**INTRODUCTORY SECTION** 

LETTER OF TRANSMITTAL

### CITY OF PITTSBURGH OFFICE OF THE CITY CONTROLLER Controller Rachael Heisler

Friday, April 25, 2025

To the Honorable Mayor, Members of City Council, and the Citizens of the City of Pittsburgh, Pennsylvania:

I am pleased to present the *Annual Comprehensive Financial Report* (ACFR) of the City of Pittsburgh (City) for the year ended December 31, 2024. The City's charter mandates that only a general-purpose financial statement be issued by May 1. This does not include component units; statements mandated under Governmental Account Standards Board (GASB), Statement 34; footnotes; and the statistical section. This year, we are issuing a full ACFR on April 25, 2025, which meets the Government Finance Officers Association (GFOA) standards and allows the City to get an unmodified opinion from the City's independent auditors.

We believe that the enclosed data is accurate in all material respects and fairly presents both the financial position and operational results of the City's various funds. This statement will enable the reader to gain an understanding of the City's financial activities. Responsibility for both the accuracy of data and the completeness and fairness of the presentation rests with the management of the City. This report contains all the funds of the City.

Maher Duessel Certified Public Accountants have issued an unmodified (i.e., "clean") opinion on the City's financial statements for the year ended December 31, 2024. This independent auditor's report is located in front of the Management's Discussion and Analysis (MD&A).

The MD&A immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

#### **Profile Of The Government**

The City, incorporated in 1816, is located in the southwestern part of the Commonwealth of Pennsylvania (Pennsylvania) occupying 55.37 square miles with a population of 302,971 according to the 2020 Census. Although ranked as the 68th most populous City in the country, the City is still considered more densely populated than five of the top ten populous cities due to its population density of 5,469 people per square mile. This is primarily because the City limits have remained virtually unchanged for nearly a century.

The City government is comprised of a strong elected mayor, a nine-member Council elected by district, and an elected Controller. The Mayor is the chief executive of the City who appoints the heads of

various departments, and the Council has the legislative authority. The Mayor is elected to a four-year term and the Council members are elected to staggered four-year terms in which the even-numbered districts are elected in one year and the odd-numbered districts are elected two years later. The Controller audits City government-related expenditures and conducts audits of all City departments and authorities. Like the Mayor, the Controller is elected to a four-year term.

The City is empowered to levy a variety of taxes, including property taxes, on real estate, earned income taxes on residents that live within the boundaries of the City, and other usage taxes charged when using certain facilities within the City. In addition, the City levies taxes on employees that work within the City and on businesses that operate within the City. Please see the revenue section in this letter for a more detailed explanation of the taxes collected.

The City provides a full range of services, including police, fire, and emergency medical services; construction and maintenance of City property and infrastructure; sanitation services; and recreation and cultural activities. The Pittsburgh Water and Sewer Authority (Pittsburgh Water), Urban Redevelopment Authority (URA), Stadium Authority, and Pittsburgh Parking Authority are component units of the City and are shown as such in the financial statements and the footnotes to the ACFR.

The Council is required to adopt a final operating and capital budget for the next year by the last day of the fiscal year, which is December 31. The annual budget is the basis of the City's financial planning and control. The operating budget is prepared on a departmental basis. The department heads may spend within a budget classification (e.g., salaries, supplies, rentals, miscellaneous) as they see fit. However, any transfers between classifications or departments have to be approved by Council. The Mayor's Office also prepares a five-year plan annually.

#### **Financial Information**

The Financial Information is broken down into two categories: Internal Control and Budget Control, which are explained in further detail below.

*Internal Control*: Management of the City is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the City are protected from loss, theft, or misuse and to ensure that adequate accounting information is compiled to prepare financial statements in accordance with accounting principles generally accepted in the United States of America (U.S.). The internal control structure is designed to provide reasonable but not absolute assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived and (2) the evaluation of costs and benefits requires estimates and judgments by management.

*Budget Control*: Budget control is maintained at the line-item level on a departmental basis. Activities of the General Fund, the Special Revenue Fund (Community Development Fund only), and the Capital Projects Fund are controlled by an annual legally appropriated budget. Capital Projects are also controlled on a multiyear basis.

#### **ECONOMIC CONDITION**

Located at the confluence of the Ohio, Monongahela, and Allegheny Rivers, the City serves as the seat for Allegheny County and is the largest of the County's 130 municipalities. Downtown Pittsburgh is commonly known as the Golden Triangle and serves as the regional center for Southwestern Pennsylvania, Eastern Ohio, and Northern West Virginia.

#### **Pittsburgh Demographics**

The Pittsburgh metropolitan region increased its population by 1,676 residents between 2023 and 2024, according to the Census Bureau Population Estimates Program. Allegheny County added 1,676 residents. This was the first population increase since the onset of the pandemic in 2020, but the region ranked last in population growth among the 40 largest US metro areas. Overall, the Pittsburgh region grew by 448 residents, or about 0.02%, compared to national population growth of 1% over the same period.

This growth relied entirely on a boost in international migration that outpaced losses in domestic migration and the natural population decline of existing residents. The Pittsburgh metro area attracted about 0.42% of its current population from outside counties in Pennsylvania, but Allegheny County in particular has fallen behind in domestic migration, losing 5,200 more residents than it gained. Fortunately, the addition of about 10,000 international migrants into the region more than offset those losses and resulted in a net increase of 1,676 residents in the County. Natural population decline (when the number of deaths outpace births) among existing residents in the Pittsburgh metro region accounted for a loss of around 7,600 people, in addition to a net loss of 2,000 domestic migrants.

These trends illustrate the key role international migration will play determining future demographic trends both in Pittsburgh and the larger region. Without the sudden increase in international migration, Pittsburgh and surrounding areas would have continued along prior downward trends. Maintaining a welcoming environment for immigrants and retaining younger workers will both be vital for avoiding a return to population attrition.

#### **Real Estate Revenues**

In 2024, Pittsburgh continued to feel the aftereffects of the COVID-19 pandemic, while City finances remained buoyed by the American Rescue Plan Act of 2021 (ARPA). The City's real estate market, however, continued to face challenges. In 2023, the estimated real estate tax revenue for 2024 was \$160,719,490. The 2024 operating budget responded to shrinking revenues and projected a 2024 real estate tax revenue of \$151,837,378. However, final real estate tax revenues came in at just \$145,167,676. This reflects a negative variance of approximately \$7 million from 2023's real estate tax revenue.

Backlogged property assessment appeals at the Allegheny County Board of Property Assessment Appeals and Review (BPAAR) created multiple years of City-owed refunds in conjunction with

declining revenues. In 2024, there were BPAAR hearings for tax years 2022, 2023, and 2024. Both prior-year refunds and declining revenues are reflected in the real estate tax revenue line.

Steep decreases in real estate tax revenue are primarily attributable to reduced downtown property assessments. These properties have decreased in assessed value as offices grow vacant due to increased telework opportunities. Additionally, the Common Level Ratio (CLR) has dropped from 81.1% in 2022 to just 52.7% in 2024, further reducing real estate tax revenue. The CLR dictates at what percentage of the fair market value a property will be assessed. In 2024, the City saw a continuation of lowered assessed values for major properties downtown, including a staggering drop from \$79 million to \$31.1 million for EQT Plaza.

Deed transfer tax revenue has similarly trended downward. Pittsburgh's deed transfer tax is the highest in the country, with a rate of 5% for the transfer of residential property in the City. This is divided as 4% toward the City and 1% toward the State of Pennsylvania. 2024 saw a deed transfer tax of \$48,934,521, significantly below the 2024 budgeted amount of \$59,133,757. Rising interest rates, coupled with increasing home prices and limited inventory, continue to stagnate property sales in Pittsburgh. Cash buyers have also increased, with Axios reporting 30.5% of home purchases in the Pittsburgh metro area as cash buys. Some of the increase in cash buying may be attributable to the increased presence of corporate investors in the housing market.

#### **Downtown Pittsburgh**

Downtown Pittsburgh continued to face concerns in 2024 as it adjusted to a changing economy in the aftermath of the pandemic. The increase in remote work has left many downtown offices empty, with Newmark reporting a vacancy rate of 24.4% for Class A properties in the fourth quarter of 2024. Newmark also reported a rise in Class A rent prices by the end of 2024, approaching \$30 per square foot.

Significant investments in Downtown's revitalization began in 2024. A new Local Economic Revitalization Tax Assistance program (LERTA) was passed in March. The LERTA will provide incentives for developers to invest downtown, with substantial tax benefits for conversions of office space to residential property. The LERTA provides the greatest benefits for residential properties housing low-income individuals, with abatements of up to 100% of increased assessed value.

In October 2024, Governor Shapiro announced a \$600 million plan to revitalize Downtown Pittsburgh, with investments from the State, City, County, philanthropy, and the private sector. The Pennsylvania Department of Community & Economic Development estimates that these investments will create 3,500 construction jobs in Pittsburgh. Revitalization projects include the conversion of the Gulf Tower, Smithfield Lofts, the Porter, and First and Market into residential apartment buildings.

#### **Tax Abatement Programs**

In addition to the proposed Downtown LERTA, the City of Pittsburgh offers tax abatement programs in predetermined financially distressed areas. A LERTA was created for the Lower Hill neighborhood in

2015 to provide a ten-year tax abatement on construction projects. The LERTA permits each taxing body to divert up to \$250,000 per parcel of tax increment. This diversion is split between Pittsburgh Arena Real Estate Redevelopment, LP and the Greater Hill District Neighborhood Reinvestment Fund.

Act 42 abatements forgo increases in property assessments where property improvements contribute to economic and community development. In 2024, 79 properties received Act 42 abatements, per the Department of Finance.

#### Agreements With Our Large Non-Profit Partners

Like most urban centers, the City of Pittsburgh is still adjusting to pandemic-era disruptions that have reduced anticipated revenue collections in the coming years. Though downtown parking and visitor rates have gradually returned to pre-pandemic levels, the new normal likely includes continued planning and accommodations for remote work, and under heightened budgetary uncertainty, local leaders continue to seek new revenue streams that can offset losses and avoid difficult cuts to resident services. Tax-exempt properties, particularly those owned by our large regional nonprofit partners, remains a promising yet elusive source of "lost" revenue that could solve the City's current fiscal imbalance.

A 2022 joint report from the City of Pittsburgh Controller and Allegheny County Controller found that the five largest nonprofits owned \$4.3 billion in tax-exempt property in the City alone, reducing their cumulative tax bill by nearly 93%. If not exempt, these institutions would owe \$34.5 million in real estate taxes annually.

The report recommended that City leaders reprioritize "payment-in-lieu of taxes" (PILOT) agreements with these institutions as compensation for the basic public services used by all residents or organizations. This could contribute to long-term, stable sources of revenue to help the City offset recent declines from other sources. Though several mayoral administrations have pursued revenue-focused discussions with our large non-profit partners, a multi-party PILOT agreement has still not been reached as of early 2025.

#### **Condition of the City's Vehicle Fleet**

The state of the city's existing vehicle fleet is emerging as a top concern and potential fiscal liability for local leaders. Pittsburgh's Department of Public Works has recently warned that the number of vehicles available for snow removal has dwindled due to the increasing number of repairs needed, leaving over a third of the fleet unavailable as of February 2025. According to Public Works officials, the average age of a vehicle in the fleet is 11 years, with a significant number of large specialty vehicles much older.

This backlog of unmet capital needs is attributable to capital budget allocations insufficient to replace aging vehicles on a regular basis. While the City budgeted \$9.5 million for vehicles and equipment in 2024, that total is expected to fall below \$3 million by 2027, far less than the \$20 million per year that City Council's budget director estimates is needed to fully maintain the fleet. Given Pittsburgh's challenging topography, vehicle deterioration is a particularly prominent issue that must be accounted for with adequate public investments.

#### The American Rescue Plan Act

In 2024, the City's efforts continued to deploy its \$335 million allocation of American Rescue Plan Act (ARPA) funds across various sectors hardest hit by the pandemic. Many initiatives emphasized equitable recovery, targeting historically disadvantaged communities and businesses. In turn, the Controller's Office has continued to review and assess the financial accuracy and effectiveness of the funds used in connection with ARPA.

With the help of ARPA funds, the City collected more than \$700 million into the General Fund in 2024. Parking Tax revenue continues to recover from the pandemic. In 2024, \$57 million was collected showing notable improvement over the lows of \$28 million in both 2020 and 2021. The Amusement Tax also continues to rebound, exceeding budget projections and bringing in \$20.8 million.

Numerous contracts and agreements were authorized and payments made throughout 2024 for various ARPA-funded initiatives. These projects spanned areas like infrastructure, housing, arts, and for key sectors impacted by the pandemic. Programs aimed at supporting small businesses, particularly those historically disadvantaged, continued to be rolled out.

- The City continued to partner with organizations like URA and Pittsburgh Water to administer and implement ARPA-funded projects. ARPA funds continued to support the City's efforts to address lead hazards in paint and water, including funding for Pittsburgh Water's lead service line replacement program.
- The URA continued its "Avenues of Hope" program, allocating \$7 million of ARPA funds to revitalize commercial corridors in historically Black neighborhoods. Grants supported façade improvements, small businesses, and MWBE-owned enterprises, with strict eligibility tied to COVID-19 recovery.
- There was a focus on the recovery of Downtown Pittsburgh, including a pilot program on supporting downtown commercial-to-residential real estate conversion.
- The City allocated \$8 million in HOME-ARP funds to assist unhoused individuals and families facing housing insecurity. Applications for this funding were accepted in the first half of 2024.
- The arts sector, significantly impacted by the pandemic, received dedicated ARPA funding for grants to individual artists and arts organizations for programming.
- ARPA funds were allocated to organizations like New Sun Rising and Grow Pittsburgh to support food justice programs and grants to advance access initiatives to food security and equity.

As the 2024 deadline for committing ARPA funds approached, there was a final push, authorized by City Council, to allocate remaining funds to impactful projects. There were specific transfers of funds within the ARPA Fund occurring right up to and on December 31, 2024, which represents final encumbrances meeting the deadline. The focus is now shifting towards the deadline to expend ARPA funds by December 31, 2026, necessitating efficient project implementation.

While the City's Office of Management and Budget maintains responsibility for federal compliance with the U.S. Department of Treasury, the City Controller's Office has and will continue to audit each year of

the ARPA Fund activity until its depletion, along with specific projects using money from this account. Additionally, the City Controller's Office continues to actively track ARPA Fund contracts and spending through its online portal, emphasizing transparency in the use of these funds. This monitoring page provides detailed information on fund transfers and payments.

Budget discussions moving forward began regarding the "ARPA cliff" – the challenge of sustaining programs and services initiated with ARPA funding once it expires.

#### LABOR AND EMPLOYMENT

#### Pittsburgh's Labor Market

The labor market remained strong in the Pittsburgh area at the end of 2024. The Pennsylvania Department of Labor and Industry reported an unemployment rate of 3.6% for the region and 3.7% for Allegheny County, both of which were lower than the national unemployment rate of 4.1%.

The City of Pittsburgh continues to be a diverse employment hub for the broader metropolitan area. While only representing 13% of the region's population, the vast majority of new jobs created in Southwestern Pennsylvania since 2010 were located within Pittsburgh. At the end of 2024, the City's 2.7% unemployment rate was lower than that of Allegheny County and all surrounding counties.

In January 2025, WalletHub ranked Pittsburgh second in its "Best Cities for Jobs" out of 182 cities examined. The ranking's 30 criteria included job opportunities, employment growth, median income, housing affordability, and various other economic indicators. WalletHub noted that Pittsburgh jobs tend to offer good benefits with high workplace satisfaction. Some of this is accountable not only to its well-established medical and educational industries, but also a thriving tech sector that now accounts for 23% of the southwestern Pennsylvania workforce.

Despite demographic challenges and the ongoing impacts of remote work on Downtown real estate, Pittsburgh's diverse and dynamic labor market will likely remain its strength through future economic uncertainty.

#### Pittsburgh's Technology Sector

For the fourth consecutive year, and despite macroeconomic challenges, the City achieved a 10-figure funding total in tech investments. The result was a total investment of \$1.89 billion of funding in 2024, with a high volume of corporate and venture capital deals in both early and later stages. Although this total funding amount is down from 2023's record-breaking level, the total funding level in 2024 was the fourth highest on record for the Pittsburgh region.

On a national level, total deal volume for 2024 increased from \$162.2 billion in 2023 to \$209 billion in 2024, with a deal count of 15,260, up from 12,749 in 2023. The Pittsburgh region followed that trend, with 205 deals in 2024, up from 166 in 2023. The number of unique companies funded in Pittsburgh also increased 33.8% from 2023's levels, with 182 in 2024 vs. 136 in 2023. Fueling this increase were new entrants to the market, as seen by the increase in seed and accelerator deals for the region, in

addition to the return of growing companies to the market, which had stepped back from fundraising efforts in recent years amid less favorable markets.

A majority of investments in the region's tech economy for 2024 stemmed from life sciences and healthcare, whose sectors include HealthTech, MedTech, medical devices and such, comprised 49.3% of total investments. More specific splits amongst the sector's total deal counts included 36.8% pertaining to life sciences, 33.5% pertaining to software, and 25.8% pertaining to the hardware sector. The shift toward deals in life sciences and healthcare in 2024 is attributed to Pittsburgh's AI boom, in addition to the resulting innovation unlocked in the region's life science's research base. Five of the top 10 deals in 2024 were for companies focused in AI, including Aurora, Green Cabbage, Abridge, and SkildAI.

Pittsburgh continues to very successfully compete with high-population centers, particularly with its strength in AI, autonomous vehicles, and machine learning. In 2024, the Pittsburgh region ranked 24<sup>th</sup> in population yet is ranked 16<sup>th</sup> in dollars invested and 25<sup>th</sup> in total number of deals per million residents. Focusing on the AI and autonomous vehicles industries specifically, Pittsburgh ranked 8<sup>th</sup> in total dollars invested and 16<sup>th</sup> in the number of deals conducted.

Technology clusters attract world-class investors, with Pittsburgh companies having drawn the attention of leading venture capital firms, including SoftBank, New Enterprise Associates, Sequoia, and Tiger Global. The Pittsburgh region is consistently attracting investors from around the world. with 33 new investors making their first investment here in 2024. Leading venture capital firms investing included SoftBank, New Enterprise Associates, Sequoia, and Tiger Global. New investors into the local tech market in 2024 included Frist Cressey in Blackbird Health, Redpoint 's investment in Abridge, and Andreessen Horowitz's investment in Swan Technologies. Over 300 unique venture capital firms, angel groups and strategic investors have invested in Pittsburgh companies in the past five years.

Venture Capital investments increased significantly from 2023 levels, with \$999 million in 2024 vs \$644 million in 2023. This marked the highest level for venture capital (VC) yet for the Pittsburgh region. Average disclosed VC deal size for the region increased to \$16.9 million, driven by large VC deals in AI and healthcare, including a \$300 million Series A round for SkildAI. This was in addition to a combined total of \$400 million across two raises for Abridge. Other top deals included Noveome Biotherapeutics, PeopleOne Health, and Aurora.

There were 21 exits in 2024, reflecting nearly double the number of exits in 2023. The total dollar value of \$440 million was lower than in 2023 due to only two exits disclosing their deal value in 2024. Representative deals included: Bloomfield Robotics, Inc, acquired by Kubota; and 4moms, acquired by UPPAbaby. Andreessen Horowitz, the renowned and one of the world's largest venture capital firms, lead a \$6 million seed round in 2024 for Swan Technologies, an autonomous defense tech firm.

Exits typically occur in the form of an outright purchase, merger, or acquisition of a start-up by a larger company. Each successful exit strengthens the regional tech ecosystem by providing capital back to venture capitalists, business angels and overall investors as a return on their original investment. With each exit, investors realize a positive return and are more likely to invest in the region again. Other investors learn of these successes and thereby consider Pittsburgh as a more attractive destination. In addition, the founders and employees receive windfall gains and may become angel investors or mentors, along with being financially well-positioned to pursue new ventures themselves. The volume

of exits, along with the start-ups, serves as a metric for the growth and vitality of the local investment environment. Thus, increased deal activity creates an ongoing cycle within the entrepreneurial community.

As global firms acquire local startups via exits, it often serves as a catalyst for larger firms to establish permanent offices here in Pittsburgh. Examples of larger tech firms with a significant local presence as a result of startup acquisitions include Aptiv, Bosch, Meta, Microsoft, NetApp, Proofpoint, and others.

Non-dilutive funding (i.e., grants), which fund innovative research without diluting the investor, were utilized at record levels again in 2024. Local research universities have attracted over \$13 billion in research funding over the past decade, with \$1.74 billion in 2024 alone. The University of Pittsburgh is among the top recipients of National Institutes of Health funding, with a research budget surpassing \$1.2 billion in 2024. Carnegie Mellon's research budget rose to a total of \$517 million across the Software Engineering Institute, in addition to the Advanced Robotics Manufacturing Institute. Collectively, the City's non-dilutive budgets have grown steadily, up 79% over the past decade.

Accolades from major players continue to voice the confidence that drives investors to Pittsburgh's tech environment. A sampling of testimonials from current investors and entrepreneurs includes:

"Pittsburgh's rich history in robotics and manufacturing, paired with its exceptional quality of life, makes it an ideal place to scale robotics companies. The city's thriving ecosystem continues to drive innovation in AI and automation and we're excited to contribute and build the future of agriculture here." — Brandon Cantino, Co-founder and CEO, Four Growers

"We are investors in Noveome Biotherapeutics, a company advancing a novel secretome-based therapeutic, which was developed and will be manufactured in Pittsburgh. We believe that Pittsburgh's scientific community, with ties to world-class medical institutions, will be integral to the company's success." — Michael Kaufman, Chief Investment Officer and Manager Member of MAK Capital

"PECA Labs has flourished largely due to the fertile biomedical sciences environment Pittsburgh provides. The combination of a strong talent pool and cutting-edge research institutions creates an accessible entry point for MedTech startups and entrepreneurial ventures." — Jamie Quinterno, COO, Peca Labs

"Pittsburgh, powered by Carnegie Mellon University (CMU), was the genesis of field robotics, with all significant autonomous car efforts led by CMU grads. The same goes for aerial robotics, with Gather AI building the world's first autonomous helicopters. We are at the forefront of making robots do hard tasks in the field and liberating humans from the drudgery. We are fortunate to be a part of such a rich ecosystem with deep expertise." — Sankalp Arora, CEO and Co-founder, Gather AI

"As a leading care management software company, ThoroughCare is proud to call Pittsburgh our home. Pittsburgh was pivotal in fueling our growth by providing access to angel investments, industry expertise and a high-quality pool of resources. We look forward to continuing our journey of innovation and improving healthcare." — Dan Godla, Founder and CEO, ThoroughCare

#### PITTSBURGH PUBLIC SCHOOLS

While Pittsburgh Public Schools (PPS) is a separate and distinct governmental entity, PPS significantly impacts City residents and thus, the City itself. The Pittsburgh Public School District (PPS) continues to confront declining enrollment. Total district enrollment dropped from 20,438 in the 2020 - 2021 school year to 18,312 for the 2024 - 2025 school year. From the 2023 - 2024 school year to the 2024 - 2025 school year, enrollment among economically disadvantaged youth dropped by nearly 1,200 students. A+ Schools Pittsburgh reports that 32% of students are chronically absent, meaning they miss more than 10% of their school year.

Pittsburgh Public Schools also experienced financial concerns in 2024, despite ending the year in a better financial position than initially projected. Though the budget was approved with an expectation of a nearly \$30 million deficit, the district ended the year with a deficit of \$11.4 million. Additionally, the district received \$12 million more in revenue than initially anticipated in 2024. This decreased the unassigned fund balance from \$46.6 million to \$34.4 million.

The District developed a Facility Utilization Plan in 2024 to address declining enrollment and underutilized assets. Certain schools will be closed or consolidated, with sweeping objectives of transforming K-8 schools into K-5 and 6 - 8 schools, updating and renovating school buildings, and redistributing magnet programs across the District. Initial changes are expected to be implemented in 2025.

