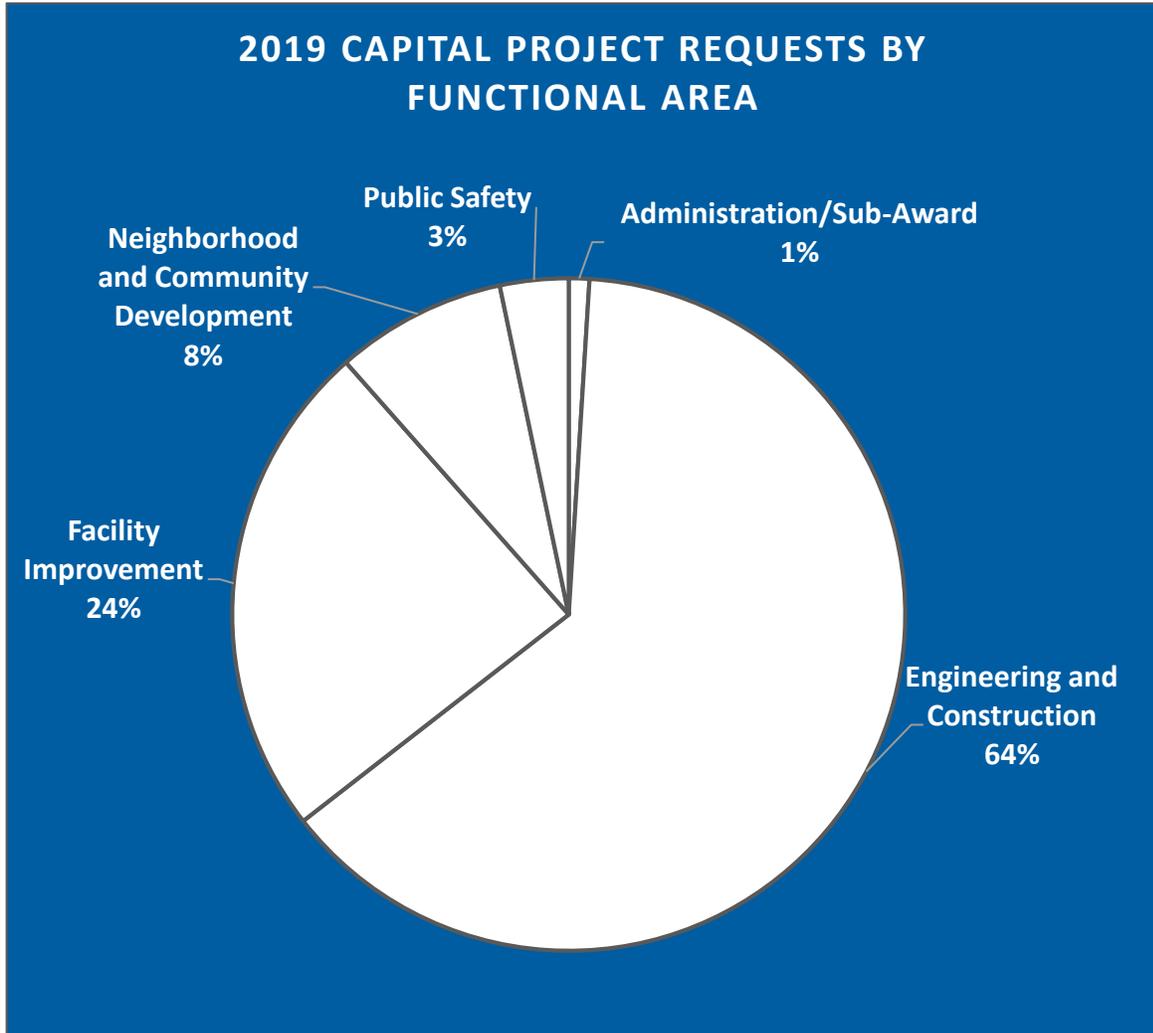

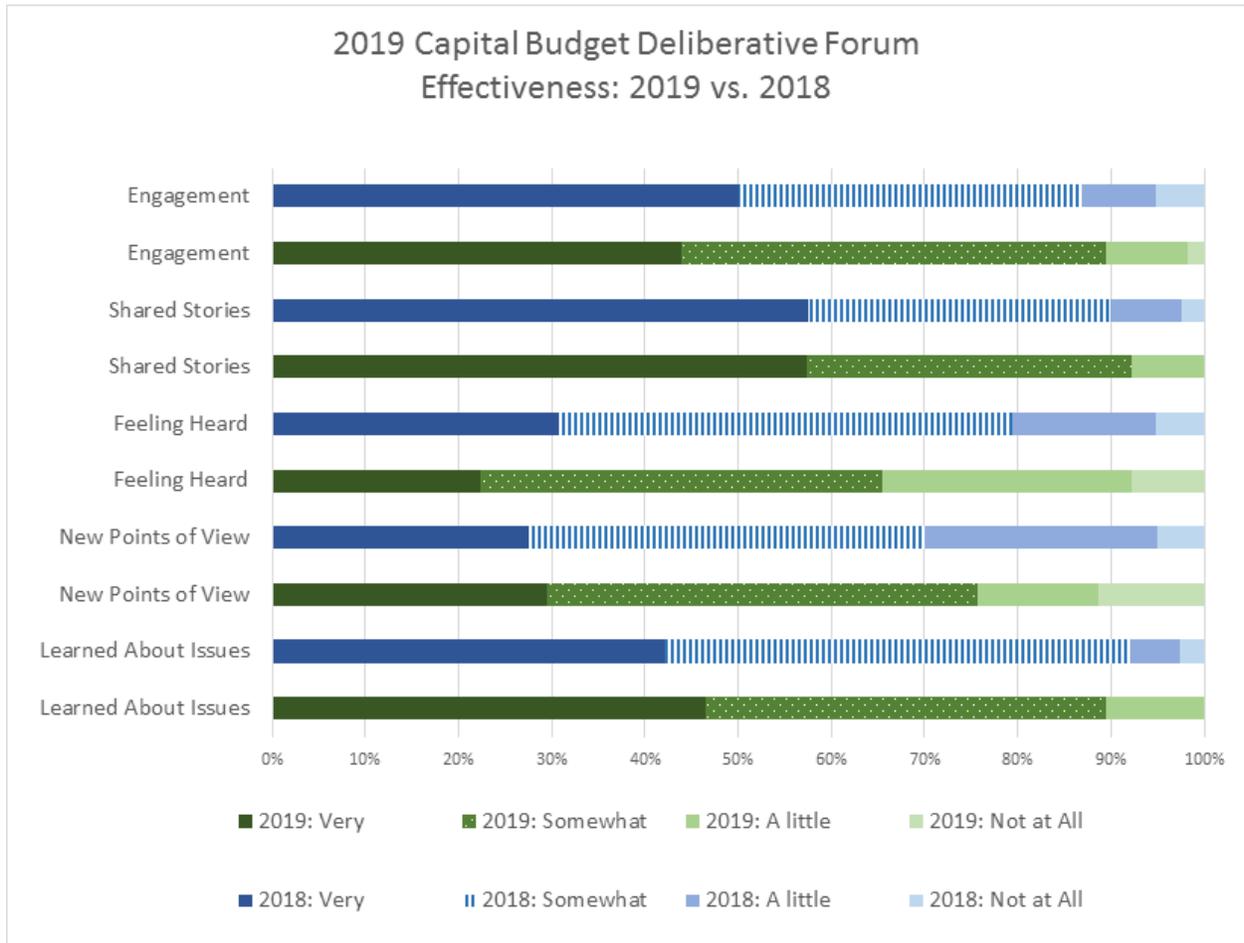

Figure D: Meeting Effectiveness

Survey respondents were asked five questions (reflected on page 5 of this document) to rate their experience at the meetings. The City reviews this data to look for opportunities to improve the process in the following year. Below is a chart comparing the share of responses for every question at of the 2019 meetings to those of the 2018 meetings.