The Pittsburgh Promise, which has provided scholarships of up to \$5,000 per year for more than 12,000 students, will be ending in 2028. The 2024's incoming high school class will be the last group of students eligible to receive a Promise scholarship. The provision of Promise scholarships has tracked alongside increasing graduation rates – graduation rates have risen from 68% to 86% since its inception in 2011.

#### **2024 CONTROLLER'S OFFICE AUDITS**

The Controller's office continues to shed light on the accuracy, compliance, economy, efficiency, and scale of City priorities, programming, and spending. Our office released the following audits in 2024.

2024 Fiscal Audits:

- Office of Management and Budget: American Rescue Plan Trust Fund
- Department of Parks and Recreation, Department of Public Works: Phipps Conservatory Trust Fund
- Department of Finance: Tax Abatement Programs (TAPs)
- Department of Parks and Recreation: 2024 Follow-Up: Schenley Park Rink Trust Fund (SPRFT)

2024 Performance Audits:

- Pittsburgh Parking Authority
- Urban Redevelopment Authority (URA) Housing Opportunity Fund

2024 Special Reports:

- City Construction Contract with The Garland Company, Inc.
- Update to City Council on P-Card Investigation
- City Contracting and Waiver Procedures
- Update on City Water Fountains
- Pittsburgh Public Schools Board of Directors: Best Practices to Support Board Effectiveness
- Homewood House Report

#### Awards

The GFOA awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its ACFR for the fiscal year ended December 31, 2023. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized ACFR that conforms to program standards. Such an ACFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The City has received a Certificate of Achievement for the last thirty-two consecutive years (fiscal years ended 1992 - 2023). We believe that our current ACFR continues to conform to the Certificate of Achievement program requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

#### Acknowledgements

The preparation of this report could not be possible without the concerted effort of the entire staff of the Controller's Office. The continued efforts of the Accounting Department are gratefully appreciated. I would like to thank the employees of the various departments and Authorities of the City for their assistance in providing the Controller's staff and the independent auditors with the necessary information to complete this report.

Respectfully submitted,

facuare Hustin

#### **Independent Auditor's Report**

The Honorable Members of Council City of Pittsburgh, Pennsylvania

**Report on the Audit of the Financial Statements** 

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Pittsburgh, Pennsylvania (City), as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City, as of December 31, 2024, and the respective changes in financial position and, the respective budgetary comparison for the General Fund and Community Development Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability

The Honorable Members of Council City of Pittsburgh, Pennsylvania Independent Auditor's Report

to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

The Honorable Members of Council City of Pittsburgh, Pennsylvania Independent Auditor's Report

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### **Other Information**

Management is responsible for the introductory section, statistical section and other section (collectively "other information") listed in the table of contents. The other information listed in the table of contents does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated.

The Honorable Members of Council City of Pittsburgh, Pennsylvania Independent Auditor's Report

If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Maher Duessel

Pittsburgh, Pennsylvania April 25, 2025 MANAGEMENT'S DISCUSSION AND ANALYSIS

#### Management's Discussion and Analysis

As management of the City of Pittsburgh (City), we offer the readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2024. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found at the beginning of this report.

#### **Financial Highlights**

Government-wide unrestricted net position showed a deficit of \$1.2 billion in 2024. The accumulated deficit results principally from the City's Net Pension Liability of \$806.5 million, Other Postemployment benefits liabilities of \$320.1 million, outstanding general obligation bonds being issued over the years to finance projects that do not result in recording assets; specifically, to fund the City's borrowings to finance economic development efforts (including projects to the City's Authorities, principally the URA) and maintenance expenditures on City infrastructure and equipment needs. The deficiency will have to be funded from resources generated in future years.

- As of the close of the 2024 fiscal year, the City's governmental funds reported combined ending fund balances of \$502.98 million, an increase of \$32.5 million from the previous year. Approximately 39.8% of this total amount or \$199.9 million is available for spending at the government's discretion (unassigned fund balance).
- At the end of the 2024 fiscal year, unassigned fund balance for the General Fund was \$199.9 million (compared to \$198.7 million in 2023) or 27.9% of total General Fund expenditures and debt service transfers for 2024, down from 29.6% in 2023.
- The City's outstanding general obligation bonds and notes, including unamortized premium/discount, amounted to \$503.8 million at the end of the fiscal year up from \$502.1 million in 2023.

#### **Overview of the Financial Statements**

This Management's Discussion and Analysis is intended to serve as an introduction to the City's basic financial statements.

The financial section of this report consists of three parts: Management's Discussion and Analysis, the basic financial statements (including notes to the financial statements and detailed budgetary comparison schedules), and combining and individual fund statements. The basic financial statements present two different views of the City through the use of government-wide statements and fund financial statements:

The first two statements (pages 1-3) are government-wide financial statements that provide short-term and long-term information about the City's overall financial status.

The remaining statements (pages 4 through 20) are fund financial statements that focus on individual parts of City government and report operations in more detail than the government-wide financial statements.

The governmental funds statements describe how general government services were financed such as public safety and sanitation.

Fiduciary fund statements provide information about pension, other post-employment benefit plans, private-purpose trust funds, and custodial funds for which the City acts solely as a trustee or agent for the benefit of others. Fiduciary funds are not reflected in the government-wide financial statements because the resources cannot be used to support City activities.

The financial statements include notes which provide an explanation for certain financial statement line items and also provide more details for this information. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements. In addition to these required elements, a section with combining statements provides details about the non-major governmental funds that are presented in single columns in the basic financial statements. The following diagram, labeled A-1, shows how the required components of this annual comprehensive financial report are arranged and relate to one another.

**Figure A-1** *REQUIRED COMPONENTS OF THE ANNUAL COMPREHENSIVE FINANCIAL REPORT* 

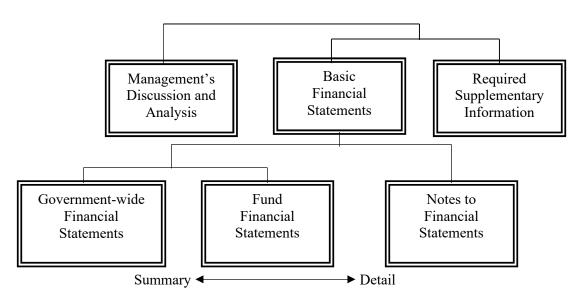

Figure A-2 summarizes the major features of the City's financial statements. The remainder of this overview section of Management's Discussion and Analysis explains the structure and contents of each of the statements.

| Figure A-2<br>Major Features of City's Government-Wide and Fund Financial Statements |  |  |  |  |

|  | Deferred inflows and<br>Outflows recognized  | Deferred inflows recognized  |  |  |

#### **Government-wide Financial Statements**

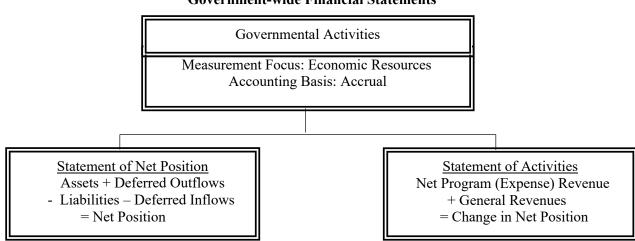

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances in a manner similar to a private-sector business. The government-wide financial statements include not only the City itself (known as the primary government), but also legally separate Urban Redevelopment Authority (URA), Pittsburgh Water, Public Parking Authority, and the Stadium Authority. Financial information for these component units reported separately from the financial information are presented for the primary government itself. The government-wide statements can be found in the financial section of this report.

Although there are a number of government-wide financial statements, for the purposes of this report, only two will be highlighted since they are closely related: the statement of net position and the statement of activities.

The statement of net position includes all of the City's assets, liabilities, deferred inflows, and outflows, except fiduciary funds. Net position - the difference between the City's assets and deferred outflows of resources and liabilities and deferred inflows of resources - is one way to measure the City's financial health, or position. Over time, increases or decreases in the City's net position serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event gives rise to the change that occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave). Additional non-financial factors such as changes in the City's real property tax base and general economic conditions must be considered to assess the overall position of the City.

The primary features of government-wide financial statements are reflected in Figure A-3.

• *Governmental activities* - Most of the City's basic services are included here, such as the police, public works, recreation, and general administration. Property and earned income taxes, charges for services, and federal and state grants finance most of these activities.

#### **Fund Financial Statements**

The fund financial statements provide more detailed information about the City's most significant funds, not the City as a whole. A fund is a group of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. Funds are used to keep track of specific sources of funding and spending for particular purposes. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. However, not all funds are the result of city policy; some are required by state law. The funds of the City can be divided into two categories, governmental funds and fiduciary funds, and are explained in greater detail below:

• *Governmental Funds* - Most of the City's basic services are included in governmental funds, which focus on (1) how cash and other financial assets can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial

statements. The relationship between governmental activities (reported in the statement of net position and the statement of activities) and governmental funds is described in a reconciliation that follows the governmental fund financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of government funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance for the General Fund, the Capital Projects Fund, the Community Development Fund, the American Rescue Plan Act Fund, and the Debt Service Fund, all of which are considered to be major funds. Data from the other six governmental funds (non-major funds) are combined into a single, aggregated presentation (other governmental funds).

The City adopts an annual appropriated budget for its General Fund, Capital Projects Fund, and Community Development Fund. A budgetary comparison statement has been provided for these funds to demonstrate compliance with these budgets.

The basic governmental fund financial statements can be found on pages 4-15 of this report.

• Fiduciary Funds - (Pension Trust Funds, OPEB Trust Funds, Private-Purpose Trust Funds and Custodial Funds) – The Pension Trust Fund accounts for the operations of the City's pension plans for general municipal employees, police, and fire, covering essentially all full-time employees. The OPEB Trust Funds are used to report resources held in trust for post-employment benefits other than pension benefits. The City is responsible for ensuring that the assets reported in fiduciary funds are used for their intended purposes. All of the City's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. We exclude these activities from the City's government-wide financial statements because the City cannot use these assets to finance its operations.

The fiduciary fund financial statements can be found on pages 16-17 of this report.

**Notes to financial statements -** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 21-139 of this report.

Required supplementary information - In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information

concerning the City's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on pages 140-148 of this report.

#### **Government-wide Financial Analysis**

The City's liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources by \$1.02 billion at the close of the most recent fiscal year. Net Pension and Other Postemployment benefits liabilities totaled \$1.13 billion. By far the largest portion of the City's deficit in net position is its unrestricted deficit of \$1.20 billion. This deficit is partially offset by investment in capital assets less any related debt still outstanding used to acquire those assets of \$166.4 million. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending and the assets have been financed with debt in an amount that exceeds the capital assets carrying value.

Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

#### **Summary of Condensed Net Position**

The following table presents a condensed summary of net position:

#### **City of Pittsburgh's Net Position**

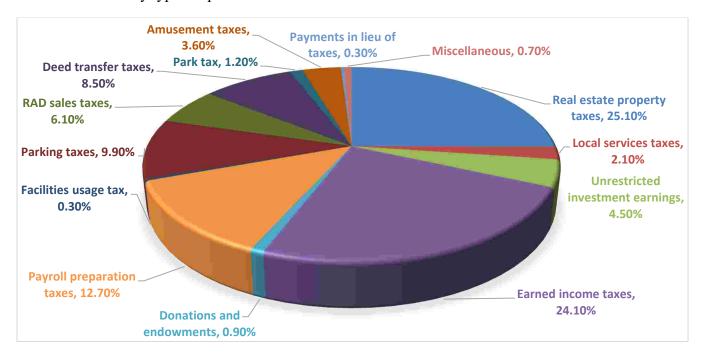

At the end of the current fiscal year, the City reported a \$1.0 billion net deficit for the governmental activities due in large part to GASB 68 and 75 reporting requirements of Net Pension Liability and Other Postemployment Benefits as well as the City's debt burden outstanding.

|                                      | Governmental Activities |         |      |         |
|--------------------------------------|-------------------------|---------|------|---------|

**Governmental activities** – Governmental activities increased the City's net position by \$78 million in 2024 as expenses were less than revenues. Increases were due to the American Rescue Act funding and investment earnings. The following table shows the revenues and expenses of the primary government:

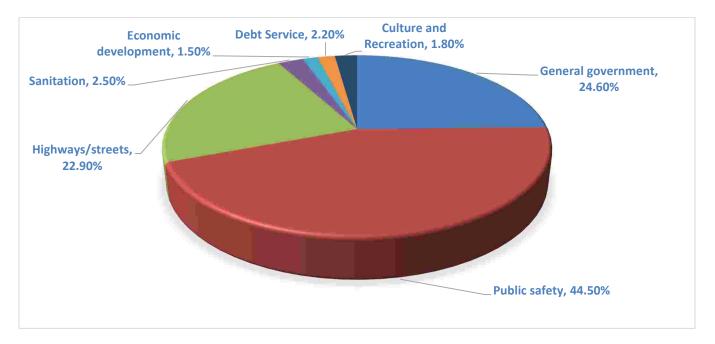

|   | <br>Governme  | ntal Activitie                        | es      |

# **City of Pittsburgh's Activities**

General revenues by type are presented below:

Expenses of the statement of activities are shown below by functional area:

# **Governmental Funds**

*Governmental funds* - The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The General Fund is the chief operating fund of the City, with revenues and expenses that are connected to every aspect of the City. Revenues for the General Fund totaled \$672.5 million in 2024 (up 25.6 million from 2023). Economic conditions stemming from the pandemic continued to impact revenue to budget fluctuations, although not as severely as 2021 or 2022. The largest variances were deed transfer tax revenues, which fell short of budget by \$11.2 million as home sales fell in response to rising interest rates; however, the City collected \$4 million more than the previous year. Also impacted negatively were real estate tax revenues with a negative variance of \$8.3 million to budget and \$7 million less than 2023. These losses were offset in part by a parking tax which was \$7 million over budget and \$4 million over 2023, a stronger than expected earned income tax, \$1.1 million over budget and \$7 million over previous year, and higher interest on investments resulting in interest revenue \$5.2 million over budget.

In addition to the above General Fund tax revenues, the City earned \$22.3 million in the Community Development Fund, \$26.9 million in Capital Projects, and \$80.7 million in Non-major Governmental Funds, mostly from pass-through of federal and state monies. The City also recognized \$82.5 million American Rescue Plan Act Fund money as revenue, in addition to \$12.2 million of ARPA funds transferred to the Capital Projects Fund, for aiding recovery from the economic and health effects of the COVID-19 pandemic. The City created and adopted a four-year plan for utilizing the recovery funds in accordance with all regulatory and statutory requirements.

At the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$502.9 million, an increase of \$32.5 million from 2023. Approximately 39.8% of this total fund balance, or \$199.9 million, constitutes unassigned fund balance, which is available for spending at the government's discretion. The remainder of the fund balance that is restricted for endowments, employee benefits, State and Federal Purpose Grants, and capital projects is \$126.9 million, the amount committed to interfund advance and specific programs is \$40.1 million, and the amount assigned for encumbrances and debt service is \$136.0 million.

At the end of the current fiscal year, the unassigned fund balance of the General Fund was \$199.9 million, while total fund balance for the General Fund was \$248.4 million. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 27.9% of total General Fund expenditures and operating transfers.

The fund balance of the City's General Fund increased by \$7.1 million during the 2024 fiscal year compared to an increase of \$38.3 million in 2023. This drop in the amount of the positive change in fund balance is primarily due to revenues staying flat while expenditures increased.

Expenditures and other uses, including debt service payments/transfers from the General Fund in 2023 increased to \$722.9 million, compared to \$672.0 million in 2023 representing an increase of 7.6% or \$43.9 million overall. Of that increase, \$28.5 million (or 64.9%) relates to increases in payroll accounts (\$16.6 million relate to regular salaries and premium pay while \$11.9 million are due to pension increases).

Transfers to the Debt Service Fund of \$62.8 million, combined with debt subsidies of \$3.8 million, totaled \$66.6 million, compared to \$62.6 million in 2023. The debt subsidies for the URA are commitments made by the City over the life of their bonds. Debt service and debt subsidies accounted for 8.9% of the total governmental expenditures, illustrating the magnitude of the City's annual debt service. The Debt Service Fund has a total fund balance of \$3.8 million, all of which is assigned for the payment of debt service.

The Community Development Fund had intergovernmental revenues of \$22.3 million and expenditures of \$22.3 million. The Capital Projects Fund had \$26.9 million of revenues, and \$82.6 million in expenses, \$58.5 million in new capital debt proceeds and \$16.5 million in net operating transfers. The Capital Projects Funds fund balance increased by \$19.2 million to \$192.9 million in 2024 as compared to \$173.6 million as of December 31, 2023 due to the issuance of a new bond and an increase in transfers from other funds.

# **General Fund Budgetary Highlights**

Actual General Fund revenues were less than the budgeted revenues by \$10.6 million mainly due to a decrease of revenue in deed transfer and real estate taxes offset by higher interest earnings. The final budgeted General Fund expenditures were \$34.5 million higher than the original budget. Actual General Fund budgetary basis expenditures were \$20.8 million lower than the final budget.

During fiscal year 2024, City Council amended the budget primarily for the following reason:

• To appropriate funds to pay prior year commitments in the form of encumbrances for General Fund purchase orders authorized and issued, but for which goods and services were not received nor paid for by December 31, 2024 totaled \$34.5 million.

## Capital Asset and Debt Administration

**Capital assets -** The City's investment in capital assets for its governmental-type activities as of December 31, 2024 amounts to \$253.8 million, net of accumulated depreciation. This investment in capital assets includes building and building improvements, land, machinery and equipment, furniture and fixtures, vehicles, infrastructure, capital lease, and construction-in-progress.

Major increases in assets included \$20 million infrastructure and additions of \$7 million in vehicles, along with a \$7 million increase in subscription-based information technology arrangement contracts.

# City of Pittsburgh's Outstanding Debt

More detailed information about long-term debt is provided in Note 9 of the financial statements.

# Significant Events

Early in 2018, a resolution by the Commonwealth of Pennsylvania was adopted to allow the City to formally exit Act 47 oversight, thereby ending its designation as a "financially distressed municipality." During 2024, the City continued efforts to control costs, maximize collections, and maintain solvency. The cash balance available for general operations of the City as of December 31, 2024 was \$207.3 million; this was enough to maintain normal function throughout the City in January 2025. As of December 31, 2024, the City had a General Fund unassigned fund balance of \$199.9 million. The City will continue to focus on strategies to fund long-term obligations, principally net pension obligations, net other post-employment obligations, general obligation debt and reduce its net deficit of \$1.0 billion in December 31, 2025. The City recognizes that the budgetary impact of the COVID-19 pandemic continues to be significant but remains optimistic that steps can be taken to manage City finances going forward.

# **Pension Funding**

Commonwealth of Pennsylvania Act 47 of 2009 required the City's aggregate pension funding level to be at least 50 percent by December 31, 2010 to avoid having the City's pension funds seized and administered by the Pennsylvania Municipal Retirement System. The City met this requirement by transferring \$45 million to the Comprehensive Trust Fund (Fund) in 2010 and agreeing to dedicate parking tax revenues for the next 31 years per Council legislation. During 2021, Council legislation extended parking tax payments dedicated to pension funding to 2046.

The City contributed \$13.4 million of the parking tax revenue to the Fund from 2011-2017, contributed \$26.8 million from 2018 through 2022, and contributed \$106.1 million in 2023. The City will continue to contribute \$26.8 million per year from 2024 through 2046. For 2024, the City contributed \$109.3 million, \$51.9 million more than its actuarially determined contribution of \$57.4 million.

# **Cash Position**

During 2024, the City continued efforts to stabilize and improve the City's financial condition, and continued adaptions to conditions stemming from the COVID-19 pandemic.

At the onset of 2025, the City expected cash flows to be sufficient to maintain a positive cash position.

# **Requests for Information**

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Controller's Office, First Floor, City County Building, 414 Grant Street Pittsburgh, PA 15219.

#### RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION

#### DECEMBER 31, 2024

| Total Fund Balance - Governmental Funds  |  | \$<br>502,937,583     |
|--|--|-----------------------|
| Amounts reported for governmental activities in the statement of net position are different because:   |  |                       |
| Capital assets including construction-in-progress and right-to-use leased assets used in governmental activities are not current financial resources and, therefore, are not reported as assets in governmental funds. The cost of the assets is \$638,759,732 and the accumulated depreciation/amortization is \$384,993,650.                       |  | 253,766,082           |
| Property taxes receivable and other revenues will be collected in the future,<br>but are not available to pay for the current period's expenditures and,<br>therefore, are treated as deferred inflows in the funds. Receivable amounts<br>are shown net of allowances, but are not deferred inflows in the<br>government-wide financial statements. |  | 14,929,244            |
| Long-term receivables, including due from component unit, are not due in<br>the current period and, therefore, are not reported as receivable in the<br>funds.   |  | 7,509,176             |
| The net pension liability, and deferred inflows and outflows of resources for pension are not recorded on the fund financial statements.   |  | (779,634,930)         |
| The net OPEB liabilities, and deferred inflows and outflows of resources for OPEBs are not recorded on the fund financial statements.  |  | (369,564,310)         |
| The deferred outflows related to long-term debt are not reported in the funds.   |  | 7,264,703             |
| Long-term liabilities, including notes and bonds payable, are not due and payable in the current period and, therefore, are not reported as liabilities in the funds. Long-term liabilities at year-end consist of:  |  |                       |
| Bonds and notes payable, net of unamortized premiums/discounts<br>Lease/subscription liability<br>Accrued workers' compensation<br>Accrued compensated absences<br>Accrued interest payable  | \$<br>(511,638,609)<br>(13,519,694)<br>(89,024,964)<br>(23,413,891)<br>(5,680,565) |                       |
| Accrued claims and judgments   | <br>(11,484,000)   | <br>(654,761,723)     |
| Total Net Position - Governmental Activities   |  | \$<br>(1,017,554,175) |

# RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

#### YEAR ENDED DECEMBER 31, 2024

| Net Change in Fund Balance - Governmental Funds   |   | \$<br>32,474,181 |
|---|---|------------------|
| Amounts reported for governmental activities in the statement of activities are different because:  |   |                  |
| Governmental funds report capital outlays as expenditures. However, in the statement<br>of activities, the cost of those assets is allocated over their estimated useful lives as<br>depreciation expense. This is the amount by which capital outlays and net deletions<br>exceeded depreciation/amortization in the current period:   |   |                  |
| Capital outlays<br>Less: net deletions<br>Less: depreciation/amortization expense   | \$<br>35,516,192<br>(1,745,222)<br>(18,026,138) | 15,744,832       |
| Some levied taxes and other revenues will not be collected for several months after the City's year-end, they are not considered as "available" revenues in the governmental funds. Deferred inflows changed by this amount during the year.  |   | (9,466,674)      |
| Tunus. Deferred innows changed by this amount during the year.  |   | (9,400,074)      |
| Long-term receivables, including loan receivable due from component unit, are not due in the current period and, therefore, are not reported as receivable in the funds. Long-term receivables changed by this amount during the year.  |   | (395,219)        |
| Changes in the act passion lightlity and related deferred inflavor and sufflavor of   |   | (393,219)        |
| Changes in the net pension liability and related deferred inflows and outflows of resources do not affect current financial resources and, therefore, are not reflected on the fund statements.   |   | 14,493,959       |
| Changes in the net OPEB liabilities and related deferred inflows and outflows of resources do not affect current financial resources and, therefore, are not reflected on the fund statements.  |   |                  |
|   |   | 25,232,652       |
| The issuance of long-term obligations (e.g., notes, bonds and leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term obligations consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on the statement of activities. Also, governmental funds report the effect of premiums, discounts, interest, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term obligations and related items. |   |                  |
|   |   | (5,986,328)      |
| In the statement of activities, certain expenses - workers' compensation, compensated<br>absences, and claims and judgments are measured by the amounts incurred during the<br>year. In the governmental funds, however, expenditures for these items are measured<br>by the amount of financial resources used. This amount represents the difference<br>between the amount incurred versus the amount used.   |   |                  |
|   |   | <br>5,638,224    |
| Change in Net Position of Governmental Activities   |   | \$<br>77,735,627 |

## STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCE - BUDGET AND ACTUAL (NON-GAAP BUDGETARY BASIS) GENERAL FUND

YEAR ENDED DECEMBER 31, 2024 (Amounts expressed in thousands) (Continued)

Explanation of Differences Between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures:

#### Sources/Inflows of Resources:

| Actual amounts (budgetary basis) revenues from the statement of revenues, expenditures, and changes in fund balance - actual and budget.                                    | \$  | 703,636   |
|---|-----|-----------|
| Actual amounts not included on budgetary basis.   |     | 1,760     |
| Transfer in   |     | -         |
| The adjustments to convert to GAAP basis, recording of receivables and revenues, not included in budget.  |     | 24,663    |
| Total General Fund revenue and other financing sources on GAAP basis as reported on the statement of revenues, expenditures, and changes in fund balance.                   | \$  | 730,059   |
| Uses/Outflows of Resources:   |     |           |
| Actual amounts (budgetary basis) "total expenditures" and budgeted transfers from the statement of revenues, expenditures, and changes in fund balance - budget and actual. | \$  | 708,921   |
| Actual amounts not included on budgetary basis.   |     | 1,470     |
| The adjustments to convert to GAAP basis, recording of expenditures and liabilities not included in budget.   |     | 12,522    |
| Total General Fund expenditures and transfers out as reported on the statement of revenues, expenditures, and changes in fund balance.                                      | \$  | 722,913   |

# NOTES TO FINANCIAL STATEMENTS

# NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

# **1.** Summary of Significant Accounting Policies

## Primary Government Disclosures:

# **Description of City**

The City of Pittsburgh, Pennsylvania (City or primary government) was incorporated on July 20, 1816 and chartered as a home rule municipality on January 5, 1976. The City operates under a strong mayor form of government and provides the following services as authorized by its charter: public safety (police, fire, and emergency medical services), highways and streets, sanitation, economic development, cultural and recreational, public improvements, planning and zoning, and general administrative services.

The major accounting principles and practices followed by the City are presented below to assist the reader in evaluating the financial statements and the accompanying notes.

## (A) The Financial Reporting Entity

The criteria used by the City to evaluate the possible inclusion of related entities (Authorities, Boards, Councils, etc.) outside of the legal City entity within its reporting entity are financial accountability and the nature and significance of the relationship. In determining financial accountability in a given case, the City reviews the applicability of the following criteria:

The City is financially accountable for:

- 1. Legally separate organizations if City officials appoint a voting majority of the organization's governing body and the City is able to impose its will on the organization or if there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government.
- **a.** Impose its Will If the City can significantly influence the programs, projects, or activities of, or the level of services performed or provided by, the organization.
- b. Financial Benefit or Burden Exists if the City (1) is entitled to the organization's resources, (2) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide support to, the organization, or (3) is obligated in some manner for the debt of the organization.

# NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

2. Legally separate organizations that are fiscally dependent on the City and a financial benefit or burden relationship are present. Fiscal dependency is established if the organization is unable to adopt its budget, levy taxes or set rates or charges or issue bonded debt without approval by the City.

Based on the foregoing criteria, the reporting entity has been defined to include all the legally separate-government entities for which the City is financially accountable or for which there is a significant relationship (component units). Specific information on the nature of the various potential component units and a description of how the aforementioned criteria have been considered in determining whether or not to include or exclude such organizations in the City's financial statements are provided in the following paragraphs. Audited financial statements for all of the component units are available for public inspection in the City Controller's office.

# (B) Net Position Deficit and Liquidity

As of December 31, 2024, the City had a general fund unassigned fund balance of \$199.9 million and a general fund cash balance of \$207.3 million. The City will continue to focus on strategies to fund long-term obligations, principally net pension obligations, net other post-employment obligations, general obligation debt and reduce its net position deficit of \$1.018 billion at December 31, 2024.

# (C) Individual Component Unit Disclosures

# Blended Component Units

Some component units, despite being legally separate from the City government, are so intertwined with the City government, whether through sharing common governing boards with the City or through providing services solely to the City that they are, in substance, the same as the City government and are reported as part of the City government. The blended component units reported in this way are the following:

City of Pittsburgh Equipment Leasing Authority City Pension Trust

# City of Pittsburgh Equipment Leasing Authority (ELA)

The ELA was incorporated in 1980 to serve as a financing vehicle for the acquisition of equipment. The Board consists of the City's Chief Operating and Administrative Officer, the Finance and Law Chair of Pittsburgh City Council, an additional member of Pittsburgh City Council, the City's

# NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

Director of the Department of Public Safety, and the City's Director of the Department of Public Works.

Although it is legally separate from the City, the ELA is reported as if it were part of the City government, because its sole purpose is to finance the City equipment needs. Its operations are included within other government funds. It operates on a December 31 fiscal year.

# City Pension Trust

As described in Note 7, the City has a comprehensive pension trust for financial reporting purposes that is comprised of three defined benefit pension plans: the Municipal Pension Plan (Municipal), the Policemen's Relief and Pension Plan (Police); and the Firemen's Relief and Pension Plan (Fire); which together cover substantially all City employees. As required by Pennsylvania Law, a comprehensive Board oversees funding and investing activities. This Board consists of seven members, four of whom are appointed by the Mayor.

Plan benefit matters are administered by separate boards which include, for all plans, the president of the City Council and the City Controller and additionally, in the case of the Municipal and Fire plans, the Mayor.

The pension plans operate on a fiscal year ending December 31. Their operations are included in the Pension Trust Fund, as a fiduciary fund.

# **Discretely Presented Component Units**

Discretely presented component units are entities that are legally separate from the primary government but the omission of which would cause the primary government's financial statements to be misleading or incomplete. As these component units do not meet the criteria for blended presentation, they are reported separately from the primary government. The component units presented in this manner are the following:

Pittsburgh Water Stadium Authority of the City of Pittsburgh Public Parking Authority of Pittsburgh Urban Redevelopment Authority of Pittsburgh

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

#### Pittsburgh Water

The Pittsburgh Water and Sewer Authority d/b/a Pittsburgh Water was incorporated in February 1984 under the Municipality Authorities Act of 1945 to assume responsibility for the operation and improvement of the City's water distribution and wastewater collection systems. In 1984, pursuant to a Lease and Management Agreement, Pittsburgh Water leased the entire City water supply, distribution, and wastewater collection system (System) from the City and assumed responsibility for establishing and collecting user fees and charges and for maintaining and improving the System. The Lease and Management Agreement Agreement provided for the City to operate and maintain the System for Pittsburgh Water subject to the general supervision of Pittsburgh Water.

The City and Pittsburgh Water agreed to terminate the 1984 Lease and Management Agreement in July 1995 and concurrently entered into a Cooperation Agreement and a Capital Lease Agreement (collectively referred to as the Agreements). The effect of these Agreements was to substantially transfer financial and management responsibility for the System to Pittsburgh Water. The renegotiated Cooperation Agreement is more fully described in Note 4.

Pittsburgh Water is legally separate from the City and is reported as a component unit. A Board of Directors, appointed by the Mayor of the City, and approved by City Council, governs Pittsburgh Water. A financial benefit/burden relationship exists between the City and Pittsburgh Water. Pittsburgh Water operates on a fiscal year ending December 31.

Prior to April 1, 2018, Pittsburgh Water had the right to establish user fees and charges without being subject to the approval of any department, board, or agency of Pennsylvania or the City. Effective April 1, 2018, the Public Utility Commission (PUC) began oversight of Pittsburgh Water. PUC oversight requires compliance and conformity with their established regulations regarding administration, finances, operations, reporting, capital expenditures, and customer service for water and wastewater utilities. The PUC now approves all Pittsburgh Water rates and fees through tariff filings.

#### Stadium Authority of the City of Pittsburgh (Stadium Authority)

The Stadium Authority was organized on March 9, 1964 to provide increased commerce and prosperity and to promote educational, cultural, physical, civic, social, and moral welfare to the general public.

The Stadium Authority was responsible for the management of the former Three Rivers Stadium (Stadium) located in the City. The Stadium was home to the Pittsburgh Pirates (Pirates) and

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

Pittsburgh Steelers (Steelers) professional sports teams and was also utilized for various concerts and other events until it was razed in February 2001. Subsequent to the razing of the Stadium, the Stadium Authority is responsible for development of the land between the Steelers football stadium, (Acrisure Stadium) and PNC Park.

The Board of Directors (Board) of the Stadium Authority, a five-member group, is appointed by the Mayor of the City. The Board is responsible for all the activities and operations of the Stadium Authority. The City is the guarantor of the Authority's debt. The Stadium Authority operates on a fiscal year ending December 31.

#### Public Parking Authority of Pittsburgh (Parking Authority)

The Parking Authority was created for the purpose of conducting the necessary activity to plan, acquire, construct, improve, maintain and operate, and own and lease land and facilities devoted to the parking of vehicles. In addition, the Parking Authority is responsible for the enforcement of city and state parking codes throughout the City, including the responsibility for the operations of parking court. The Parking Authority is administered by a five-member Board, all of whom are appointed by the Mayor. The Parking Authority obtains its revenue from user charges and from street parking meter revenues. As discussed further in Note 13, the City and the Parking Authority are governed by the 2015 Governmental Cooperation Agreement as amended September 1, 2021. Payments made to the City under this agreement during 2024 totaled approximately \$17.0 million. This agreement expires January 31, 2050. Accordingly, the City derives a financial benefit from the Parking Authority. Note 13 describes related transactions between the Parking Authority and the City.

#### Urban Redevelopment Authority of Pittsburgh (URA)

The URA was established in 1946 under the Pennsylvania Urban Redevelopment Law. The URA acquires and clears blighted property; initiates rebuilding with the private sector; negotiates with the federal, state, county, and local governments for public funds and facilities; and works to maintain and improve the City's neighborhoods and business districts. Funding for the URA projects and programs is obtained primarily through revenue bonds and intergovernmental grants.

The URA is considered to be a component unit of the City as the Mayor of Pittsburgh appoints the Board of Directors of the URA, and a financial benefit/burden relationship exists between the City and the URA.

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

The reporting entity of the URA includes the accounts of all URA operations as well as two entities that qualify as component units of the URA. The component units of the URA are the Pittsburgh Housing Development Corporation (PHDC) and Pittsburgh Urban Initiatives (PUI).

The URA and its component units operate on a fiscal year ending December 31. Separate financial statements for the component units can be obtained through the Finance Department of the URA.

#### Joint Venture

# The Sports and Exhibition Authority of Pittsburgh and Allegheny County (formerly the Public Auditorium Authority)

The Public Auditorium Authority of Pittsburgh and Allegheny County (Authority) was incorporated on February 3, 1954 pursuant to the Public Auditorium Law Act of July 29, 1953 as a joint authority organized by the City and Allegheny County to provide educational, cultural, physical, civic, and social events for the benefit of the general public. Effective November 1999, the Public Auditorium Authority legally changed its name to the Sports and Exhibition Authority of Pittsburgh and Allegheny County (SEA). SEA is currently responsible for the management of

YEAR ENDED DECEMBER 31, 2024

the David L. Lawrence Convention Center (Convention Center) and leases the PPG Paints Arena, the Benedum Center and the John Heinz History Center to other entities located in the City. SEA was also responsible for the construction of the Pittsburgh Steelers Sports, Inc. (Pittsburgh Steelers) football stadium (now known as Acrisure Stadium), the Pittsburgh Associates' (Pittsburgh Pirates) baseball park (PNC Park), the Convention Center expansion project, PPG Paints Arena, and various associated infrastructure improvements referred to collectively as the Regional Destination Financing Plan.

The Board of Directors (Board) of SEA, a seven-member group, is appointed by the City and Allegheny County. Each executive appoints three members and the Mayor and County Executive jointly appoint the seventh member. The Board is responsible for the overall activities and operations of SEA. The Board members have decision-making authority, the power to designate management, the responsibility to significantly influence operations, and primary accountability for fiscal matters.

In 2004, SEA borrowed \$20 million from local banks to be used for both operating and capital needs. These borrowings were refinanced with the 2010 Bank Loans. The following revenues are pledged for repayment of this loan: parking revenues generated at the Convention Center and North Shore parking garages and two North Shore lots, gaming revenues, and residual/discretionary hotel tax receipts. Additionally, as part of the transaction, the City and Allegheny County reaffirmed their responsibilities under a 1978 Cooperation Agreement to finance the Convention Center's operating deficits. The 2010 Bank Loans were refinanced on May 1, 2017, then again on November 30, 2017 with the SEA and Allegheny County Parking System Revenue Bonds, Series of 2017.

SEA has suffered operating deficits and has indicated that it may require funding from the City and Allegheny County in the future. No liability has yet been recorded for any such payments as the City does not anticipate payment during 2025 and no future payments are currently deemed more likely than not.

SEA operates on a fiscal year ending December 31. Complete financial statements for SEA can be obtained from its administrative office at 171 10<sup>th</sup> Street, 2<sup>nd</sup> Floor, Pittsburgh, PA 15222.

### NOTES TO FINANCIAL STATEMENTS

#### YEAR ENDED DECEMBER 31, 2024

#### **Related Organizations**

#### Housing Authority of the City of Pittsburgh (HACP)

HACP was established to acquire and maintain properties for the purpose of providing lowincome housing for residents of the City. Rental charges and subsidies from Federal Housing and Urban Development grants are the principal revenue sources.

HACP is administered by a seven-member Board, all of whom are appointed by the Mayor. City Council approves five of the seven appointments. The City does not subsidize the operations of the HACP and does not guarantee its debt service. HACP operates on a fiscal year ended December 31.

#### Pittsburgh Land Bank (Land Bank)

The Land Bank is a separate legal entity created for the purpose of acting as a land bank under the Land Bank Act (Pennsylvania Act 153-2012). The Land Bank is administered by a nine-member Board, three appointed by the Mayor, three appointed by the City Councilperson representing the districts with the most distressed and vacant parcels, and three community members elected by the first six. There was minimal operational activity during 2024. There were minimal land transactions made during the year ended December 31, 2024. The City will not have ownership interest in real property owned by the Land Bank.

#### **Jointly Governed Organizations**

The Allegheny County Sanitary Authority (ALCOSAN) was organized under the Municipal Authorities Act of 1945 to collect, transport, and treat wastewater for the City and seventy-seven (77) other Allegheny County municipalities. ALCOSAN's Board has seven members: three are appointed by the City, three are appointed by Allegheny County, and one is appointed jointly by Allegheny County and the City. The City has no direct ongoing financial interest or responsibility for ALCOSAN.

East Liberty Transit Revitalization Investment District Revitalization Authority (ELTRIDRA) is a governmental authority which was formed to manage the East Liberty Revitalization Investment District. ELTRIDRA's five-member Board of Directors includes one representative each from the URA, the City, Pittsburgh Public Schools, Port Authority of Allegheny County d/b/a Pittsburgh Regional Transit, and Allegheny County. The URA provides administrative support to ELTRIDRA. ELTRIDRA is considered a related entity of the representative entities. Financial information is available for ELTRIDRA at the URA's offices.

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

#### (D) Financial Statement Presentation

**Government-Wide Financial Statements** – Financial statements prepared using the economic resources measurement focus and full accrual basis of accounting for all the government's activities are required. These statements include all assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues, and expenses of the primary government and its component units, excluding fiduciary activities.

The effect of City inter-fund activity has been eliminated from these statements. The City does not allocate indirect expenses. The government-wide statements segregate governmental activities, which are normally supported by taxes and intergovernmental revenues, and business-type activities, if any, which rely on user fees and charges for support. Component units, which are legally separate and discretely presented, are also segregated.

**Statement of Net Position** – presents both governmental and business-type activities, if any, on the full accrual, economic resource basis, which incorporates long-term assets and receivables, deferred outflows of resources; long-term debt and obligations; and deferred inflows of resources.

**Statement of Activities** – presents the net cost of each individual function. Program revenues are presented as a reduction of the total cost of providing program services. Program revenues include charges for services, operating grants and contributions and capital grants that are directly associated with a specific function. Taxes and other revenue sources not reported as program revenue are included as general revenue.

**Fund Financial Statements** – The City's accounts are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operation of each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, deferred inflows of resources, fund balances or net position, revenues, and expenditures or expenses, as appropriate.

Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped in the basic financial statements in this report into two broad fund categories as follows:

**Governmental Funds** account for expendable financial resources. Governmental fund types use the flow of current financial resources measurement focus. The major governmental funds are:

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

**General Fund** – The General Fund is the general operating fund of the City. It finances the regular day-to-day operations of the City. It is used to account for all financial revenues and expenditures, except those required to be accounted for in another fund.

**Debt Service Fund** – The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest, and related costs.

**Special Revenue Community Development Block Grant Fund** – Community Development Block Grant Fund is used to account for the cost of neighborhood development and improvement projects. These programs are financed primarily by the U.S. Department of Housing and Urban Development (HUD) under the Community Development Block Grant (CDBG) program. A substantive portion of the funds received under the program have been allocated to the Urban Redevelopment Authority of Pittsburgh.

**Capital Projects Fund** – A Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities.

**Special Revenue American Rescue Plan Act Fund** – American Rescue Plan Act Fund is used to account for financial resources to be used for expenditures allowable under the American Rescue Plan Act.

Nonmajor Governmental Funds – These funds include all other non-major governmental funds.

**Fiduciary Funds** account for assets held by the City in a trustee capacity or as an agent for individuals and other governmental units. The fiduciary funds are:

**Pension Trust Funds** – The Comprehensive Fund accounts for the operations of the City's pension plans as described in Note 7. This is accounted for in the same manner as a proprietary fund type. Measurement focus is upon determination of the change in net position and financial position.

**OPEB Trust Fund** – Used to report resources held in trust for post-employment benefits other than pension benefit for both the OPEB retiree plan and disabled firefighters plan.

**Private-Purpose Trust Fund** – Accounts for assets held in trust for healthcare and worker's compensation benefits.

**Custodial Funds** – Accounts for assets held for, and due to other governments or individuals for whom it was collected. These funds are custodial in nature for holding tax refunds due to other

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

governments, escrow funds, and funds for a jointly governed entity. Custodial funds use the economic resources measurement focus.

The basic financial statements also include the statement of net position and statement of activities of the following component units:

Pittsburgh Water Stadium Authority of the City of Pittsburgh Public Parking Authority of Pittsburgh Urban Redevelopment Authority of Pittsburgh Pittsburgh Land Bank

**Budgetary Comparison Statements** – The statements are presented to demonstrate whether resources were obtained and used in accordance with the government's legally adopted budget for the General Fund and the Community Development Fund. The City revises the original budget over the course of the year for various reasons. Under the current reporting model, budgetary information continues to be provided and includes a comparison of the government's original adopted budget to the current comparison of final budget and actual results. The City's budget is prepared on a non-GAAP basis as described in Note 2.

#### (E) Basis of Accounting

Basis of accounting refers to the point at which revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Governmental activities in the government-wide statement are presented using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recognized when earned, and expenses are recognized when a liability has been incurred, regardless of the timing of related cash flows.

Governmental funds are accounted for using the current resource measurement focus and the modified accrual basis of accounting. Revenues are recognized when they become measurable and available. General Fund tax revenues are considered measurable when they have been levied. To be considered available and thus susceptible to accrual, the real estate taxes must be collected within the City's period of availability of sixty (60) days. The portion of uncollected real estate taxes that are deemed to be collectible at the end of this period are reported as deferred inflows of resources. Interest income and intergovernmental receivables (state and federal grants to the extent of allowable expenditures) are considered susceptible to accrual. The City

### NOTES TO FINANCIAL STATEMENTS

#### YEAR ENDED DECEMBER 31, 2024

considers all non-real estate taxes and other revenues reported in the governmental fund to be available if the revenues are collected within sixty (60) days. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. However, debt service expenditures, including expenditures for lease and subscription based information technology agreements, and other long-term liabilities, such as workers' compensation, accrued claims and judgements, and both short- and long-term compensated absences are recorded only when payment is due and payable. General capital asset acquisitions, including entering into contracts giving the City the right to use leased assets, are reported as expenditures in governmental funds. Issuance of long-term debt and financing through leases are reported as other financing sources.

The City generally uses restricted assets first for expenses incurred for which both restricted and unrestricted assets are available. The City may defer the use of restricted assets based on a review of the specific situation.

Non-exchange transactions, in which the City receives value without directly giving value in return, include real estate and other taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the City must provide local resources to be used for specified purpose; and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must be available before it can be recognized.

#### (F) Cash and Cash Equivalents

Cash and cash equivalents include all highly liquid investments, including trust and restricted assets, with an original maturity of three months or less. Note 3, Deposits and Investments, provides a detailed disclosure regarding cash, cash equivalents, and investments held by the City.

#### (G) Investments

Investments in all funds are carried at fair value or amortized cost, as applicable. Investments consist of a variety of investments including direct obligations of the U.S. government, money market funds, corporate and other obligations, guaranteed investments, money market trust funds, and repurchase agreements. Note 3, Deposits and Investments, provides a detailed disclosure regarding cash, cash equivalents, and investments.

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

#### (H) Due To/From Other Governments

Outstanding balances between the City and other governments are reported as due to/from other governments.

#### (I) Taxpayer Assessed Taxes Receivable

Local wage taxes, payroll preparation tax, parking tax and other miscellaneous City taxes are recorded in the City's accounts as taxpayer assessed receivables and revenue at the time of the underlying transactions. In the governmental fund statements, taxes for which there is an enforceable legal claim as of December 31, 2024 which were levied to finance fiscal year 2024 operations have been recorded as deferred inflows of resources until such time as the taxes become available on a modified accrual basis. Local wage taxes are collected by a third party in accordance with PA Act 32.

#### (J) Other Receivables

Other City accounts receivable, primarily charges for services, are recorded in the City's accounts as other receivables when earned, less an allowance for uncollectible accounts.

#### (K) Capital Assets, Leases and Subscription-Based Information Technology Arrangements

#### Capital Assets

Capital assets acquired or constructed by the City are reported in the government-wide financial statements. Capital assets are recorded at historical cost or estimated historical cost (except for the intangible right-to-use leased assets and subscription assets, the measurement of which is discussed under Leases below). Capital assets are those assets with an initial individual cost of more than \$5,000 and estimated useful life in excess of one year. Gifts or contributions are recorded at acquisition value when received. Depreciation is recorded on a straight-line basis over the estimated useful life of each capital asset. No depreciation expense is recorded for land and construction-in-progress. The value of the City's art collection is indeterminable and would

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

not be material to capital assets as a whole. The estimated useful lives for capital assets are as follows:

| Furniture and fixtures     | 3-5 years   |
|----------------------------|-------------|
| Building and structures    | 25-50 years |
| Equipment                  | 2-10 years  |
| Infrastructure             | 20-50 years |
| Vehicles                   | 2-10 years  |
| Right-to-use leased assets | 3-7 years   |

#### <u>Leases</u>

The City is a lessee for noncancellable leases of property and equipment. The City recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the government-wide financial statements for each of these leases. The City recognizes lease liabilities with an initial individual value of \$100,000 or more.

At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgements related to leases include how the City determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The City uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the City is reasonably certain to exercise.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

Lease assets are reported with capital assets and lease liabilities are reported with long-term debt on the statement of net position.

#### Subscription-Based Information Technology Arrangements (SBITAs)

A SBITA is defined as a contractual agreement that conveys control of the right to use another party's information technology (IT) software, alone or in combination with tangible capital assets (the underlying IT assets), as specified in the contract for a minimum contractual period of greater than one year, in an exchange or exchange-like transaction.