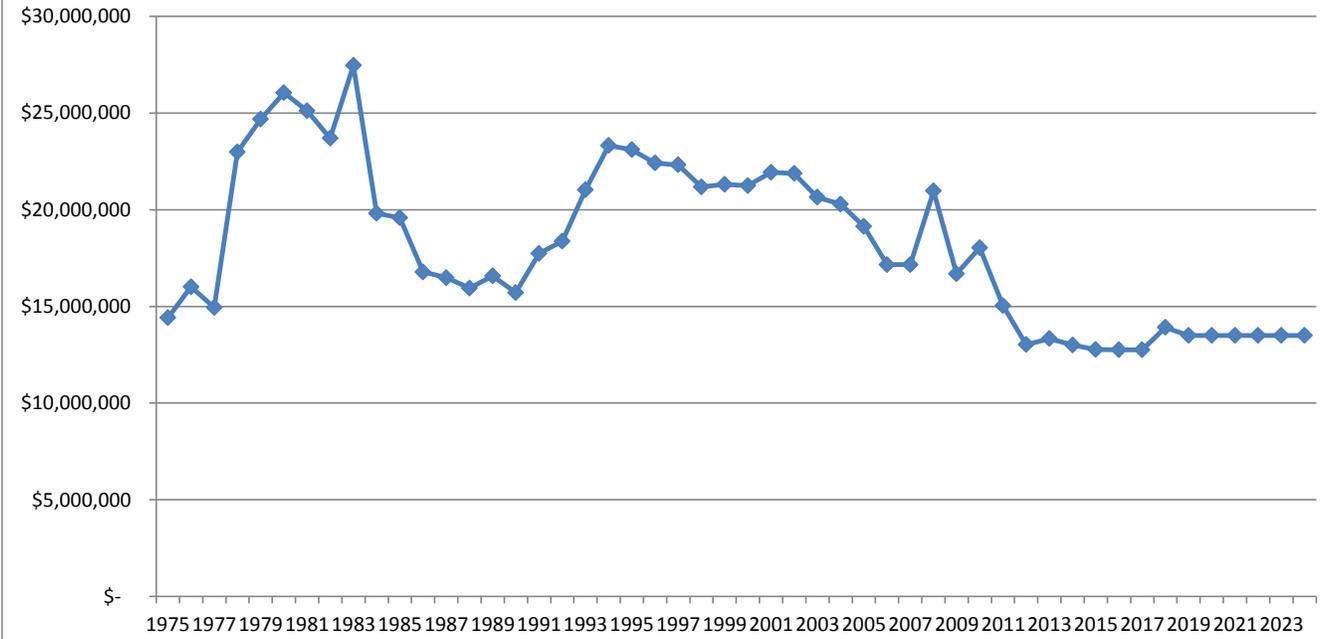

# Appendix E: Capital Budget History

<u>Year</u>	<u>City Bond/PayGo</u>	<u>CDBG</u>	<u>Total *</u>
2024	\$ 69,000,000	\$ 13,500,000	\$ 82,500,000
2023	\$ 68,000,000	\$ 13,500,000	\$ 81,500,000
2022	\$ 69,000,000	\$ 13,500,000	\$ 82,500,000
2021	\$ 69,000,000	\$ 13,500,000	\$ 82,500,000
2020	\$ 70,000,000	\$ 13,500,000	\$ 83,500,000
2019	\$ 89,000,000	\$ 13,500,000	\$ 102,500,000
2018	\$ 56,000,000	\$ 12,000,000	\$ 68,000,000
2017	\$ 42,000,000	\$ 12,754,743	\$ 54,754,743