The only component unit that determined it had material SBITAs to report was Pittsburgh Water. The City and Pittsburgh Water use various SBITA assets that it contracts through cloud computing arrangements, such as software as a service and platform as a service. At the commencement of a new SBITA, the City and Pittsburgh Water initially measure the subscription liability at the present value of payments expected to be made during the subscription term. Subsequently, the subscription liability is reduced by the principal portion of subscription payments made. There were no variable payments (fixed in substance or based on an index or rate), or termination penalties included within the subscription liability of any SBITAs. Variable payments based on future performance of a government, usage of the underlying IT assets, or number of user seats are not included in the measurement of the subscription liability and instead are recognized as outflows of resources in the period in which the obligation for those payments is incurred. The subscription payments made at or before the subscription commencement date, plus capitalizable initial implementation costs. Subsequently, the subscription asset is amortized on a straight-line basis over the term of the SBITA.

Key estimates and judgments related to SBITAs include the determination of (1) the discount rate it uses to discount the expected subscription payments to present value, (2) subscription term, and (3) subscription payments.

- The City and Pittsburgh Water use an estimated incremental borrowing rate as the discount rate for SBITAs unless the interest rate charged by the provider is stated. The discount rate is used to determine the present value of subscription payments over the subscription term.
- The subscription term is the noncancellable period of the SBITA. This includes periods in which there is an option to extend or terminate the subscription if it is reasonably certain that the option will or will not be exercised.
- Subscription payments included in the measurement of the subscription liability are composed of fixed payments.

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

The City and Pittsburgh Water monitor changes in circumstances that would require a remeasurement of its SBITAs and will remeasure the subscription asset and liability if certain changes occur that are expected to significantly affect the amount of the subscription liability.

The City's subscription assets are reported with capital assets and Pittsburgh Water subscription assets are reported with non-utility capital assets. Subscription liabilities are reported with leases/subscriptions payable on the statement of net position and component unit combining statement of net position, respectively.

#### (L) Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position, and/or the balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City and component units have three items that qualify for reporting in this category:

- A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.
- In conjunction with pension accounting requirements, deferred amounts relate to differences between estimated and actual investment earnings, changes in actuarial assumptions and other pension related changes. This amount is determined based on the actuarial valuation performed for the plan as described further in Note 7.
- In conjunction with OPEB accounting requirements, deferred amounts relate to differences between estimated and actual investment earnings, changes in actuarial assumptions and other OPEB related changes. These amounts are determined based on the actuarial valuation performed for the plans as described further in Note 8.

In addition to liabilities, the statement of net position and/or balance sheet will sometimes report a separate section for *deferred inflows of resources*. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has one type of item, which arises under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes, payroll preparation taxes and other taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Under the

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

full accrual basis, the City and component units have items that qualify for reporting in these categories:

- In conjunction with pension accounting requirements, deferred amounts relate to differences between estimated and actual investment earnings, changes in actuarial assumptions and other pension related changes. These amounts are determined based on the actuarial valuation performed for the plan as described further in Note 7.
- In conjunction with OPEB accounting requirements, deferred amounts relate to differences between estimated and actual investment earnings, changes in actuarial assumptions, and other OPEB related changes. These amounts are determined based on the actuarial valuation performed for the plans as described further in Note 8.
- Deferred amounts related to leases held as a lessor.

#### (M) Workers' Compensation and Other Risk Management

The City is self-insured for purposes of workers' compensation benefits. Both short-and-long-term amounts payable are reported within the government-wide financial statements only.

In order to qualify for and maintain self-insurance status, the City must comply with certain Commonwealth requirements. The requirements for 2024 are as follows:

- Maintain an irrevocable trust fund. The City's contribution to the fund is determined annually in negotiations with the Commonwealth Department of Labor.
- Satisfy the financial responsibility requirements of the Commonwealth of Pennsylvania.
- Establish liability reserves based upon expected future payments for all claims outstanding one year or more at the end of any fiscal year.

Presently, the irrevocable trust may be used by the State of Pennsylvania only in the event of default by the City under the self-insurance regulations. No risk financing activity is currently being recorded in this trust fund.

The City is self-insured for purposes of health insurance coverage. An estimate of incurred but not reported liability is reported within the General Fund.

#### Component Unit:

Pittsburgh Water is also self-insured for general liability coverage and has established a Self-Insured Escrow Fund (general liability) to cover potential liability claims.

### NOTES TO FINANCIAL STATEMENTS

#### YEAR ENDED DECEMBER 31, 2024

#### (N) Compensated Absences

In the government-wide financial statements, the City recognizes a liability for compensated absences for leave time that (1) has been earned for services previously rendered by employees, (2) accumulates and is allowed to be carried over to subsequent years, and (3) is more likely than not to be used as time off or settled (for example paid in cash to the employee) during or upon separation from employment. Based on the criteria listed, three types of leave qualify for liability recognition for compensated absences – vacation, personal, and sick leave. The liability for compensated absences includes salary-related benefits, where applicable. A liability for compensated absences is recorded in the governmental funds only if the liability has matured because of employee resignations or retirements and for payout of personal time over 72 hours at year-end.

#### (O) Pensions and Other Post-Employment Benefits

In the government-wide financial statements, the City recognizes pension and other postemployment expenses in accordance with applicable standards. These expenditures are recognized under the modified accrual basis within governmental funds to the extent of the City contributions. Contributions made to the Pension Plan represent 100% of the PA Act 205 minimum municipal obligation plus, starting in 2010, additional contributions to increase the funding level of the Plan. See Note 7 for pension and Note 8 for other post-employment benefits for further disclosures.

#### (P) Long-term Obligations

Long-term debt and other long-term obligations are reported as liabilities in governmental activities in the statement of net position in the government-wide financial statements. Bond premiums and discounts are amortized over the life of the bonds using the straight-line method that approximates the effective interest method or the effective interest method itself. Bond premiums and discounts are recorded as current period costs in the governmental funds.

#### (Q) Interfund Transactions

On fund financial statements, receivables and payables resulting from outstanding balances involving other funds are classified as "Due from other Funds and Due to other Funds." These amounts are eliminated in the governmental column of the statement of net position. Flow of cash or goods from one fund to another without a requirement for repayment is reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds.

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

#### (R) Encumbrances

The City uses encumbrance accounting for budgetary reporting, wherein purchase orders, contracts, and other commitments for the expenditure of funds are recorded to reserve that portion of the applicable appropriation. Funding for all encumbrances lapses at year-end and re-appropriation is required by the City Council with the exception of capital fund project encumbrances.

#### (S) Net Position

Net position represents the difference between assets, deferred outflows and inflows of resources and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, leases, and related debt used in the acquisition or construction of capital assets. Net position is reported as restricted when there are limitations imposed on its use through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors, laws, or regulations of other governments. The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available. Unrestricted net position is available for use in the current period. The City may defer the use of restricted assets based on a review of the specific situation.

#### (T) Use of Estimates

Management of the City has made a number of estimates and assumptions relating to the reporting of assets, liabilities, deferred inflows and outflows, revenues, expenses, and the disclosure of contingent assets and liabilities to prepare their financial statements in conformity with accounting principles generally accepted in the United States of America. Actual results may differ from those estimates, particularly given the ongoing social and economic disruptions and uncertainties, and such differences may be material.

#### (U) Fund Balance

In the fund financial statements, governmental funds report fund balance in categories based on the level of restriction placed upon the funds. These levels are as follows:

- Nonspendable This category represents funds that are not in spendable form.
- Restricted –This category represents funds that are limited in use due to constraints on purpose and circumstances of spending that are legally enforceable by outside parties. This category includes funds that are legally restricted for endowment earnings, employee benefits, state and federal specific grants purposes, and for capital projects.

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

- Committed This category represents funds that are limited in use due to constraints on purpose and circumstances of spending imposed by City Council. Such commitment is made via a Council resolution and must be made prior to the end of the fiscal year. Removal of this commitment requires an equal action by Council. Committed funds include funds for specified program services as defined by the creation of the fund and interfund advance.
- Assigned This category represents intentions of the City to use the funds for specific purposes. This category includes encumbrances and funds remaining for debt service. The City's Charter requires City Council to approve a Resolution to set up encumbrances. The encumbrances are then submitted to individual department Directors for execution.
- Unassigned This category represents all other funds not otherwise defined for the General Fund. The General Fund is the only fund that reports a positive unassigned fund balance amount.

It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

#### (V) Pending Pronouncements

GASB has issued the following statements that will become effective in future years as shown below. Management has not yet determined the impact of these statements on the City's financial statements:

GASB Statement No. 102, "Certain Risk Disclosures," is effective for fiscal years beginning after June 15, 2024. This statement requires a government to assess whether a concentration or constraint makes the primary government reporting unit or other reporting units that report a liability for revenue debt vulnerable to the risk of substantial impact.

GASB Statement No. 103, *"Financial Reporting Model Improvements,"* is effective for fiscal years beginning after June 15, 2025. This statement objective is to improve key components of the financial reporting model including MD&A, unusual or infrequent items, proprietary fund statements, major component unit information and budgetary comparison information.

GASB Statement No. 104, *"Disclosure of Certain Capital Assets,"* is effective for fiscal years beginning after June 15, 2025. This statement requires certain types of capital assets to be disclosed separately and requires additional disclosures for assets held for sale.

### NOTES TO FINANCIAL STATEMENTS

#### YEAR ENDED DECEMBER 31, 2024

#### (W) Adoption of Pronouncements

GASB Statement No. 100, "Accounting Changes and Error Corrections" was adopted for the year ended December 31, 2024. The primary objective of this statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The impact of the adoption on the financial statements relates to reporting of accounting changes and error corrections and new/enhanced disclosures.

GASB Statement No. 101, "*Compensated Absences*" was adopted for the year ended December 31, 2024. In addition to the value of unused vacation time owed to employees upon separation of employment, the City now recognizes an estimated amount of leave earned as of year-end that will be used by employees as time off in future years as part of the liability for compensated absences. The effects of this adoption were not material to beginning net position and were adjusted through the statement of net position for the City and each applicable component unit.

#### **Component Unit Disclosures:**

#### Property Held for Redevelopment

Property held for redevelopment relates mainly to land and buildings held by the URA that is available for redevelopment. Depending on the nature of the redevelopment activity, the transfer of this property may consist of many forms: grant, subsidized or below-market sale, or an independent, market-based sale. This property is held at cost or estimated net realizable value, if less than cost. Estimated net realizable value is calculated once plans or disposition agreements are in place to dispose of property at less than cost. When assets are sold, the proceeds are either returned to the program to further its purposes or returned to the grantor agency that funded the original purchase.

#### Loans Receivable

URA loans receivable are recognized when the loan is established for loans with terms of thirty years or less. Loans with amortization terms greater than thirty years or which are repayable on a contingent basis, such as the sale of the property or completion of development, are treated as grants for accounting purposes and are recorded as expenditures when disbursed or are fully reserved.

It is the URA's policy to provide for future losses on loans based on an evaluation of the current loan portfolio, current economic conditions, and such other factors which, in the URA's

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

judgement, may impact collectability. As of December 31, 2024, the total allowance for uncollectible loans, including those only repayable on a contingent basis and fully reserved at the time of issuance, was \$194 million.

#### **Other Long-term Liabilities**

An Agreement of Sale in Lieu of Condemnation (Agreement) was executed on April 14, 2004 between the Public Parking Authority and Greyhound Lines, Inc. (Greyhound). As stipulated in the Agreement, the Public Parking Authority purchased from Greyhound the property located at the corner of Liberty Avenue and 11<sup>th</sup> street for the purchase price of \$6,242,000, which was immediately remitted to the Public Parking Authority for the construction of the bus terminal. Greyhound leases the bus terminal from the Public Parking Authority for an annual base rent of \$1 for an initial term of 30 years. There are three consecutive 10-year extension terms, each with an annual base rent of \$100,000. The \$6,242,000 is being recognized as revenue over the term of the lease, which commenced on October 1, 2008. The balance of unearned rent/revenue at December 31, 2024 is \$2,860,915. The lease portion of this transaction is not considered material and is thus not reflected under GASB 87.

#### Lease Receivables

The Parking Authority is a lessor for several noncancellable leases of space within their buildings and parking garages, the Stadium Authority is a lessor for a noncancellable lease of retail space and the URA is a lessor for various noncancellable leases of parking garage/lots and land. Each Authority recognizes a lease receivable and a deferred inflow of resources on the statement of net position for those lease agreements that extend beyond a 12-month period.

At the commencement of a qualifying lease, each Authority initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term. As of December 31, 2024, the Parking Authority's receivable for lease payments was \$1,832,158 and deferred inflow of resources was \$1,489,737. As of December 31, 2024, the Stadium Authority's receivable for lease payments was \$742,746 and deferred inflow of resources was \$652,061. As of December 31, 2024, the URA's receivable for lease payments was \$33,423,831 and deferred inflow of resources was \$32,507,216.

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

#### Special Item

Pittsburgh Water has recorded a special item for private line lead replacements. In accordance with GASB No. 62, a special item is an event or transaction that is distinguished by its unusual nature or by the infrequency of its occurrence, or both. Pittsburgh Water has determined that private lead line replacements qualify as a special item. For the year ended December 31, 2024, Pittsburgh Water received approximately \$1.0 million in federal grants for private lead line replacement that is recorded net of the special item expense.

#### 2. Budgets and Budgetary Accounting

**1. General Budget Policies** – As required by the Home Rule Charter, the City follows these procedures in establishing the budgetary data reflected in the financial statement:

a. On the second Monday of November preceding the fiscal year, the Mayor presents to City Council a General Fund and Community Development Fund operating budget and a capital budget for the succeeding fiscal year.

b. Public hearings are conducted to obtain the advice of other officials and citizens as part of the preparation of these budgets.

c. Before the beginning of the fiscal year, City Council adopts, by resolution, these budgets.

d. The adoption of the operating and capital budgets constitutes an appropriation or setting apart of funds from general resources of the City for purposes set forth in the budgets.

e. City Council may amend, by resolution, the operating budget within five weeks after the beginning of the fiscal year, but not thereafter except with the approval of the Mayor. The capital budget may, by resolution, be amended by City Council at any time.

f. City Council at all times may, by resolution, transfer funds from one account to another if the total operating budget amount is not exceeded. No revision to the budget may be made without City Council approval. The operating budget shall, in any event, remain balanced at all times.

g. The capital budget is generally based on a proposed six-year capital program, which must be updated each year and submitted to City Council by the Mayor at least 30 days prior to the day the operating budget is submitted. The capital budget also includes appropriations for the Community Development Fund. Budget and actual data for the Community Development Fund

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

is reflected in the Community Development Fund. The remainder of the capital budget is reflected in the Capital Projects Fund.

h. Formal budgetary integration is employed as management control device for the General, the Community Development, and the Capital Projects Funds. Formal budgetary integration is not employed for the debt service fund since effective budgetary control is alternatively achieved through general obligation bond indenture provisions, nor for the other governmental funds since control is prepared on a project basis. For the American Rescue Plan Act Fund, the City has prepared a City Council approved spending plan based on allowable expenditures. The General, Community Development, and Capital Projects Funds have legally adopted annual budgets. i. All budgets are prepared and controlled at the department level by subclass. The Budget Office reviewed all budget deficits and monitored budget to actual by subclass during the year. Further refinement of the budget control matters is expected to be addressed in a future year. Due to the voluminous number of projects, separately issued line item capital budget reports are available from the City Controller's Office.

j. Operating appropriations lapse at year-end. City Council can, however, authorize, by resolution, the carryover of appropriations to the following year. The Community Development and Capital Projects Funds appropriations carry over to subsequent years without formal re-appropriation.

k. Operation budget figures are amended by City Council with Mayoral approval. These budget amendments represent additional unanticipated federal funding, line item transfers between expenditures accounts and carryover of appropriations from the previous year. The approved original General Fund budget includes revenues of \$714.2 million and expenditures of approximately \$686.0 million in 2024. The budgetary expenditures, as amended, increased for carryover appropriation and other changes approved by City Council during 2024 of \$34.5 million.

**2. Budgetary Basis of Accounting** – The General Fund budget is adopted on a cash basis. Budgeted encumbrances for purchase commitments are treated as restrictions of available cash and as expenditures. Budgets in Capital Projects Funds are also adopted on a cash basis, except that budgets for each project are adopted on a project basis, which may encompass a period longer than one year. Accordingly, budget figures, as amended, for Community Development and Capital Projects Funds reflect current year appropriations and unexpended prior year's appropriations.

**3. Excess Expenditures over Appropriations** - The City had negative ("overspent") variances in the General Fund salaries and benefits line item for four public safety departments (Bureau of Administration, Emergency Medical Services, Bureau of Fire, and Bureau of Animal Care and Control), two public works departments (Operations and Facilities) and Department of Parks and

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

Recreation-Administration. In addition, the City had two non-salaries line items with negative variances for City Council as a Body and Public Works Bureau of Administration.

The excess expenditures were covered primarily by favorable budget variances in other expenditure categories. For 2024, the City decided to show the variances rather than amend the budget.

#### **3.** Deposits and Investments

Both Pennsylvania statutes and City code provide guidelines for investment of governmental funds into certain authorized investment types including U.S. Treasury bills, other short-term U.S. and Pennsylvania government obligations, short term commercial paper issued by a public corporation, banker's acceptances, insured or collateralized time deposits, and certificates of deposit. Both allow the pooling of funds for investment purposes. Neither the statutes, nor City code prescribe regulations related to demand deposits; however, all depositories of City funds must meet qualifying criteria set forth in Section 223 of the City code.

The investment policy of the City compliments state statutes and adheres to prudent business practice. There were no investment transactions during the year that were in violation of either the state statutes or the policy of the City.

#### (A) Primary Government Funds and Custodial Funds

Cash and cash equivalent balances available for investment by most City funds are maintained in pooled bank and investment accounts to improve investment opportunities. Income from investment of pooled cash is recorded in the General Fund. Certain unrestricted and restricted cash and short-term investment balances in the accompanying balance sheet represent the undivided interest of each respective fund in the pooled accounts.

Investment policies permit the City to invest in the following:

- 1. U.S. Treasury Securities (bills, notes, bonds).
- 2. Obligations of specific agencies of the federal government where principal and interest are guaranteed by the U.S. government.
- 3. Fully insured or collateralized certificates of deposit at commercial banks and savings and loan associations accepted as depository institutions under the Pittsburgh City Code.

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

- 4. Money market mutual funds authorized by City Council whose portfolio consists of government securities issued by the U.S. government and that are fully guaranteed as to principal and interest.
- 5. Local government investment pools and or trusts as approved by the state legislature or City Council from time to time.
- 6. Repurchase agreements collateralized by the U.S. Treasury securities and marked to market. In order to participate in the repurchase agreement market, a depository must execute a master repurchase agreement contract with the City.

To ensure adequate liquidity, at least 10% but no more than 40% of the portfolio shall be in overnight repurchase agreements, money market funds, or other secure and liquid forms of acceptable investments. Unless specifically matched to a cash flow, at least 20% of the portfolio shall mature within 91 days with the maximum maturity of any investment to be no longer than one year from the date of purchase unless specifically approved in writing by the Director of Finance.

The City maintains compensating balances with some of its depository banks to offset specific charges for check clearing and other services.

As of December 31, 2024, cash and cash equivalents include PLGIT, PA INVEST, and money market funds for presentation on the statement of net position and governmental funds balance sheet. PLGIT and PA INVEST are reported at amortized cost, which approximates market. The City can withdraw PLGIT and PA INVEST funds without limitations or fees with the exception of PLGIT Prime (\$45,078,499 million at December 31, 2024) which is limited to two withdrawals per month.

#### **Governmental Funds**

*Custodial Credit Risk* – Custodial credit risk is the risk that in the event of a bank or counterparty failure, the City's funds may not be returned to it. The City policy does not specifically address custodial credit risk. As of December 31, 2024, \$309,843,661 of the City's combined bank balances of \$312,343,661 subject to custodial credit risk were exposed to custodial credit risk, which is collateralized in accordance with Act 72 of the Pennsylvania state legislature, which requires the institution to pool collateral for all governmental deposits and have the collateral held by an approved custodian in the institution's name.

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

*Interest Rate Risk* – The City's investment policy limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates; the City investments must have maturities no greater than ten years within the constraint of meeting cash flow requirements. As of December 31, 2024, the City's exposure to interest rate risk was limited to \$37,000,000, 12% of deposit and investment funds available, with a weighted average maturity period of 207 days.

*Credit Risk* – The City's investment policy limits its investment choices based on government backed instruments and credit ratings by nationally recognized statistical rating organizations. As of December 31, 2024, the City's investments in PA INVEST and PLGIT totaling \$194,250,481 were rated AAAm by S&P Global Ratings.

#### Private-Purpose Trust and Custodial Funds

*Custodial Credit Risk* – As of December 31, 2024, all of the City's Private-Purpose and Custodial Funds' combined bank balances of \$40,633,199 were exposed to custodial credit risk, which is collateralized in accordance with Act 72 of the Pennsylvania state legislature, which requires the institution to pool collateral for all governmental deposits and have the collateral held by an approved custodian in the institution's name.

*Interest Rate Risk* – The City's investment policy limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates; the City's investments must have maturities no greater than ten years within the constraint of meeting cash flow requirements. As of December 31, 2024, the City's Private-Purpose Trust and Custodial Funds had no exposure to interest rate risk.

*Credit Risk* – The City's investment policy limits its investment choices based on government backed instruments and credit ratings by nationally recognized statistical rating organizations. \$8,500,000 of the City's Private-Purpose Trust and Custodial Funds cash and cash equivalents are held in U.S. Treasuries and are therefore not exposed to this type of risk.

#### (B) Pension Trust

Deposits are maintained by all entities within the Funds. The Comprehensive Municipal Pension Trust Fund (CMPTF) holds all investment vehicles on behalf of the Funds. The CMPTF was established on January 1, 1988 by combining the assets and liabilities of the three prior investment plans representing the City of Pittsburgh Police and Fire Departments and Nonuniformed Municipal workers in order to provide a consolidated investment strategy to support the City of Pittsburgh pension obligation.

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

The CMPTF is governed by a formal investment policy established by its Board of Directors (Board). The policy dictates that investments must be managed in a manner consistent with the Pennsylvania Municipal Pension Plan Funding Standard and Recovery Act (Act 205) and the Pennsylvania Fiduciaries Code. The policy covers the two components of the CMPTF: 1) the Operating Fund and 2) the Long-Term Assets. The Operating Fund is a liquidity pool to accept employee, employer and supplemental state contributions and to make benefit disbursements. As such, the Operating Fund investments are restricted to high quality, very short duration fixed income instruments whose average maturity must not exceed six months and whose quality is restricted to investment grade and above securities. The Long-Term Asset component includes restrictions on both fixed income and equity investments as discussed below in further detail in this footnote.

#### **Deposits**

*Custodial Credit Risk* – For a deposit, custodial credit risk is the risk that in the event of a bank failure, the combined deposits of the City's pension funds may not be returned to it. There are no formal deposit policies specifically addressing custodial credit risk.

As of December 31, 2024, \$873,422 of the City's pension cash account deposits of the \$4,411,451 combined bank balance was insured by the Federal Deposit Insurance Corporation. The remaining bank balance was exposed to custodial credit risk, which is collateralized in accordance with Act 72 of the Pennsylvania state legislature, which requires the institution to pool collateral for all governmental deposits and have the collateral held by an approved custodian in the institution's name. \$4,125,817 of cash and cash equivalents were held at December 31, 2024 in the separate pension funds.

#### **Investments**

Long-term investments are all held by the CMPTF and are stated at fair value. These investments are assigned to professional asset managers that specialize in certain types of investments with oversight by an outside investment consultant and the Board in order to achieve an appropriate, diversified and balanced asset class mix to minimize portfolio risk.

The Investment Policy of the CMPTF dictates an allocation of 60% equity, 40% fixed income with a variation of 10% above or below these targets for each classification. At December 31, 2024, the CMPTF had been in compliance with this policy. Within each investment category there are specific policies to further address various types of risk compared to return. The investment

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

advisors monitor compliance with the City's investment policy on a granular level that is different from the table below.

The CMPTF's pension trust fund categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The pension trust funds have the following recurring fair value measurements at December 31, 2024:

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

Money market funds, mutual funds, U.S. treasury notes, and common stocks are valued using prices quoted in active markets for those securities and are included in the Level 1 fair value hierarchy. Corporate debt is valued using a matrix pricing model and are included in the Level 2 fair value hierarchy. The fair values of FNMA, GNMA, and FHLM securities are priced by third party pricing services using observable market data and are included in the Level 2 fair value hierarchy. As the yields for the risk-free yield curve and the spreads for these securities are observable market inputs, the fair values are included in the Level 2 fair value hierarchy.

For Level 3 items, the CMPTF's valuation is determined in good faith from information provided by the General Partner of the limited partnerships. Fair value for the limited partnerships is based on the best information available and is determined using information including, but not limited to, the following: projected sales, net earnings, earnings before interest, taxes, depreciation and amortization, balance sheets, public or private transactions, valuations for publicly-traded comparable companies, and/or other measures, and consideration of any other pertinent information including the types of securities held and restrictions on disposition. Quantitative unobservable inputs of Level 3 items are not developed by the CMPTF for measuring fair value.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient:

Investments Measured Using the Net Asset Value per Share Practical Expedient

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

These investments have the following strategies:

The ABS Emerging Markets Fund is an exclusive emerging markets fund of hedge funds.

The ABS Offshore SPC Global Fund is a portfolio of several direct hedge fund investments, all in long/short equity strategies.

*Entrust Three Rivers Partnership* is a multi-strategy hedge fund of funds.

The *Parametric Defensive Equity Fund* seeks to outperform S&P 500 index, reduce volatility versus the S&P 500 Index, and reduce magnitude of drawdowns and recover faster from stress events.

*Barings Core Property Fund* is a real estate fund that specializes in property investments in the United States.

*RREEF America REIT II* is a real estate investment trust launched and managed by RREEF America L.L.C. The fund invests in the real estate markets of the United States.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of the future fair values. Furthermore, although the trust fund believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

*Concentration of Credit Risk* – The Comprehensive Trust investment guidelines address this risk by requiring diversity and investment percentage limits. With the exception of Federal Government and Agency obligations, no one issue will comprise more than 10% of the aggregate fixed-income portfolio without the Board's prior approval. In addition, equity investment concentration in any single industry and in any company shall not exceed 25% and 5%, respectively, of the market value of the plan assets. To further reduce risk, diversification will also be achieved by using multiple managers whose styles and strategies are sufficiently distinctive. International managers may be allocated up to 30% of the plan's equity assets, and up to 50% of this allocation may be allocated to emerging markets investments. As of December 31, 2024, the Comprehensive Trust is in compliance with these limits.

*Interest Rate Risk* – The Comprehensive Trust has no formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The schedule below details maturity by investment type.

#### YEAR ENDED DECEMBER 31, 2024

Credit Risk – The risk that an issuer or other counterparty to an investment will not fulfill its obligations is called credit risk. The policy guidelines of the Comprehensive Trust limit investments to Federal Government and Agency issues and corporate issues having a Moody's rating of Aaa to Baa, with the exception that up to 20% of the fixed income assets may be allocated to high yield fixed-income securities. The Pension Trust Fund's December 31, 2024 investments in fixed income securities have received the following ratings from Moody's; the City's remaining investments were unrated:

| <br>Fair Value   | Credit Rating | Income Investments |
|------------------|---------------|--------------------|
| \$<br>20,459,211 | Aaa           | 32.49%             |

#### (C) OPEB Trusts

The City's OPEB trust funds (all assets are related to the Retiree and Fire OPEB plans discussed in Note 8) categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. As of December 31, 2024, the OPEB trust funds had the following recurring fair value measurements:

|                                 |    |            | <br>Fai          | ir Value | e Measuremen | ts      |   |  |

| Cash and cash equivalents       | _  | 1,101,835  | <br>             |          |              |         |   |  |
| Total OPEB Trusts               | \$ | 42,640,838 |                  |          |              |         |   |  |

Mutual funds, U.S. Treasury Notes, real estate exchange traded funds and money market funds are classified in Level 1 are valued using prices quoted in active markets for those securities. The following is a description of the OPEB Trust Funds deposit and investment risks:

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

*Credit Risk* – The risk that an issuer or other counterparty to an investment will not fulfill its obligations is called credit risk. The OPEB Trust Funds' investment policy dictates that investments shall include Federal Government and Agency issues and corporate issues having a Standard and Poor's rating of BBB to AAA or a Moody's rating of Baa to Aaa with the exception that up to 20% of fixed income assets may be allocated to high yield fixed-income securities. The target S&P credit rating of the aggregate portfolio shall be A or better.

*Interest Rate Risk* – Interest rate risk is the risk that changes in interest rates will adversely affect the value of investments. Through its investment policy, the OPEB Trust Funds manage exposure to interest rate risk by utilizing certain criteria in selecting particular investment funds. U.S. government and agency funds mature in 1-9 years.

The asset allocation policies shall seek to produce a net, inflation adjusted, positive total return. The asset allocation policy shall be consistent with the investment objectives of the plan and based on the capital market assumptions.

The Investment Policy of each OPEB Trust Fund dictates an allocation for the Long-Term Assets of 60% equity, 40% fixed income with a variation of 10% above or below these targets for each classification. At December 31, 2024, the OPEB Trust Funds had been in compliance with this policy. Within each investment category there are specific policies to further address various types of risk compared to return.

The OPEB Trust Funds' investment in mutual funds was unrated.

#### (D) Pittsburgh Water

Pittsburgh Water is authorized to invest in obligations of the U.S. government and governmentsponsored agencies and instrumentalities; fully insured or collateralized certificates of deposit; commercial paper of the highest rating; repurchase agreements collateralized by government obligations or securities and highly rated bank promissory notes or investment funds or trusts; and, as to trusteed assets, as otherwise permitted by the trust indenture as supplemented and amended in 2020. Throughout the year ended December 31, 2024, Pittsburgh Water invested its funds in such authorized investments. Pittsburgh Water has a formal investment policy that addresses custodial credit risk, interest rate risk, credit risk, or concentration of credit risk.

*Custodial Credit Risk* – Custodial credit risk is the risk that in the event of a bank failure, Pittsburgh Water's deposits may not be returned to it. As of December 31, 2024, \$82,435,000 of Pittsburgh Water's bank balance of \$82,685,000 was exposed to custodial credit risk. The amounts exposed to custodial credit risk are collateralized in accordance with Act 72 of the Pennsylvania state

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

legislature which requires the institution to pool collateral for all governmental deposits and have the collateral held by an approved custodian in the institution's name. These deposits have a carrying amount of \$80,119,000 as of December 31, 2024, all of which is reported as current assets in the statement of net position.

At December 31, 2024, Pittsburgh Water held the following investment balances (in 000s):

|                   |     |             | Maturity in years |           |  |  |  |
|-------------------|-----|-------------|-------------------|-----------|--|--|--|
|                   |     |             | Less              |           |  |  |  |
|                   | Car | rying value | th                | an 1 year |  |  |  |
| PA INVEST         | \$  | 10,145      | \$                | 10,145    |  |  |  |
| Money market      |     | 22,388      |                   | 22,388    |  |  |  |
| Total Investments | \$  | 32,533      | \$                | 32,533    |  |  |  |

The carrying value of Pittsburgh Water's investments is the same as their fair value amount.

Pittsburgh Water's investments in money markets and PA INVEST (external investment pool) are the same as the value of the pool shares and are reported at amortized cost, which approximates market. All investments in an external investment pool that are not SEC-registered are subject to oversight by the Commonwealth. Pittsburgh Water can withdraw funds from INVEST without limitations or fees.

*Interest Rate Risk* – Interest rate risk, the risk that changes in the interest rates will adversely affect the fair value of the Pittsburgh Water's investments. Pittsburgh Water is not subject to interest rate risk, as all of its investments at December 31, 2024 had maturities of less than one year.

*Credit Risk* – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. As of December 31, 2024, Pittsburgh Water's investments in PA INVEST were rated AAAm by S&P Global Ratings.

*Concentration of Credit Risk* – Concentrations of credit risk is the risk of loss attributed to the magnitude of a government's investments in a single issuer. Pittsburgh Water places limits on the amount it may invest in any one issuer. Pittsburgh Water was in compliance with the established limits at December 31, 2024.

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

#### (E) The Stadium Authority of the City of Pittsburgh (Stadium Authority)

The Stadium Authority's policy is to maintain all cash deposits in qualified public depositories and is authorized to invest in securities of the United States government, other instruments that are collateralized by United States government securities, repurchase agreements subject to certain restrictions and other debt instruments set forth by the office of the State Treasurer of the Commonwealth.

*Interest Rate Risk* – The Stadium Authority limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. All the Stadium Authority's investments have maturities of one year or less.

*Credit Risk* – The Stadium Authority is subject to credit risk on investments. The maximum amount of loss the Stadium Authority would incur, if any, if the parties failed to perform on their obligation is limited to the amount recorded in the financial statements. The Stadium Authority does not hold any type of collateral on these investments.

*Concentration of Credit Risk* – The Stadium Authority places no limit on the amount that may be invested in any one institution. The Stadium Authority maintains its cash and cash equivalent balances at three financial institutions. At December 31, 2024, all of the Stadium Authority's cash and cash equivalent deposits were either insured under federal insurance programs or collateralized.

#### (F) Public Parking Authority of Pittsburgh (Parking Authority)

#### Cash and Deposits

The Parking Authority's cash deposits are insured by the Federal Deposit Insurance Corporation or were not insured or collateralized in the Parking Authority's name but were collateralized in accordance with Act 72 of the Pennsylvania State Legislature, which requires the institution to pool collateral for all governmental deposits and have the collateral held by an approved custodian in the institution's name. At December 31, 2024, the Parking Authority had a bank and book balance of \$8,579,626 and \$8,907,198 (including \$8,451,845 of restricted cash), respectively.

#### <u>Investments</u>

As of December 31, 2024, the Parking Authority had the following investments, of which \$40,624,141 is restricted as to their use.

Mutual funds are valued using quoted market prices (Level 1 inputs).

Interest Rate Risk – The Parking Authority does not have a formal investment policy that limits investments maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

*Credit Risk* – The Parking Authority has no investment policy that limits its investment choices. The deposit and investment strategy of the Parking Authority adheres to State statutes, related trust indentures, and prudent business practice.

*Concentration of Credit Risk* – The Parking Authority places no limit on the amount the Parking Authority may invest in any one issuer.

#### (G) Urban Redevelopment Authority (URA)

The URA is authorized to make investments of the following types pursuant to the Redevelopment Act which requires investments meet a "reasonable man" standard. Under the URA's policy, authorized investments include (1) United States Treasury bills, (2) short-term obligations of the United States government or its agencies or instrumentalities, (3) deposits in savings accounts or time deposits or share accounts of institutions which are insured, (4) obligations of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities or any political subdivision thereof, and (5) shares of an investment company registered under the Investment Company Act of 1940, whose shares are registered under the Securities Act of 1933, provided that the investments of that company meet the criteria of (1) through (4) above.

The deposit and investment practices of the URA and its component unit adhere to statutory and contractual requirements and prudent business practice. Deposits of the governmental funds are either maintained in demand deposits or savings accounts, and certificates of deposit. There

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

were no deposit or investment transactions during the year that were in violation of either the state statutes or the trust indentures.

*Custodial Credit Risk* – Custodial credit risk is the risk that in the event of a bank failure, the URA's deposits may not be returned to it. The URA does not have a formal policy for custodial credit risk. As of December 31, 2024, \$85,937,577 of the URA's bank balance of \$87,207,158 was exposed to custodial credit risk, which is collateralized in accordance with Act 72 of the Pennsylvania state legislature, which requires the institution to pool collateral for all governmental deposits and have the collateral held by an approved custodian in the institution's name. As of December 31, 2024, the carrying amounts of the URA's deposits were \$87,184,922.

As of December 31, 2024, \$6,131 of the component unit's bank balance was exposed to custodial credit risk. As of December 31, 2024, the carrying amounts of the component unit's deposits were \$240,436.

| FNMA               |    | 36,263      |    | -                 |    |       | - |    |       | - |    | 36,263  |    | -      |
| Total              | \$ | 79,115,141  | \$ | 78,514,562        | \$ |       | - | \$ |       | - | \$ | 577,597 | \$ | 22,982 |

In addition to the deposits noted above, included in the investments were the following:

Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of the URA's investments. The URA's policy is to attempt to match its investments with anticipated cash flow requirements. Unless matched to specific cash flow requirements, the URA will not directly invest in securities maturing more than five years from the date of purchase or in accordance with state and local statutes and ordinances.

Freddie Mac, FNMA, and GNMA investments are comprised of assets securitized in the secondary market from loans issued from the loan programs. The maturities noted in the table above reflect the final maturity of the respective security and does not take into consideration non-routine repayments on principal as it is not possible to forecast these repayments. It is management's intention to hold these securities until maturity. Interest rates on these investments are fixed

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

and principal and interest repayments from these investments will be used to repay the related debt service.

*Credit Risk* – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The URA has an investment policy that limits its investment choices based on credit qualifications by investment type. As of December 31, 2024, the URA's investments in Money Market Funds were rated AAAm by Standard and Poor's. The URA's remaining investments were not rated as of December 31, 2024.

*Concentration of Credit Risk* – There is no limit on the amount that may be invested in any one issuer. None of the URA's investments are more than 5% with the same issuer.

Money Market Funds are valued using quoted market prices (Level 1 inputs). The fair values of Freddie Mac, GNMA, and FNMA securities are priced by third party pricing services using observable market data and are included in the Level 2 fair value hierarchy.

## 4. Transactions with Pittsburgh Water

In July 1995, the City entered into a Cooperation Agreement and a Capital Lease Agreement (collectively referred to as the Agreements with Pittsburgh Water). The Cooperation Agreement was renegotiated by the Pittsburgh Water Board of Directors and the City Mayor's Office.

### (A) Cooperation Agreement

Under the terms of the original Cooperation Agreement, City Water Department employees became employees of Pittsburgh Water. As a result, Pittsburgh Water assumed various obligations from the City. The City and Pittsburgh Water provided various services to each other in accordance with the Cooperation Agreement, and Pittsburgh Water reimbursed the City for direct and indirect costs attributed by the City to the operation and maintenance of the System.

Under the original Agreement, Pittsburgh Water provided up to 600 million gallons of water annually for the City's use without charge. Also, Pittsburgh Water assumed the City's obligation for the cost of subsidizing water service to those residents of the City situated beyond Pittsburgh Water's service area so that those water users pay charges that mirror the rates of Pittsburgh Water.

On February 4, 2019, Pittsburgh Water's Board issued a resolution that the existing Cooperation Agreement shall be terminated in accordance with the terms of the agreement, 90 days after the

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

approval of the resolution. City and Pittsburgh Water officials collaborated on a new Cooperation Agreement to further implement efficiencies and improvements, including: permitting Pittsburgh Water to reimburse the City for pension costs for Pittsburgh Water employees covered by the City's pension plans, allowing the City to charge the Pittsburgh Water the usual rates that other utilities pay for permit fees, and charging the City for water, stormwater, wastewater coveyance, and ALCOSAN usage, with a five-year phase-in starting in 2020 for water and wastewater charges only. The Pittsburgh Water Board implemented the new Cooperation Agreement as of October 3, 2019. This agreement has been filed with the Pennsylvania Public Utility Commission (Commission) according to Title 66, §507 of the Public Utility Code, and can be modified by order of the Commission. On July 23, 2020, Pennsylvania Act 70 (Act 70) was signed into law. Act 70 provides that the Cooperation Agreement shall have the force and effect of law until January 1, 2025, or an earlier termination date to which the City and Pittsburgh Water mutually agree. Pittsburgh Water and the City are currently working to extend the term of the Cooperation Agreement beyond January 1, 2025 and are in negotiations regarding the terms of such an extension. It is anticipated that the new term will be retroactive back to January 1, 2025.

### (B) System Lease

The City and PWSA entered into a Capital Lease Agreement (Capital Lease), effective July 27, 1995, with a term of thirty years, commencing as of July 15, 1995 and ending on September 1, 2025. The Capital Lease stipulates minimum lease payments of approximately \$101,000,000, including interest, all of which were satisfied during the initial three years of the capital lease. PWSA has the option to purchase the System September 1, 2025 for \$1. PWSA intends to exercise the option to purchase.

### (C) Pension

As of December 31, 2024, the City has retained the pension obligation for Pittsburgh Water's employees who participate in the City's Municipal Pension Plan. The extent of Pittsburgh Water's participation in such obligation with respect to these employees whose membership continued upon becoming employees of Pittsburgh Water, as well as new members, is determined by the Cooperation Agreement.

The City and Pittsburgh Water determined upon a payment of approximately \$4.1 million for Pittsburgh Water's share of the City's current pension costs for the year ended December 31, 2024. Pittsburgh Water's payment was calculated based on the percentage of its covered payroll to the total covered payroll, which approximates 15.1%.

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

See additional related party transaction disclosures for the URA, Stadium Authority, and Parking Authority in Note 13.

### 5. Real Estate Taxes

### Real Estate Taxes

The City has the power to levy and collect ad valorem taxes on all taxable real estate within its boundaries. Real estate is assessed by Allegheny County Office of Property Assessment pursuant to the terms of the General County Assessment Law and the Second Class County Assessment Law, which require property to be assessed at actual market value. Property is assessed by the Board at 100% of fair market value. The taxable assessed value for 2024 was \$21,873,865,000.

A unified tax levy for land and buildings is made annually on January 1 and collected by the City. Taxes are payable annually or in three installments, at the taxpayers' option, normally due the last day of February, April 30, and July 31. A 2% discount is allowed on either the first installment or the full year tax payment, normally if paid by February 10. If no payment is received by the last day of February, the installment payment privilege is forfeited, and the entire tax for the year is considered delinquent. Penalty and interest are imposed on the property at time of lien.

### Property Tax Reassessments

The City taxes land and buildings at the same unified rate and plans to maintain a unified rate unless land values are reassessed in the future. A court-ordered reassessment for Allegheny County, including the City of Pittsburgh, occurred during 2012. These reassessed values will continue to be used until the next reassessment. No "windfall" to the municipality can occur due to state law.

City and School Real Estate Taxes (property taxes) are based on the assessed value of the property as determined by the Allegheny County Board of Assessors. The assessed value of a property is broken down by land value and building value. For 2024, the City's tax rate was 8.06 mills for general purposes and 0.50 for parks on the assessed value of the property. The School District of Pittsburgh's tax rate was 10.25 mills on the assessed value. A mill is 1/10 of a cent. For example, on a property assessed at \$1,000, the City Real Estate tax would be \$8.56. The School District of Pittsburgh Real Estate Tax would be \$10.25.

Taxes are billed on a calendar year.

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

The City has accrued for tax refunds and tax credits within accounts payable on the statement of net position and governmental funds balance sheet (General Fund) for payments received that are subject to refund.

### Tax Abatements

The City's tax abatements are authorized by City Council ordinance. Recipients are eligible for tax abatement for various reasons such as development costs, property location, or renovations that would otherwise result in increased property assessment. All tax abatements are a set dollar amount and are received as tax credits with the exception of Act 42 abatements which reduce the assessed value. The following are City's tax abatement programs:

- 3-year Act 42 available Citywide for residential properties for sale or rental;
- 10-year Act 42 Enhanced available in 28 defined Targeted Growth zones for residential properties for sale or rental;
- 5-year Commercial LERTA available Citywide for commercial properties or industrial properties for sale or rental;
- Chapter 265 abatement program is an assessment reduction for owner-occupied residential or for sale development projects. The standard abatement is for 3 years, while the enhanced offers a 10 year abatement if at least 10% of units are affordable and at or below 80% AMI, or are located in the Lower Hill District.
- Chapter 267 abatement program is a tax credit for commercial residential (not owneroccupied), industrial, or other business structures. The standard abatement is for 3 years, while the enhanced offers a 10 year tax credit if at least 10% of units are affordable and occupied by households at 50% AMI, or includes 60% if its units at 80% AMI, or are located in the Lower Hill District, or the project creates at least 50 full-time jobs.
- 10-year Residential LERTA available in 4 defined areas for residential properties rental or hotels;
- 10-year Residential Enhanced LERTA available in 4 defined areas for residential properties separately assessed units;
- 5-year Visitability Credit (Disability Access) available Citywide for residential properties single family, duplex, triplex, adaptive reuse (none at December 31, 2024);
- 10-year Local Economic Stimulus available citywide for large developments residential properties, commercial properties or industrial properties.

The City's tax abatement agreements do not contain recapture provisions for non-compliance. There were no amounts received or receivable from other governments in association with the

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

forgone taxes. The City did not make other commitments other than to reduce taxes as part of the tax abatement agreements.

During 2024, real estate tax abatements were as follows:

| Act 42                     | \$<br>3,496     |
|----------------------------|-----------------|
| Act 42 Enhanced            | 727,743         |
| Chapter 265 Base           | 16,925          |
| Chapter 265 Enhanced       | 17,304          |
| Chapter 267 Base           | 125,000         |
| Chapter 267 Enhanced       | 41,230          |
| Commercial LERTA           | 6,343           |
| Residential LERTA          | 3,236,824       |
| Residential Enhanced LERTA | 431,929         |
| Local Economic Stimulus    | <br>1,744,019   |
| Total tax abatements       | \$<br>6,350,813 |

#### Other Tax Arrangements

Other tax arrangements include the following:

- Homestead Exemption for first \$15,000 of assessed value for residential property that is owner occupied. The Homestead application must be filed at the Allegheny County office of Property Assessment.
- Tax Increment Financing Real estate tax revenue is diverted to another entity to cover bond payments for debt used for re-development and other community improvement projects.
- Act 77 Senior Tax Relief The City offers a senior tax relief program for eligible owner occupants. Current qualifications are: (A) at least 60 years of age; (B) must have owned and occupied a home in Allegheny County for ten consecutive years preceding application; (C) total household income cannot exceed \$30,000 (using 50% of your social security benefits); (D) owner must be a natural person.

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

During 2024, other real estate tax arrangements as defined above resulted in the following forgone tax amounts:

| Homestead Exemption          | \$<br>6,121,177 |
|------------------------------|-----------------|
| Tax Increment Financing      | 464,839         |
| Act 77 Exemption             | <br>1,311,177   |
| Total tax other arrangements | \$<br>7,897,193 |

## NOTES TO FINANCIAL STATEMENTS

### YEAR ENDED DECEMBER 31, 2024

### 7. Pension Plans

### (A) Organization and Description of Plans

The City is responsible for the funding of retirement benefits for the three pension plans described below. Investments of the plans are held by the Comprehensive Municipal Pension Trust Fund (Comprehensive Trust), in accordance with the Municipal Pension Plan Funding Standard and Recovery Act of 1984 9 (Act 205) and are administered under the direction of that fund's Board.

In accordance with Act 205 and the Acts under which the Municipal Pension Plan of the City of Pittsburgh, the Policemen's Relief and Pension Plan of the City of Pittsburgh, and the Firemen's Relief and Pension Plan of the City of Pittsburgh were established; a separate accounting for the activities of these three plans is maintained including the employees' contributions, allocation of state aid and the City's annual contribution and a calculation of each Plan's undivided interest in the investments held by the Comprehensive Trust. Additionally, separate actuarial valuations are performed annually for each plan. However, the individual plans do not record the undivided interest in the investments in their individual plans since the assets of the Comprehensive Trust are available for the payments of benefits and expenses of any of the three pension plans without limitations. Therefore, in accordance with Governmental Accounting Standards, the City is considered to be administering a single plan for financial reporting purposes. The three pension plans plus the Comprehensive Trust constitute the City's Pension Plan.

The retirement plans issue a publicly available combined financial report that includes financial statements and required supplementary information. This report may be obtained by contacting the following:

City of Pittsburgh Combined Pension Fund C/O Department of Finance City/County Building Pittsburgh, PA 15219

Key provisions of the Municipal Pension Fund, the Policemen's Fund, and the Firemen's Fund are summarized below. The actual plan provisions should be reviewed to capture all the details.

## NOTES TO FINANCIAL STATEMENTS

### YEAR ENDED DECEMBER 31, 2024

### The Municipal Pension Plan

The Municipal Pension Plan of the City of Pittsburgh (Municipal Plan) was established by Act 259 of May 28, 1915, P.L. 596. Every full-time employee of the City and Pittsburgh Water who is not covered by the Policemen's Plan or the Firemen's Plan is required to join the Municipal Plan after serving a 90-day probationary period. Participation in the Municipal Plan is closed to non-union PWSA employees hired after March 1, 2019. The Municipal Plan is a single employer defined benefit plan, and its purpose is to provide retirement, disability, and other benefits to its members. The City and members of the Municipal Plan are required to make contributions to the Municipal Plan for the purpose of paying benefits and administrative expenses. At January 1, 2023, the date of the most recent actuarial valuation for funding purposes, the Municipal Fund has 3,730 total members, of which 1,806 are active members; 1,697 are inactive plan members or beneficiaries currently receiving benefits; and 227 are inactive plan members entitled to but not yet receiving benefits.

Effective January 1, 1995, the City terminated employment of the 255 employees of its Water Department. As part of a Cooperation Agreement with Pittsburgh Water, the 255 terminated employees became employees of Pittsburgh Water. Pittsburgh Water employees' membership in the Municipal Plan continued with no break in service, as provided for by the Municipal Pension Act, because Pittsburgh Water had no retirement plan. The City considers Pittsburgh Water a part of the reporting entity and thus the Plan continues to be a single employer plan. Contributions are calculated based on the Cooperation Agreement. As of the date of these financial statements, the Plan has not reported or attributed measurements of assets or the net pension liability on the basis of the group of members who are Pittsburgh Water employees. As of December 31, 2024, Pittsburgh Water and the City have not determined the ultimate amount to be paid (Pittsburgh Water's proportion of the City's net pension liability) by Pittsburgh Water pending completion of an actuarial study. Pittsburgh Water is estimating their proportion of the net pension liability to be between \$20 and \$30 million.

As discussed in Note 4, on February 4, 2019, Pittsburgh Water's Board issued a resolution that the existing Cooperation Agreement shall be terminated in accordance with the terms of the agreement, 90 days after the approval of the resolution. City and Pittsburgh Water officials have collaborated on a New Cooperation Agreement to further implement efficiencies and improvements, including requiring Pittsburgh Water to reimburse the City for pension costs for Pittsburgh Water employees covered by the City's pension plan, with a five-year-phase-in starting in 2020. Pittsburgh Water Board implemented the new Cooperation Agreement as of October 3, 2019. The City and Pittsburgh Water determined upon payment of approximately \$4.1 million for Pittsburgh Water's share of the City's pension costs, prior to adjustment for Pittsburgh Water's portion of the state aid received by the City for pension costs, for the year-ended December 31,

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

2024. Pittsburgh Water's payment was calculated based on the percentage of its covered payroll to the total covered payroll, which approximates 15.1%.

Retirement benefits are available, for all employees other than Emergency Medical Services, at the employee's option upon the later of attainment of age 60 or completion of 8 years of service, normal retirement. For Emergency Medical Service employees, normal retirement is available at the later of attainment of age 55 or 8 years of service. A plan member is eligible for early retirement upon attainment of age 50 and completion of eight years of service. For early retirees, benefit payments may be deferred until 60 years of age, or paid immediately at reduced amounts, as defined by the Plan. Upon completion of eight years of service and attainment of age 40, an employee may terminate at any age after 15 years of service and be vested by continuing contributions to age 50.

Employees who become permanently disabled during the performance of their duties and who are unable to continue to perform those duties are eligible to receive a disability pension. Employees who become otherwise disabled are eligible for a disability pension if eight years of service have been completed.

Normal monthly retirement benefit is equal to 50% of average compensation (as defined) and service increment, if any. The service increment is an additional monthly benefit of 1 percent of average compensation for each completed year of service in excess of 20 years to a maximum of \$100 per month. The monthly benefit is prorated for service less than 20 years. On a limited basis, reductions could apply for certain plan members related to social security benefits received after reaching 65 years of age and certain other benefit provisions could apply for members hired prior to January 1, 1975.

A survivor benefit is available to the surviving spouse upon the death of an active member eligible for early retirement. The benefit amount is equal to 50% of the member's pension had the member retired at the date of death. A survivor benefit equal to the excess of the member's contributions over the retirement benefits paid is provided to the beneficiary of a member whose death occurs after the retirement date. The member's contributions are returned to the beneficiary of a member whose death occurs prior to eligibility for early retirement.

Prior to January 1, 2002, upon termination and prior to vesting, a member's contributions were refundable without interest to the member. Beginning January 1, 2002, contributions were refundable with 5% interest for certain classes of employees. Employee contributions to the Plan are 5% of pre-tax pay for those hired thereafter. Effective January 1, 2022, the Plan was amended to require member contributions of 6% for employees hired on or after January 1, 2022 and to

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

allow members to elect for the computation of benefits without the offset for Social Security benefits.

### The Policemen's Relief and Pension Plan

The Policemen's Relief and Pension Plan of the City of Pittsburgh (Policemen Plan) was established by Act 99 of May 25, 1935, P.L. 233. The Policemen Plan is a single employer defined benefit plan and its purpose is to provide retirement, disability, and other benefits to its members. P.L. 233 requires the City and members of the Policemen Plan to make contributions to the Policemen Plan for the purpose of paying benefits and administrative expenses.

All employees of the Bureau of Police, including substitute uniformed employees, are eligible for membership in the Plan. At January 1, 2023, the date of the most recent actuarial valuation for funding purposes, the Policemen's Fund has 2,185 total members, of which 816 are active members; 1,336 are inactive plan members or beneficiaries currently receiving benefits; and 33 are inactive plan members entitled to but not yet receiving benefits.

Retirement benefits are available at the employee's option upon completion of the later of 20 years of service or attainment of age 50. Employees who become permanently disabled in the line of duty, and who are unable to perform the duties of their position, are eligible to receive a disability pension. Employees who become permanently disabled other than in the line of duty become eligible to receive a disability pension if they have completed ten years of service.

The normal monthly retirement benefit is equal to 50% of average compensation (as defined) plus service increment, if any.

Service increments of \$20 per month for each year of service between 20 and 25 years and \$25 per month for each year in excess of 25 years are included in the retirement benefit. If so elected, a death benefit is available for the survivors, as defined by the plan, of any member who dies in the performance of his duties. A surviving spouse benefit, which is applicable to deaths not in the line of duty, may also be elected by plan participants.

An employee, who terminates employment after 20 years of service, and before age 50, may collect the normal retirement benefit based on average compensation at termination, providing the terminated member continues contributions at the rate in effect at termination. The benefit is deferred until age 50. If contributions continue at the same rate in effect at termination and continue to age 50, the member may receive monthly benefit based on rate of pay in effect had the officer worked until the age of 50. If a member terminates employment before completing 20 years of service, accumulated employee contributions are refundable.

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

Employee contributions to the Policemen Fund are 6% of pay plus \$1 per month, until age 65. Those electing the surviving spouse benefit contribute an additional 1/2% of pay.

### The Firemen's Relief and Pension Plan

The Firemen's Relief and Pension Plan of the City of Pittsburgh (Firemen Plan) was established by Act of May 25, 1933, P.L. 1050. The Firemen Plan is a single employer defined benefit plan. Its purpose is to provide retirement, disability, and other benefits to its members. P.L. 1050 requires the City and members of the Firemen Plan to make contributions to the Firemen Plan for the purpose of paying benefits and administrative expenses.

Any uniformed employee of City of Pittsburgh Bureau of Fire is eligible for membership in the Firemen Plan. At January 1, 2023, the date of the most recent actuarial valuation for funding purposes, the Fund has 1,736 total members, of which 670 are active members; 1,059 are inactive plan members or beneficiaries currently receiving benefits; and 7 are inactive plan members entitled to but not yet receiving benefits.

Normal retirement benefits are available at the employee's option upon completion of 20 years of service for any participant employed before January 1, 1976, or for those years employed thereafter, the later of completion of 20 years of service or attainment of age 50. Employees who become permanently disabled in the line of duty and who are unable to perform the duties of their position are eligible to receive a disability pension. Employees who become permanently disabled other than in the line of duty become eligible to receive a disability pension if they have completed 10 years of service.

The regular pension benefit is equal to 50% of the average compensation (as defined). A service increment of \$20 per month for each year of service in excess of 20, excluding years of service after age 65, is also payable for those members hired before January 1, 2005. For those hired on or after January 1, 2005, the service increment is \$10 per month for each completed year of service in excess of 20 years, excluding years of service after age 65. The service increment is only payable after age 50. A surviving spouse benefit may also be elected by plan participants. A lump-sum death of \$1,200 is paid to the beneficiary of any deceased member.

Normal vesting occurs upon attainment of 20 years of service. If a retiree is under the age of 50, they must make contributions to the plan until the age of 50 to qualify for a monthly pension at age 50. Upon termination of employment, a member's contributions, without accumulation of interest, are refundable.

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

Employee contributions to the Firemen Plan are 6.5% of pay plus \$1 per month until age 65. Those electing the surviving spouse benefit contribute an additional 1/2% of pay.

### (B) Funding Status and Progress

In accordance with the Municipal Pension Plan Funding Standard and Recovery Act of 1984 (Act 205), the City established the Comprehensive Municipal Pension Trust Fund Board (Comprehensive Trust) in August 1987. The Board's purpose is to oversee the activities of the City's pension plans and to receive and invest the City's pension assets.

The City has three defined benefit pension plans (Municipal, Policemen, and Firemen), which are administered by respective pension boards, the majority of whose members are elected by the employees. The Policemen and Firemen Plans cover all employees of the Bureau of Police and the Bureau of Fire, respectively. Each full-time employee not covered under either the Policemen's or Firemen's Plan is required to join the Municipal Plan after serving a 90-day probationary period.

Act 205 contains both mandatory and optional remedies for municipalities to design a program for dealing with unfunded pension liabilities. The mandatory remedies implemented by the City were the development and adoption of an administrative improvement plan for its pension fund, the establishment of lower cost pension plans for new hires, and the aggregation of all the City's pension assets for investment purposes under the guidance of an oversight board (the Comprehensive Municipal Pension Trust Fund Board). The Comprehensive Trust, which is comprised of seven members, four appointed by the Mayor and approved by Council and one elected from each plan, manages the investments of all pension assets and provides funds for each plan's monthly payment of benefits and administrative expenses from plan net position. The optional remedies initially selected by the City were: 40-year amortization of the unfunded liability, level percent amortization, and a 15-year phase-in allowing the City to gradually increase its pension contributions.

The Plans are funded by the City on an annual basis pursuant to the provisions of Act 205. Act 205 requires that annual contributions be based upon the calculation of the Minimum Municipal Obligation (MMO). Employees are not required to contribute under Act 205; such contributions are subject to collective bargaining and can be reduced or eliminated each year by Ordinance or Resolution subject to the Plans meeting certain financial conditions. The Commonwealth of Pennsylvania (Commonwealth) allocates certain funds to assist in pension funding. Any financial requirement established by the MMO which exceeds the Commonwealth of Pennsylvania allocation must be funded by the City. The MMOs for each of the three plans for December 31, 2024 were \$17,315,816 Municipal, \$8,905,526 Policemen, and \$31,199,671 Firemen.

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

Commonwealth of Pennsylvania Act 44 of 2009 required the City's aggregate pension funding level to be at least 50 percent by December 31, 2010 to avoid having the City's pension funds seized and administered by the Pennsylvania Municipal Retirement System. The City's plan to meet this level of funding included transferring approximately \$45 million to the Comprehensive Trust Fund which was in the Debt Service Reserve Fund in 2010 and dedicating parking tax revenues for the next 31 years per Council legislation. During 2021, Council legislation extended the parking tax payments five more years. The City contributed parking tax revenues of \$13.4 million per year from 2011 through 2017 and \$26.8 million from 2018 through 2021. The City will continue to contribute \$26.8 million per year from 2022 through 2046. While the present value of the dedicated future parking tax revenues for future pension contributions did not meet the criteria for recognition as an asset in the City's financial statements or those of the Comprehensive Trust Fund, it was treated as an actuarial asset for purposes of funding levels under Commonwealth of Pennsylvania Act 44 of 2009 and the City was determined to have met the required funding level to avoid takeover of the City pensions by the Pennsylvania Municipal Retirement System and the parking revenue stream continues to be treated as an actuarial asset for funding purposes.

For the year ended December 31, 2024, on an accrual basis, the City did contribute \$109.3 million to the Pension Trust Fund paid from the General Fund. Contribution funding by the General Fund is consistent with prior years. Contributions made to the Plan represent 100% of the Act 205 MMO of \$57.4 million plus additional contributions of \$51.9 million including \$26.8 million of dedicated parking tax revenue, \$21.5 million in gaming funds, and \$3.6 million related to other benefits.

### Net Pension Liability (NPL)

The components of the net pension liability of the City at December 31, 2024, were as follows:

|  | Municipal                          |    | Policemen                    | <br>Firemen                        | Total |                                |  |
|--|------------------------------------|----|------------------------------|------------------------------------|-------|--------------------------------|--|
| Total pension liability<br>Plan fiduciary net position (allocated)         | \$<br>434,652,680<br>(267,365,425) | \$ | 544,044,070<br>(220,681,146) | \$<br>596,652,893<br>(280,819,759) | \$    | 1,575,349,643<br>(768,866,330) |  |
| Net pension liability  | \$<br>167,287,255                  | \$ | 323,362,924                  | \$<br>315,833,134                  | \$    | 806,483,313                    |  |
| Plan fiduciary net position as a percentage of the total pension liability | 61.51%                             |    | 40.56%                       | <br>47.07%                         |       | 48.81%                         |  |

The plan fiduciary net position allocations are based on the method provided in Act 205.

## NOTES TO FINANCIAL STATEMENTS

#### YEAR ENDED DECEMBER 31, 2024

#### **Changes in the NPL**

As indicated earlier in this footnote, in accordance with Governmental Accounting Standards, the City is considered to be administering a single plan for financial reporting purposes.

Changes in the net pension liability of the City for the year ended December 31, 2024, were as follows:

|                                     | Total Pension<br>Liability | Plan Fiduciary Net<br>Position |               | <br>Net Pension<br>Liability |
|-------------------------------------|----------------------------|--------------------------------|---------------|------------------------------|
| Balances at 12/31/23                | \$<br>1,545,278,395        | \$                             | 728,250,575   | \$<br>817,027,820            |
| Changes for the year:               |                            |                                |               |                              |
| Service cost                        | 33,359,488                 |                                | -             | 33,359,488                   |

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

Actuarial assumptions – The total pension liability was determined by an actuarial valuation on January 1, 2023 using the following actuarial assumptions, applied to all periods in the measurement:

|                            | Municipal | Policemen | Firemen   |
|----------------------------|-----------|-----------|-----------|
| Actuarial valuation date   | 1/1/2023  | 1/1/2023  | 1/1/2023  |
|                            | Entry Age | Entry Age | Entry Age |
| Actuarial cost method      | Normal    | Normal    | Normal    |
| Actuarial assumptions:     |           |           |           |
| Investment rate of return  | 7.00%     | 7.00%     | 7.00%     |
| Projected salary increases | 4.50%     | 4.75%     | 6.00%     |
| Underlying inflation rate  | 2.75%     | 2.75%     | 2.75%     |

Actuarial assumptions based on the actuarial experience study for the period from January 1, 2017 to December 31, 2020

General Pub-2010 amount weighted table with generational projection using MP2020 with adjustment to reflect Pension Plan mortality experience as confirmed by experience studies

*Changes in actuarial assumptions* – The actuarial assumptions have not changed for the January 1, 2023 Actuarial Reports.

*Changes in benefit terms* – For the Municipal Fund, effective January 1, 2022, the member contribution rate was changed to 6% for all full-time non-union members hired on or after January 1, 2022 or those irrevocably electing to remove the Social Security offset. There were no changes to benefit terms made in connection with the 1/1/2023 actuarial valuations for the Fire and Police funds.

Long-Term Expected Rate of Return – The long-term expected rate of return on Plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

The following was the asset allocation policy and best estimates of arithmetic real rates of return for each major asset class included in the Plans' target asset allocation as of December 31, 2024:

|                      | Target Allocation | Long-Term Expected<br>Real Rate of Return |
|----------------------|-------------------|---|
| Asset Class          |                   |   |
| Domestic equity      | 37.00%            | 4.5-5.4%                                  |
| International equity | 20.00%            | 5.0-5.4%                                  |
| Hedge funds          | 8.00%             | 4.8-8.5%                                  |
| Real assets          | 8.00%             | 4.8-8.5%                                  |
| Private equity       | 5.00%             | 4.8-8.5%                                  |
| Fixed income         | 22.00%            | 1.5-2.5%                                  |
| Cash                 | 0.00%             | 0.0-1.5%                                  |
|                      | 100.00%           |   |

*Rate of Return* – The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested. For the year ended December 31, 2024, the annual money-weighted rate of return on the Plan investments, net of investment expense, 10.5%.

*Discount Rate* – The discount rate used to measure the total pension liability for the Municipal, Policemen, and Firemen funds was 7.00%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate, parking tax revenue will be deposited in accordance with Ordinances 42 and 44 of 2010, and that the City's contributions will be made equal to the yearly MMO calculation. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability (i.e. no depletion is projected to occur).

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

Sensitivity of the net pension liability to changes in the discount rate – The following presents the net pension liability of the City calculated using the discount rates described above, as well as what the City's net pension liabilities would be if they were calculated using a discount rate that is one-percentage-point lower or one-percentage-point higher than the current rates:

|           | 1% Decrease<br>(6.00%) |             |    |             | Current Discount<br>Rate (7.00%) |  | 1% Increase<br>(8.00%) |

## NOTES TO FINANCIAL STATEMENTS

### YEAR ENDED DECEMBER 31, 2024

### Multiple-Employer Defined Benefit Plan - Parking Authority

The Parking Authority had 32 facility employees in the year ended December 31, 2024, who are participants in a cost-sharing multiple-employer defined benefit plan administered through the Western Pennsylvania Teamsters and Employers Pension Fund that is not a state or local governmental pension plan; provides defined benefit pensions both to employees of local governments and to employees of employers that are not governmental employers; and the plan has no predominant local governmental employer. The Parking Authority contributed \$217,254 to this plan for the year ended December 31, 2024.

Additional pension information, deemed to be immaterial for City reporting purposes, can be found in the Parking Authority's separate financial statements.

#### Urban Redevelopment Authority

*Defined Contribution Plan* – The URA provides two defined contribution retirement plans, the Urban Redevelopment Authority of Pittsburgh Retirement Savings Plan and the Urban Redevelopment Authority of Pittsburgh Section 457 Deferred Compensation Plan and Trust, covering all employees. All plan provisions were approved by the URA Board of Directors and any significant changes to those provisions will be made via Board approval and Resolution.

Under the Retirement Savings Plan, the participants become vested at 25% per year starting in the second year of service. Upon termination of employment, the non-vested portion of a participant's account is returned to the URA and credited against current expenses. Upon attainment of age 65, the participants become 100% vested regardless of the number of years of service. Participants are 100% vested in all employee contributions.

The Section 457 Deferred Compensation Plan allows for employee contributions and the URA will match up to 5% of these employee contributions by depositing matching contributions into the Retirement Savings Plan. Employer contributions for the year ended December 31, 2024 were \$244,436 and employee contributions were \$503,266.

### Pittsburgh Water

During 2019, Pittsburgh Water established a 401(a) profit-sharing plan available to all full-time employees (part-time employees with over 1,000 hours of service) who do not participate in the City's Plan. As part of its fiduciary role, Pittsburgh Water has an obligation of due care in selecting the third-party administrator. Pittsburgh Water does not control the assets of the 401(a) profit-sharing plan and thus the plan is not considered a fiduciary fund of Pittsburgh Water.

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

Benefit terms are established and amended by Pittsburgh Water. Employees can make pre-tax or Roth contributions with Pittsburgh Water offering a non-elective contribution equal to 4% of the employees earnings and a match rate up to 3%, for a total Pittsburgh Water contribution up to 7%. Employees become vested after three years. For the year ended December 31, 2024, Pittsburgh Water contributed \$334,000 to the 401(a) profit-sharing plan.

### 8. Other Postemployment Benefits

The City maintains two separate single-employer defined benefit plans that are used to provide postemployment benefits other than pensions (OPEB): (a) the retiree OPEB plan (retiree plan) and (b) the disabled firefighters plan (fire plan). The plans are described below and are administered in accordance with the terms of their applicable employment contracts. Management of the OPEB plans is vested with City Council.

#### <u>Net OPEB Liability, OPEB Expense, and Deferred Outflows and Inflows of Resources Related to</u> <u>OPEB</u>

The City reported a net OPEB liability at December 31, 2024 composed of the following:

| Retiree plan                     | \$<br>307,525,340 |
|----------------------------------|-------------------|
| Fire plan                        | <br>12,599,435    |
| Total net OPEB Liability (Asset) | \$<br>320,124,775 |

The components of the net OPEB liability at December 31, 2024 were as follows:

|  | F  | Retiree Plan                | Fire Plan |                         |  |
|--|----|-----------------------------|-----------|-------------------------|--|
| Total OPEB liability<br>Plan Fiduciary Net Position                        | \$ | 350,010,457<br>(42,485,117) | \$        | 12,755,156<br>(155,721) |  |
| Net OPEB Liability (Asset)   | \$ | 307,525,340                 | \$        | 12,599,435              |  |
| Plan fiduciary net position as a percentage of the total pension liability |    | 12.14%                      |           | 1.22%                   |  |

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

The net OPEB liabilities were measured as of December 31, 2024 and the total OPEB liabilities used to calculate the net OPEB liabilities were determined by an actuarial valuation as of January 1, 2024, rolled forward to December 31, 2024.

For the year ended December 31, 2024, the City recognized OPEB expense as follows:

| Retiree plan       | \$<br>(3,601,132) |
|--------------------|-------------------|
| Fire plan          | <br>1,789,522     |
| Total OPEB expense | \$<br>(1,811,610) |

At December 31, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to OPEBs from the following sources:

|   | O  | Deferred<br>Outflows<br>of Resources |    | Deferred<br>Inflows<br>of Resources |
|---|----|--------------------------------------|----|-------------------------------------|
| Changes in assumptions:                     |    |                                      |    |                                     |
| Retiree plan                                | \$ | 31,395,356                           | \$ | (21,655,623)                        |
| Fire plan                                   |    | 5,799,035                            |    | (16,200,931)                        |

### Additional Required Disclosures for the City's Retiree Plan

### Plan Description

The City administers a single-employer defined benefit healthcare plan to provide additional postemployment benefits to all eligible retirees not covered by another plan. Benefits are paid on a pay-as-you-go basis. Those hired prior to January 1, 2005 are eligible for this benefit.

### Plan Benefits

In addition to the pension benefits disclosed in Note 7, resolutions of City Council, State statutes, and labor agreements have provided for certain postemployment benefits, other than pension benefits, known as ("OPEB") to be provided to retirees or their beneficiaries. Such benefits are primarily funded through annual appropriations from the City's General Fund and trusts designated for those purposes. Post-retirement benefits consist of health care benefits, Medicare reimbursements and life insurance for firefighters and police officers and life insurance for certain municipal employees. Benefit provisions for the retiree plan are established and amended through negotiations between the City and the respective unions. Separate financial statements are not available.

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

#### Plan Membership

At January 1, 2024, the date of the most recent actuarial valuation, the OPEB retiree plan membership consisted of the following:

|                      | Health           | Life  |
|----------------------|------------------|-------|
|                      | Insurance Insura |       |
| Active participants  | 1,385            | 1,385 |
| Retired participants | 1,442            | 2,273 |
| Total                | 2,827            | 3,658 |

#### **Changes in the Net OPEB Liability**

As indicated earlier in this footnote, in accordance with Governmental Accounting Standards, the City is considered to be administering a single plan for financial reporting purposes for all eligible retiree groups other than the separately negotiated fire disability plan discussed later in this note.

## NOTES TO FINANCIAL STATEMENTS

### YEAR ENDED DECEMBER 31, 2024

Changes in the net OPEB liability for the retiree plan for the year ended December 31, 2024, were as follows:

|                                     | Total OPEB<br>Liability | Plan | Fiduciary Net<br>Position | Net OPEB<br>Liability |

|      |                   |                          |

There were no changes to benefits made in connection with the 1/1/24 actuarial valuations.

## NOTES TO FINANCIAL STATEMENTS

#### YEAR ENDED DECEMBER 31, 2024

#### **Changes in Actuarial Assumptions**

Investment rate of return changed from 6.0% to 7.0%. Per capita baseline costs, morbidity factors, salary scale assumptions, demographic assumptions, and healthcare trends were updated.

#### Long-Term Expected Rate of Return

The long-term expected rate of return on OPEB retiree plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major class included in the target asset allocation as of December 31, 2024 are summarized as follows:

|                        | Target Allocation | Long-term expected<br>Real Rate of Return |
|------------------------|-------------------|---|
| Asset Class            |                   |   |
| Equity                 | 55.00%            | 8.3%                                      |
| Fixed income           | 32.00%            | 5.0%                                      |
| Cash                   | 3.00%             | 3.2%                                      |
| Real Assets            | 5.00%             | 7.3%                                      |
| Alternative Strategies | 5.00%             | 6.2%                                      |
|                        | 100.00%           |   |

#### Rate of Return

For the year ended December 31, 2024, the annual money-weighted rate of return on investments, net of investment expense, was 2.45%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

#### Discount Rate

The final equivalent single discount rate used to measure the total OPEB retiree plan liability was 7.00% for 2024 with the expectation that the City will continue to fund the full pay-go costs in

## NOTES TO FINANCIAL STATEMENTS

### YEAR ENDED DECEMBER 31, 2024

the future. The forward-looking assumption (and current funding policy) is for ongoing costs to be paid out of the General Fund.

### Sensitivity of the Net OPEB Retiree Plan Liability to Changes in the Discount Rate

The following presents the net OPEB retiree plan liability (asset) of the City, as well as what City's net OPEB retiree plan liability (asset) would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

|                                      | <br>1% DecreaseCurrent Discount(6.00%)Rate (7.00%) |    | <br>1% Increase<br>(8.00%) |                   |

#### Sensitivity of the Net OPEB Retiree Plan Liability to Changes in the Healthcare Cost Trend Rate

The following presents the net OPEB retiree plan liability (asset) of the City, as well as what City's net OPEB retiree plan liability would be if it were calculated using a healthcare cost trend rate that is one percentage point lower or one percentage point higher than the current rate:

|                                      | 1% Decrease Current Rates |                | <br>1% Increase   |  |
|--------------------------------------|---------------------------|----------------|-------------------|--|
| Net OPEB Liability (Asset) - Retiree | \$ 276,553,091            | \$ 307,525,340 | \$<br>343,942,680 |  |

### Funding Policy

Consistent with prior years, the City's contribution is based on projected pay-as-you-go financing requirements and is funded through the General Fund. For fiscal year 2024, the City contributed \$23,136,718 to the plan directly to pay benefits. During the year ended December 31, 2024, no additional contributions were made into the OPEB retiree plan irrevocable trust above the need for benefits.

### **Contribution**

OPEB retiree plan contribution rates are based on an actuarially determined rate. Employees are not required to make contributions for basic life insurance. Employees contribute to health care costs at a flat rate based on wages and family size.

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

#### **Investments**

Through its investment policy, the OPEB Retiree Plan Trust Fund manages its exposure to risk by utilizing certain criteria in selecting particular investment funds. The asset allocation policies seek to produce a net, inflation adjusted, positive total return. The asset allocation policy is to be consistent with the investment objectives of the plan and based on the capital market assumptions.

### Additional Required Disclosures for the City's Fire Plan

#### Plan Description

The City administers a single-employer defined benefit medical and prescription drug plan to provide additional postemployment benefits to eligible disabled firefighters. Benefits are paid on a pay-as-you-go basis. Eligible disabled firefighters and their dependents may continue health care coverage through the City for life. The plan covers eligible disabled firefighters and their dependents who elect to participate and pay any required contributions.

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

#### Plan Benefits

In addition to the pension benefits disclosed in Note 7, resolutions of City Council, State statutes, and labor agreements have provided for certain postemployment benefits, other than pension benefits, known as ("OPEB") to be provided to retirees or their beneficiaries. Such benefits are primarily funded through annual appropriations from the City's General Fund and trusts designated for those purposes. Firefighters hired on or after January 1, 2005 who become disabled in the line of duty are eligible for lifetime retiree health benefits. There is no age or service requirement for this benefit. Coverage continues to surviving spouses of disabled retirees upon the member's death. Surviving spouse coverage is non-contributory. Benefit provisions for the plan are established and amended through negotiations between the City and the respective unions. Separate financial statements are not available.

#### Plan Membership

At January 1, 2024, the date of the most recent actuarial valuation, the OPEB fire plan membership consisted of the following:

| Active members                    | 530 |
|-----------------------------------|-----|
| Inactive Members Entitled to But  |     |
| Not Yet Receiving Benefits        | -   |
| Inactive Members or Beneficiaries |     |
| Currently Receiving Benefits      | 8   |
| Total                             | 538 |

## NOTES TO FINANCIAL STATEMENTS

### NOTES TO FINANCIAL STATEMENTS

#### YEAR ENDED DECEMBER 31, 2024

#### Rate of Return

For the year ended December 31, 2024, the annual money-weighted rate of return on investments, net of investment expense, was 2.30%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

#### Long-Term Expected Rate of Return

Starting in 2020, long-term expected rate of return on OPEB fire plan investments will be determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major class are projected to be included in the target asset allocation are summarized as follows:

|                        |                   | Long-Term Expected  |
|------------------------|-------------------|---------------------|
|                        | Target Allocation | Real Rate of Return |
| Asset Class            |                   |                     |
| Equity                 | 55.00%            | 8.3%                |
| Fixed income           | 32.00%            | 5.0%                |
| Cash                   | 3.00%             | 3.2%                |
| Real Assets            | 5.00%             | 7.3%                |
| Alternative Strategies | 5.00%             | 6.2%                |
|                        | 100.00%           |                     |

#### Discount Rate

The final equivalent single discount rate used to measure the total OPEB liability was 4.28% with the expectation that the City will continue to fund the full pay-go cost plus an additional discretionary contribution in the future.

## NOTES TO FINANCIAL STATEMENTS

### YEAR ENDED DECEMBER 31, 2024

#### Sensitivity of the Net OPEB Fire Plan Liability to Changes in the Discount Rate

The following presents the net OPEB fire plan liability (asset) of the City, as well as what City's net OPEB fire plan liability (asset) would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

|   | 1  | % Decrease<br>(3.28%) | Current Discount<br>Rate (4.28%) |            | <u></u> | 1% Increase<br>(5.28%) |  |

#### Component Unit:

#### Parking Authority

The Public Parking Authority of Pittsburgh Post-Employment Healthcare Plan is a single-employer defined benefit healthcare plan administered by the Parking Authority. There is no separate audit requirement. The Parking Authority has not accumulated assets for the Plan in a trust. The plan provides medical, dental, and life insurance benefits to eligible retirees and their spouses. Benefits are provided according to retirees' date of retirement and the benefits allotted as of the plan benefits at that date. The retiree is responsible for any premium cost in excess of the provided benefit. Payments to retirees are made on a reimbursement basis.

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

At December 31, 2024, participants in the Plan were as follows:

| Active - Medical                           | 1  |
|--|----|
| Active - Life Only                         | 59 |
| Retirees and spouses - pre 95 with medical | 1  |
| Retirees - post 95 with medical            | 5  |
| Retirees - life insurance only             | 19 |

#### **Benefits Provided**

Retirees as of December 31, 1994 – Continue medical and dental coverage received under prior Plan which includes both pre-Medicare and Medicare coverage for the retiree and spouse. Medicare coverage consists of Medicare Part B plus the participant elects either Security 65 Plan B or Security Blue HMO.

Active Participants as of December 31, 1994 – Entitled to the single active premium at retirement date. This amount shall be frozen at retirement date and provided until age 65. Retirees age 65 and over shall receive the 65 Special Premium and Medicare Part B premium at retirement date, such amount also being frozen at date of retirement. No medical coverage shall be provided to a participant who elects a lump sum option under the Pension Plan. The Authority pays up to \$1,750 of the deductible for each retiree entitled to post-retirement medical insurance prior to age 65.

Life Insurance – For all employees of the Authority retiring on or after age 60, the Authority pays for half the cost of a \$6,000 life insurance policy provided the employee pays for the other half.

#### Total OPEB Liability

The components of the total OPEB liability of the Plan at December 31, 2024 were as follows:

| Total OPEB liability                   | \$<br>314,220 |
|--|---------------|
| Plan fiduciary net position            | -             |

| Plan fiduciary net position as a percentage of the total pension liability |                     |                        |    |                               |                       | 0.00%    |  |  |  |

#### **Actuarial Assumptions**

The total OPEB liability was determined by an actuarial valuation performed on December 31, 2024 using the following actuarial assumptions, applied to all periods in the measurement:

- Actuarial cost method Entry Age Normal, level percentage of pay;
- Retirement rates 100% upon attaining retirement eligibility of age 65;
- Plan participation Life Insurance 20%; Pre 65 Medical Benefit 100%; Post 65 Medical Benefit 100%;
- Mortality Healthy Annuitant: SOA PubG-2010 Headcount Weighted Healthy Mortality Table with MP-2021 mortality improvement; Contingent Survivor: SOA PubG-2010 Headcount Weighted Contingent Survivor Mortality Table with MP-2021 mortality improvement; Disabled Lives: SOA PubG-2010 Headcount Weighted Disabled Mortality Table with MP-2021 mortality improvement;

# NOTES TO FINANCIAL STATEMENTS

### YEAR ENDED DECEMBER 31, 2024

- Salary increase 4.50% per annum;
- Discount rate: 4.28% per annum;
- Healthcare cost trend rate Medical: 7.5% in 2025 to 6.60% over three years, and then following the Getzen model thereafter; Dental 5%

*Changes in Actuarial Assumptions* – The discount rate changed from 4.31% to 4.28% and the health care cost trend rate from 6.25% to 7.50%.

*Discount Rate* – The discount rate used to measure the total OPEB liability was 4.28%.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate – The following represents the total OPEB liability calculated using the stated discount rate, as well as what the total OPEB liability would be if it was calculated using a discount rate that is one-percentage-point lower or one-percentage-point higher than the current rate:

| 1% Decrease |         |    | Current Discount | 1% Increase |         |  |  |
|-------------|---------|----|------------------|-------------|---------|--|--|
|             | (3.28%) |    | Rate (4.28%)     | (5.28%)     |         |  |  |
| \$          | 343,123 | \$ | 314,220          | \$          | 289,322 |  |  |

Sensitivity of the Total OPEB Liability to Changes in the medical trend rate – The following presents the total OPEB liability calculated using the stated medical trend assumption, as well as what the total OPEB liability would be if it was calculated using a medical trend rate that is one-percentage-point lower or one-percentage-point higher than the current rate:

| 1%              | Decrease |     | Current   | 1% Increase  |         |  |  |
|-----------------|----------|-----|-----------|--------------|---------|--|--|
| in Getzen Model |          | Get | zen Model | Getzen Model |         |  |  |
| \$              | 313,860  | \$  | 314,220   | \$           | 314,594 |  |  |

### **OPEB Expense and Deferred Outflows and Inflows of Resources**

For the year ended December 31, 2024, the recognized OPEB expense is \$6,699. At December 31, 2024, the Authority reported \$0 in deferred outflows of resources and (\$38,424) in deferred inflows of resources in relation to the OPEBs. Amounts reported as deferred outflows and deferred inflows of resources related to OPEBs will be recognized in OPEB expense of approximately \$12,000 in 2025, \$12,000 each year 2026-2027 and \$1,300 each year 2028-2029.

The City's Bond Debt ratings are Fitch's AA and Standard & Poor's AA as of December 31, 2024.

From 1998 through 2020, the City refunded certain bonds by placing the proceeds of new bonds in irrevocable trusts to provide for all future debt service payments on the refunded bonds. Accordingly, neither the assets held in trust nor the refunded bonds appear in the accompanying financial statements. The outstanding balance of defeased bonds at December 31, 2024 is \$133,960,000.

### Subsequent Event

Subsequent to year-end in April 2025, the City issued \$61.1 million in general obligation bonds for various capital projects and to pay the costs and expenses of issuing the bonds.

## NOTES TO FINANCIAL STATEMENTS

### YEAR ENDED DECEMBER 31, 2024

### (B) Stadium Authority

On November 30, 2017, SEA issued the Sports & Exhibition Authority of Pittsburgh and Allegheny County Parking System Revenue Bonds, Series of 2017 (Parking Bonds). The Parking Bonds are payable from, and are secured solely by, net revenues of a "Parking System." The Parking System is made up of specified parking facilities of SEA and specified parking facilities of the Stadium Authority. Pursuant to the Collateral Assignment Agreement, (Collateral Assignment Agreement) and a Joinder Agreement (Joinder Agreement), each dated as of November 1, 2017, and each between the Stadium Authority and Zions Bank, as bond trustee, the Stadium Authority has agreed to pledge the net revenues of its parking facilities and abide by all of the obligations and duties imposed upon the Stadium Authority by the bond trust. The proceeds of the Parking Bonds were used to refund Stadium Authority Bank Notes and SEA Bank Notes, and fund a bond reserve fund and pay costs of issuing the Parking Bonds. The balance of the note payable at December 31, 2024 is \$16,600,000. There are deferred issuance premiums associated with this debt as well.

On August 22, 2005, the Stadium Authority entered into an Infrastructure Development Program loan of \$1,250,000. The loan has a term of 20 years with a 2% interest rate. The last payment is due December 1, 2028. The balance of the loan payable at December 31, 2024 is \$318,960.

### <u>Lease</u>

The Stadium Authority also leases certain property near Acrisure Stadium and PNC Park used for public parking. The lease, originally starting March 1989, was last amended in March 2010 for a period through to March 31, 2050. As of December 31, 2024, the value of the lease liability was \$1,003,982. The Stadium Authority is required to make annual payments of \$70,080. PennDOT has the ability to adjust the rate every two years on the basis of a fair market rental appraisal. No notification of a rate increase has been received. The lease has an interest rate of 5%. The value of the right-to-use asset as of December 31, 2024 was \$1,075,922 and accumulated amortization as of December 31, 2024 was \$147,134.

YEAR ENDED DECEMBER 31, 2024

### (C) Pittsburgh Water and Sewer Authority

#### Series 1998

In March 1998, Pittsburgh Water issued \$36,440,000 Series B First Lien Revenue Bonds ("1998 Series B Bonds"), the proceeds of which are dedicated to a capital improvements program.

The 1998 Series B Bonds are capital appreciation bonds with an original issuance amount of \$36,440,000. During 2017, \$12,406,000 (par) of the 1998 Series B Bonds with an accreted value of \$34,625,000 were refunded with the Series 2017 A bonds. The remaining 1998 Series B Bonds have maturity values ranging from \$26.93 million to \$14.66 million from 2027 to 2030. The bonds were issued to yield rates from 5.18% to 5.3%. The 1998 Series B Bonds accrued interest. Total maturity value of the 1998 Series B Bonds is \$95,450,000. The 1998B Bonds at December 31, 2024 have a carrying amount of \$77,720,000.

### Series 2017

During December 2017, Pittsburgh Water issued \$165,390,000 First Lien Revenue Refunding Bonds composed of Series A (\$159,795,000) and Series B (taxable) (\$5,595,000). The proceeds of the bonds were used to fund the costs of the refunding of all or a portion of Pittsburgh Water's outstanding Series of 1998B, 2008A, 2008D-1, and 2013B water and sewer system revenue bonds.

The 2017 A and B Bonds were issued at a bond premium of \$23,374,000, which is being amortized as an adjustment to interest expense over the life of the bonds. The Series 2017 A Bonds at December 31, 2024 have a carrying amount of \$69,195,000. The 2017 B Bonds were paid off during 2018. The 2017A Bonds have interest rates ranging from 3.00% to 5.00% and mature in 2032.

During December 2017, Pittsburgh Water issued \$218,805 Series C First Lien Revenue Refunding Bonds, the proceeds of which were used to fund the costs of refunding Pittsburgh Water's outstanding Series 2008 B-1, B-2, and D-2 water and sewer system revenue bonds. At December 31, 2022, the Series 2017 C bonds bore interest at the SIFMA Index Rate. On July 3, 2023, as part of the Series 2023 bond refunding, the interest rate on the Series 2017 C bonds was converted to the Daily Simple SOFR Index times 70% plus an applicable spread of 0.80%, not to exceed the maximum rate during the period from July 3, 2023 to September 1, 2028. The Series 2017 C bonds mature in 2040. During 2023, \$72,747,000 of Series 2017 C bonds outstanding were currently refunded with Series 2023 B bonds. The 2017 C Bonds at December 31, 2024 have a carrying amount of \$146,057,000.

# NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

#### Series 2019

During June 2019, Pittsburgh Water issued \$109,855,000 Series A First Lien Revenue Bonds, the proceeds of which were used to refund interim debt incurred by Pittsburgh Water to fund costs of capital projects; and \$104,290,000 Series B Subordinate Revenue Refunding Bonds, the proceeds of which were used to currently refund all of the Pittsburgh Water's outstanding Series 2008 C-1 and C-2 bonds, including swap termination payments on interest rate swaps associated with the refunded bonds. The Series 2019 A Bonds have an interest rate of 5.00% and mature in 2044; the Series 2019 B Bonds have interest rates ranging from 4.00% to 5.00% and mature in 2035.

The 2019 A and B Bonds were issued at a bond premium of \$45,090,000, which is being amortized as an adjustment to interest expense over the life of the bonds. The 2019 A and B Bonds at December 31, 2024 have carrying amounts of \$97,140,000 and \$104,290,000, respectively.

### Series 2020

During December 2020, Pittsburgh Water issued \$890,000 Series A First Lien Revenue Bonds (Federally Taxable), the proceeds of which were used to remarket the 2017 C Bonds; and \$91,520,000 Series B First Lien Revenue Bonds, the proceeds of which were used to refinance the capital revolving line of credit described below. The Series 2020 A Bonds had an interest rate of 0.70% and matured in 2022; the Series 2020 B Bonds have interest rates ranging from 3.00% to 5.00% and mature in 2050.

The 2020 B Bonds were issued at a bond premium of \$16,665,000, which is being amortized as an adjustment to interest expense over the life of the bonds. The 2020 B Bonds have a carrying amount of \$87,235,000 at December 31, 2024.

### Series 2022

During November 2022, Pittsburgh Water issued \$44,550,000 Series A First Lien Revenue Bonds, the proceeds of which were used to pay down a portion of the outstanding principal amount under the capital revolving line of credit described below. The Series 2022 A Bonds have interest rates ranging from 5.00% to 5.25% and mature in 2052.

The 2022 A Bonds were issued at a bond premium of \$986,000, which is being amortized as an adjustment to interest expense over the life of the bonds. The 2022 A Bonds have a carrying amount of \$44,550,000 at December 31, 2024.

# NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

### Series 2023

During July 2023, Pittsburgh Water issued \$106,075,000 Series A First Lien Revenue Bonds, the proceeds of which were used to pay down a portion of the outstanding principal amount under the capital revolving line of credit described below; and \$144,530,000 Series B First Lien Revenue Refunding Bonds, the proceeds of which were used to currently refund all of Pittsburgh Water's outstanding Series of 2013 A and B bonds and a portion of the Series of 2017 C bonds, including swap termination payments on interest rate swaps associated with the refunded 2017 C bonds.

The Series 2023 A Bonds have an interest rate of 5.00% and mature in 2043; the Series 2023 B Bonds have an interest rate of 5.00% and mature in 2040.

The 2023 A and B Bonds were issued at a bond premium of \$25,460,000, which is being amortized as an adjustment to interest expense over the life of the bonds. The 2023A and 2023B Bonds have a carrying amount of \$105,240,000 and \$137,480,000, respectively, at December 31, 2024.

#### Capital Revolving Line of Credit – Direct Borrowing

Pittsburgh Water has a \$150 million revolving line of credit to finance certain capital projects. The capital revolving line of credit is secured by the receipts and revenues of the Pittsburgh Water's water and sewer system on a subordinate basis. Pittsburgh Water has until June 23, 2025 to request revolving advances on the line of credit, at which time Pittsburgh Water has the option to convert the unpaid principal balance to a term loan. The capital revolving line of credit contains a provision that in the event of default, the lender shall be under no further obligation to make loans to Pittsburgh Water and the outstanding amount under this line of credit becomes immediately due. Each revolving advance bears interest per annum equal to the sum of the SIFMA Rate plus the applicable margin (the tax-exempt rate). At December 31, 2024, the interest rate was 3.98%. At December 31, 2024, Pittsburgh Water had \$150,000,000 in outstanding revolving advances.

### State Loans – Direct Borrowing

Pittsburgh Water has several loans outstanding from PENNVEST for various capital projects and water and sewer improvement projects, with carrying amounts of \$209,014,000 at December 31, 2024 Interest rates vary from 1.00% to 3.25%. The State Loans are secured by the project collateral related to each loan. In an event of default on the State Loans, the entire unpaid principal, plus accrued interest, plus all other amounts due and payable to PENNVEST shall at the option of PENNVEST become due and payable immediately upon request.

# NOTES TO FINANCIAL STATEMENTS

### YEAR ENDED DECEMBER 31, 2024

### Federal Loans – Direct Borrowing

On May 16, 2023, Pittsburgh Water closed on a \$52,500,000 subordinate lien loan through the United Stated Environmental Protection Agency's Water Infrastructure Finance and Innovation Act (WIFIA) funding program for the purpose of financing a portion of the costs associated with replacing the clearwell at the Water Treatment Plant. The term of the loan will not exceed 35 years after substantial completion of the project and will have an interest rate fixed at the time of closing based upon the State and Local Government Series (SLGS) rate plus 0.01%. The WIFIA loan contains provisions for a capitalized interest period through February 2031. During the year ended December 31, 2024, Pittsburgh Water drew \$20,057,000 on the WIFIA loan and capitalized interest of \$401,000. At December 31, 2024, the outstanding balance on the WIFIA loan was \$20,458,000.

#### Financed Purchase – Direct Borrowing

During 2015, Pittsburgh Water entered into a financed purchase agreement for the acquisition of a utility assets valued at \$7,445,000. This lease agreement qualifies as a financed purchase for accounting purposes and, therefore, has been recorded at the value of future minimum lease payments as of the inception date, with a discount rate of 3.4%. At December 31, 2024, the outstanding balance of the financed purchase was \$2,925,000.

#### Swap Borrowing – Direct Borrowing

During December 2017, Pittsburgh Water terminated the original 2008 Series B-1, B-2, and D swaps and reissued and restructured the swaps, as further described below. At termination, those derivative instruments had an aggregate fair value of (\$70,869,000), which is considered a swap borrowing from the counterparty. During 2023, Pittsburgh Water refunded the portion of the Series 2017 C Bonds associated with the Series 2008 B-2 Bonds and terminated the related swaps. Accordingly, the related swap borrowings was considered repaid. At December 31, 2024, the unamortized balance of the remaining swap borrowings is \$33,864,000. The remaining swap borrowing is being amortized over the life of the 2017 C Bonds.

### Lease

Pittsburgh Water also leases office space. The lease, originally starting August 2007, was last amended in August 2018 for the period September 1, 2018 to July 31, 2027. The general terms of the lease require the lessor to provide for utilities, building repairs, maintenance, and real estate taxes. As of December 31, 2024, the value of the lease liability was \$2,163,000. Pittsburgh Water is required to make monthly payments of \$70,000. The lease has an interest rate of 5%, as

## NOTES TO FINANCIAL STATEMENTS

#### YEAR ENDED DECEMBER 31, 2024

estimated by management. The value of the right-to-use asset as of December 31, 2024 is included with non-utility assets and was \$6,059,000 and accumulated amortization as of December 31, 2023 was \$3,998,000.

#### Subscription-Based Information Technology Arrangements

Pittsburgh Water has SBITAs for various finance and engineering software. The subscriptions have various due dates ranging through 2027 and the interest rate estimated by management was 5%. The value of the right-of-use subscription asset, net of accumulated amortization as of December 31, 2024 was \$3,336,000.

\* - Reported as hedging derivative - interest rate swap and swap asset on the Statement of Net Position.

### Description of 2017 C Swaps

As of December 31, 2024, Pittsburgh Water has two interest rate swaps outstanding with a total notional amount of \$143,972,500. Under the two swaps, Pittsburgh Water pays a fixed rate and receives 70% USD-SOFR-Compound plus 8.014 basis points. These swaps hedge the Series 2017C Bonds. The intention of the pay fixed, receive variable swaps is to effectively change Pittsburgh Water's variable interest rate on the Series 2017C Bonds with notional amounts of \$72,747,500 and \$71,225,000 to fixed rates of 3.7835% and 3.8255%, respectively.

The interest payments on the interest rate swaps are calculated based on notional amounts, all of which reduce beginning on September 2032, so that the notional amounts approximate the principal outstanding on the respective bonds. The interest rate swaps expire consistent with the final maturity of the respective bonds.

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

### Accounting and Risk Disclosures

During the year ended December 31, 2024, Pittsburgh Water paid \$4,531,000 fixed and received \$4,548,000 variable related to their outstanding swap agreements.

As noted in the tables above, current period changes in fair value for the interest rate swaps that are accounted for as hedges are recorded on the statements of net position as an adjustment to hedging derivative – interest rate swap, deferred outflows or deferred inflows. Additionally, current period changes in fair value for the interest rate swap accounted for as an investment is recorded on the statements of revenues, expenses, and changes in net position as a component of investment income. The fair value of the outstanding interest rate swaps as of December 31, 2024 is reported on the statements of net position as a swap asset and swap liability. The swaps are valued using significant other observable inputs (Level 2 inputs).

Pittsburgh Water has the ability to early terminate the interest rate swaps and to cash settle the transaction on any business day by providing at least two business days' written notice to the counterparty. Evidence that Pittsburgh Water has sufficient funds available to pay any amount payable to the counterparty must be provided at the time notice is given. At early termination, Pittsburgh Water will be required to pay or receive a settlement amount which is comprised of the fair value of the terminated transaction(s) based on market quotations and any amounts accrued under the contract(s).

Through the use of derivative instruments such as interest rate swaps, Pittsburgh Water is exposed to a variety of risks, including credit risk, interest rate risk, termination risk, basis risk, and rollover risk.

• Credit risk is the risk that a counterparty will not fulfill its obligations. The credit ratings by S&P Global Ratings, a nationally recognized statistical rating organization for the respective counterparties are listed in the table above. If a counterparty failed to perform according to the terms of the interest rate swap agreement, there is some risk of loss to the PWSA, up to the fair value of the swaps.

Pittsburgh Water currently does not enter into master netting arrangements with its counterparties. As such, each derivative instrument should be evaluated on an individual basis for credit risk. As of December 31, 2024, the Series 2017 C receivable variable, pay fixed derivative instruments were subject to credit risk, as they had a positive fair value.

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

<u>Concentration of credit risk:</u> Pittsburgh Water's outstanding market value as of December 31, 2024 is \$18,025,000 with one counterparty and could be impacted by changes in economic or other conditions.

It is Pittsburgh Water's policy to require counterparty collateral posting provisions in its nonexchange traded derivative instruments. Their terms require collateral to be posted if the respective counterparty's credit rating falls below BBB- by S&P Global Ratings and the swap insurer becomes bankrupt. The amount of collateral to be posted is calculated based on derivatives in asset positions to Pittsburgh Water. As of year-end, the counterparty had not and was not required to post collateral for these transactions.

- Termination risk is the risk that a derivative's unscheduled end will affect Pittsburgh Water's asset/liability strategy or will present Pittsburgh Water with potentially significant unscheduled termination payments to the counterparty. The counterparty to the interest rate swaps does not have the ability to voluntarily terminate the interest rate swap; however, Pittsburgh Water is exposed to termination risk in the event that the counterparty defaults. Pittsburgh Water has the ability to voluntarily terminate the swaps with prior written consent of the insurer by providing between 2 and 20 business days notice to the counterparty. Pittsburgh Water must demonstrate the ability to pay all amounts due to the counterparty on the termination date.
- Interest rate risk is the risk that changes in interest rates will adversely affect the fair values of a government's financial instruments or cash flows. The interest rate swaps are highly sensitive to changes in interest rates; changes in the variable rate will have a material effect on the swap's fair value.
- Pittsburgh Water is further subject to basis risk in the event that the underlying bonds become fixed rate Bank Bonds or that the maturity of the underlying bonds is accelerated.
- Rollover risk is the risk that a derivative associated with Pittsburgh Water's debt does not extend to the maturity of that debt. When the derivative terminates, the associated debt will no longer have the benefit of the derivative. Pittsburgh Water is not exposed to rollover risk as the swap agreements terminate on the same day the last payment is due on the respective

### **Contingencies**

All of Pittsburgh Water's derivative instruments include provisions that require Pittsburgh Water to post collateral in the event that the credit ratings of its credit support provider's senior long

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

term, unsecured debt credit rating falls below BBB- by S&P Global Ratings and FSA, the swap insurer, becomes bankrupt. The collateral is to be posted in the form of cash, U.S. Treasuries or other approved securities. As of year-end, Pittsburgh Water was not required to post collateral for these transactions.

## Subsequent Events

In January 2025, Pittsburgh Water issued \$129,220,000 Series A First Lien Revenue Bonds and \$12,825,000 Series B Subordinate Revenue Bonds. Also in January 2025, it was announced that Pittsburgh Water would receive approximately \$26 million in PENNVEST funding for water infrastructure upgrades, split between approximately \$13 million direct funding and \$13 million in loans to replace lead service lines.

## (D) Debt Related to Urban Redevelopment Authority of Pittsburgh (URA) supported by the City

## <u>Urban Redevelopment Authority of Pittsburgh (URA) Tax Increment Financing Bonds and Notes</u> <u>– Conduit Debt (Debt not recorded in the Separate URA financial statements)</u>

Tax Increment financing bonds are used to finance economic development within the City. The Bond proceeds are used to fund various construction projects within the City. Real estate value is thus increased and will provide increased future tax revenue to the City. Under a Tax Increment Financing Cooperative Agreement (the TIF Agreement) with the City, County, and the School District of Pittsburgh, each entity agrees to assign its respective rights to the incremental taxes derived from the TIF project to the URA for the term of the Bonds. The difference in the amount of real estate taxes attributable to the TIF property prior to and subsequent to the development of the property constitutes the "increment" that is available to pay debt service on the Bonds.

The Bonds are not guaranteed by the full faith and credit of the City, and as a result of being jointly funded are not recorded in the City's financial statements.

In the event that real estate tax revenues generated under the TIF Agreements are insufficient at any time to pay debt service on the Bonds, the respective parties under the Minimum Payment Agreements have agreed to make payments sufficient to remedy such shortfalls. Amounts payable under the Minimum Payment Agreements correspond to debt service requirements on the respective Bonds. Pursuant to the Tenant Agreement, each tenant has agreed to guarantee the full and punctual payment when due of all obligations. As of December 31, 2024, the balance of TIF Bonds and Notes outstanding was \$20.5 million.

## NOTES TO FINANCIAL STATEMENTS

### YEAR ENDED DECEMBER 31, 2024

## (E) Urban Redevelopment Authority of Pittsburgh (URA) Debt Recorded by URA

The URA has various Bonds and Loans, which are the obligation of the URA and are not guaranteed or financed by the City. The proceeds of these Bonds and Loans are used to provide mortgages, loans, or grants to individuals or companies within the City to be used for urban redevelopment. The Bonds and Loans are payable from repayment of mortgages and loans and from other revenue and grants received by the URA. Debt issued for the URA as of December 31, 2024 is as follows:

#### Mortgage Revenue Bonds

The Mortgage Revenue Bond Program was created to provide below market rate mortgages for the purchase and rehabilitation of residential property within the City. The 2006 C Series bonds, including various serial and term bonds, bear interest at 4.80% and mature through 2028. At December 31, 2024, \$530,000 is outstanding. No principal repayments are due on these bonds in 2025.

### <u>Bank Loans</u>

*SSW Garage Loan* - During 2014, the URA received a bank loan totaling \$8,005,000. The proceeds of the loan were used to partially consolidate and refinance the debt on the South Side Works. The loan was fixed at an interest rate of 3.83%. During 2024, this loan was fully repaid.

*PTC Garage Loan* - During 2023, the URA entered into a bank loan with a maximum amount of \$7,096,208. The proceeds of the loan are being used to partially fund the construction costs of a new parking garage. As of December 31, 2024, \$5,722,075 has been drawn on this loan, which is equal to the outstanding loan balance at December 31, 2024. During the Construction Phase of the loan, interest on the principal balance is calculated at a rate of prime minus .5% and during the Permanent Phase, interest on the principal balance is calculated at a rate equal to 2.32% in excess of the five-year index rate. Interest-only payments are required during the Construction Phase and principal repayments over 25 years will be required at the commencement of the Permanent Phase. At year-end, the URA is still in the Construction Phase and anticipates entering the Permanent Phase in 2025.

Annual debt service requirements on outstanding bonds and loans (excluding the PTC Garage loan) of the URA's enterprise funds are as follows:

### YEAR ENDED DECEMBER 31, 2024

### HUD Section 108 Loans

During 2008, the URA received two HUD Section 108 loans to provide funding for the Pittsburgh Technology Center. The first loan, in the original principal amount of \$3 million is for site improvements and streets and utilities relocation. The loan bears interest at 4.8% with semiannual principal and interest payments due February 1 and August 1. The loan matures on August 1, 2026. At December 31, 2024, \$569,000 is outstanding. \$247,000 is due in 2025.

The second loan, in the original principal amount of \$2 million is for the construction of a 160space parking condominium. The loan bears interest at 4.8% with semiannual principal and interest payments due February 1 and August 1. The loan matures on August 1, 2026. At December 31, 2024, \$380,000 is outstanding. \$183,000 is due in 2025.

#### Housing Bonds

During 2023, the URA issued Revenue Bonds, Taxable Series of 2023 in the amount of \$31,575,000. The proceeds will be used to finance various affordable housing programs of the URA. At December 31, 2024, \$30,930,000 is outstanding and \$680,000 is due in 2025.

In conjunction with this issuance, the URA entered into a Cooperation Agreement with the City, as the City has agreed to provide an amount not to exceed \$2,500,000 annually for up to 25 years to assist in the repayment of principal and interest on these bonds, with such payments subject to annual appropriation by City Council. Appropriation of the cooperation payments is at the sole discretion of the City Council each year and there can be no assurance that such funds will be appropriated for any fiscal year of the City. These bonds, together with interest thereon, are limited obligations of the URA, payable solely from the Trust Estate, which includes the pledged revenues of the Cooperation Agreement, any future receipts or revenues deposited by or on behalf of the Authority, and all income, interest, and profits received from the investment of

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

moneys held in the Trust. The bonds are not obligations of the City; the full faith and credit of the City is not pledged for the payment of the bonds.

Annual debt service requirements on outstanding bonds and loans of the URA's governmental funds are as follows:

|           | \$<br>949,000 | \$       | 76,762     | \$      | 1,025,762 | \$        | 30,930,000 | \$        | 27,758,133 | \$         | 58,688,133 |  |

In August of 2020, the URA entered into a Non-Revolving Line Note (Note) with The PNC Foundation in the amount of \$10 million. The Note bears interest at 0%. The proceeds of the Note are to be used for the Emergency Recovery Loan Fund, Invest PGH, Inc., Small Minority Business and Catapult: Start-up to Storefront Program. Non-repayable Funds in the Note include Administrative, Invest PGH, Inc., Small Minority Business, and Catapult expenses as well as funds invested into projects, programs, and loans where a return on investment is not anticipated or loan repayments are not received. At December 31, 2024, \$7.5 million of Note proceeds were received by the URA and as of December 31, 2024, and \$4.6 million is recorded as accounts payable representing the potentially repayable portion of the proceeds.

During 2021, the URA entered into Equity Equivalent Investment Agreements (Agreements) with local banks whereby the banks agree to advance funds totaling \$3.5 million to be used for community development activities. These advances bear interest at 2%, payable semiannually. The initial term of these agreements ends in 2026 with automatic three-year renewal periods unless either party elects not to renew. During 2024, the URA entered into another agreement in the amount of \$2.0 million with an interest rate of 3%, payable semiannually. The initial term of the agreement ends in 2029, with automatic three-year renewal periods unless either party elects not to renew. Upon non-renewal of the Agreements, the advances are to be repaid by the

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

URA over a five-year period. At December 31, 2024, \$5.5 million is outstanding under these agreements.

URA Component Unit Debt consists of the following:

#### PHDC – Bank Construction Loans

The PHDC had outstanding construction loans payable to banks of \$831,124. Interest accrues on the loans at 7.5% to 7.75%. The loan is due when the units are sold or March 2026, whichever occurs first.

#### PHDC Schenley Heights Collaborative Construction Loan

The PHDC had an outstanding construction loan payable to Schenley Heights Collaborative of \$30,754. Interest accrues on the loan at 0.00%. The loan is due when units are sold or August 2025, whichever occurs first. The loan is secured by the mortgage on the property.

#### Future Maturities

Loans receivable to the URA from PHDC are \$1,287,146. The loans are non-interest bearing. The loans are due upon the sale of related project units. The loans are secured by a third lien position on real property and improvements. For reporting purposes, this activity is netted on the Combining Statement of Net Position – Component Units.

PHDC had outstanding construction loans payable to the URA of \$1,287,146. The loans are noninterest bearing. The loans are due upon the sale of related project units but are scheduled to mature in 2024. The loans are secured by a third lien position on real property and improvements.

All interest expenses on loans of the URA and its component units are reported as program expenses as the borrowings are essential to the programs and the financial statements would be misleading to exclude these charges as direct expenses.

### (F) Pittsburgh Parking Authority

#### 2015 Series Bonds

On October 29, 2015, the Parking Authority issued \$67,395,000 in Parking System Revenue Refunding Bonds, Series A of 2015.

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

Proceeds from the Series A of 2015 was used to (1) refund on a current refunding basis a portion of the Parking Authority's outstanding Parking System Revenue Bonds, Series A of 2005, (2) refund on a current refunding basis a portion of the Parking Authority's outstanding Parking System Revenue Bonds, Series B of 2005, (3) refund on an advance refunding basis a portion of the 2005B Bonds, (4) refund on a current refunding basis all of the Parking Authority's outstanding Parking System Revenue Bonds, Refunding Series B of 2005, (5) fund a Debt Service Reserve Fund Requirement relating to the 2015 Refunding Bonds by paying a premium on a Municipal Bond Debt Service Reserve Policy, and (6) pay a portion of costs of issuance of the 2015 Refunding Bonds.

#### 2020 Series Bonds

In November 2020, the Parking Authority issued \$23,490,000 in Federally Taxable Parking System Revenue Refunding Bonds, Series of 2020. Proceeds from the Series of 2020 were used to (1) advance refund a portion (\$15,735,000) of the outstanding Series A of 2015 Bonds, (2) current refund a portion (\$4,370,000) of the outstanding Series A of 2015 Bonds, (3) fund the Debt Service Reserve Fund requirement relating to the 2020 Bonds, and (4) pay the costs of issuing and insuring the 2020 Bonds. The Authority will make interest only payments on the Series 2020 bonds until 2026. The Series 2020 bonds will fully mature in 2032.

### (G) Other Long-term Obligations

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

- 1. The General Fund is used to liquidate the workers' compensation, compensated absences, claims and judgements and SBITAs. The General Fund and two Special Revenue Funds are used to liquidate lease obligations.
- 2. The City has entered into a number of noncancelable lease arrangements under which they are the lessee. The City is required to report a right-to-use asset and a liability for lease obligations. All extensions reasonably certain to be exercised have been included in the lease liability. As of December 31, 2024, the City is party to eight contracts that require this accounting treatment. Seven of these contracts are for the use of space and one contract for equipment. The leases for space and equipment have interest rates between 2.0%-5.0%. The value of the right-to-use asset for space and equipment as of the end of the current fiscal year was \$33,906,542 and had accumulated amortization of \$22,441,665.
- 3. The City has SBITAs for various software applications. The subscriptions have various contract end dates ranging through 2028 and the interest rate estimated by management was between 3.71-4.25%. The value of the right-of-use subscription assets as of the end of the current fiscal year was \$7,036,894 and had accumulated amortization of \$2,531,573.

| Year Ended  |               |            |               |

|                    | <br>General   |    | Service | Go | vernmental |    | Rescue   |                 | CDBG      |    | Total     |
| Due To:            |               |    |         |    |            |    |          |                 |           |    |           |
| General            | \$<br>-       | \$ | -       | \$ | 4,303,284  | \$ | -        | \$              | 200,122   | \$ | 4,503,406 |
| Other Governmental | 303,687       |    | -       |    | -          |    | -        |                 | 518,596   |    | 822,283   |
| Capital Projects   | 263,958       |    | -       |    | -          |    | -        |                 | 1,364,873 |    | 1,628,831 |
|                    | \$<br>567,645 | \$ | -       | \$ | 4,303,284  | \$ | -        | \$              | 2,083,591 | \$ | 6,954,520 |

Except as described below, interfund balances represent timing differences resulting from the difference between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments are made.

The Capital Projects Fund advanced funds to the CDBG Special Revenue Fund in the amount of \$1.3 million, which is included in the total above. \$4.0 million the amount due to the General Fund from an Other Governmental is due to timing of revenues received in the Other Governmental Fund.

## 12. Transfers

Transfers between primary government funds:

|                    |         |             |                |            | Tr                      | ansfer From  |    |             |                   |

# NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

Transfers are used (1) to move revenues from the funds that are required by the statute or budget to collect them to the funds that are required by statute or budget to spend them, (2) to move receipts restricted for debt service from the funds collecting them to the Debt Service Fund as debt service payments become due and (3) to move unrestricted revenues collected in the General Fund, which finance various programs accounted for in other funds in accordance with budgetary authorizations.

## **13.** Related Party Transactions

- (A) Under the terms of agreements dated July 1, 1965 and amended on various dates through June 17, 1992, the City of Pittsburgh made total grants of \$22,775,168 to the Stadium Authority to cover the excess of the aggregate cost of operation and maintenance of the stadium and debt service on the stadium bonds over the total funds available to the Stadium Authority for those purposes, to be repaid if funds are available. The Stadium Authority has this reflected as a long-term note due to the City. However, the City does not have a corresponding receivable recorded due to the unlikelihood of collection.
- (B) On January 1, 2015, the City and the Parking Authority entered into the 2015 Governmental Cooperation Agreement (Agreement). In September 2021, the Agreement was amended a second time (Second Amended Agreement). Under the terms of the Second Amended Agreement, the Parking Authority will receive the first \$5.6 million of on-street meter revenue, as well as the operating expenses associated with the on-street multi-space parking meters including credit card fees. The City will receive 100% of the net revenues of the Pittsburgh Parking Court (net of all expenses).

Under the terms of the Second Amended Agreement, payment in lieu of taxes payable by the Parking Authority will be abated entirely for ten calendar years, beginning with the 2021 calendar year. Payment in lieu of taxes will be reinstated in full in calendar year 2031. Before the Second Amended Agreement, the payment in lieu of taxes payable by the Parking Authority had previously been \$1.9 million.

The City and the Parking Authority have also agreed, in the event that total amounts of all payments from the Parking Authority to the City (excluding parking tax payments), exceeds \$18.5 million with respect to any fiscal year of the Parking Authority, any such excess amounts will be split equally by the City and the Parking Authority. The City's share of the excess was \$0 for the year ended December 31, 2024. These terms were not modified by the Second Amended Agreement.

# NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

(C) During 2018, the City, HACP (a related entity), and the URA (a component unit) agreed to enter into a joint ownership of a new facility. As part of this joint transaction, the City issued \$40 million in notes to fund the purchase and renovation of a building for HACP, the URA, and City departments located in the Civic Building. HACP and the URA have each entered into a legally binding agreement with the City to fund their portion of the debt related to the building purchase and renovations. As of December 31, 2024, the outstanding amount due from the URA of \$7.5 million for related proceeds drawn are reflected in the financial statements. The repayment schedules for the amounts receivable coincide with the City's debt payment schedule; however, HACP accelerated their payments and repaid their total balance during 2022. The new building was purchased during 2018 for approximately \$27.5 million and renovations will be ongoing through 2024. The URA's portion of the debt related to the build out approximated \$2.6 million, which is included in the outstanding amount due from the URA.

(D) In December 2017, the City committed \$10 million per year for 12 years to source a Housing Opportunity Fund (HOF). The Mayor appointed a 17-person Advisory Board to administer the fund in June 2018 and entered into a cooperation agreement with the URA to hold and manage the fund. The URA's Housing Opportunity Fund Department staffs this initiative. The HOF staff and Advisory Board creates an annual allocation plan and monitors programs and program guidelines. The new HOF programs established are:

- Down Payment and Closing Cost Assistance (DPCCAP) provides financing to first-time homebuyers in the City to help make the purchase of a home affordable. This program is designed to help stimulate housing investment in the City by providing financial assistance to potential homebuyers for the purpose of purchasing an existing or newly constructed residential unit.
- Homeowner Assistance Program (HAP) provides financial and technical assistance to eligible homeowners for rehabilitating and improving residential owner-occupied properties citywide.
- Rental Gap Program (RGP) will be used to help fund the creation of new affordable housing and/or preserve existing affordable housing in the City. The HOF RGP provides loans to developers for the creation and/or preservation of affordable units.
- Housing Stabilization Program (HSP) provides one-time or short-term (no more than 12 months) funding to help with emergency housing expenses such as rent and utilities. It is designed to assist participants to stabilize their current housing, or facilitate access to appropriate housing, and prevent homelessness. The program will also allow for legal eviction prevention services, including legal consultation and representation for eviction defense and/or related supportive services.

# NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

- For-Sale Development Program (FSDP) provides construction financing to developers with non-profit applicants for the substantial rehabilitation or new construction of for-sale housing.
- The Legal Assistance Program (LAP) provides a variety of free housing legal services to eligible tenants and homeowners who live in the City.
- The Small Landlord Fund (SLF) provides funding to landlords with ten (10) or fewer units for the preservation of existing affordable rental housing and/or the conversion of market/vacant housing to affordable housing in the City.

(E) As described in Note 9, during 2023, the URA issued 2023 Revenue Bonds, Taxable, and entered into a cooperation agreement with the City. The bonds were issued to finance various affordable housing programs including of the URA's Rental Gap Program, For-Sale Development Program, Pittsburgh Downtown Conversion Program, Housing Preservation Program, other URA programs related to construction or rehabilitation of affordable housing in the City, and financing costs of issuing the bonds. The City has agreed to provide an amount not to exceed \$2,500,000 annually for up to 25 years (through 2047) to assist in the repayment of principal and interest on these bonds, with such payments subject to annual appropriation by City Council.

## 14. Construction and Commitments

As of December 31, 2024, the City had the following commitments with respect to unfinished capital projects:

## NOTES TO FINANCIAL STATEMENTS

#### YEAR ENDED DECEMBER 31, 2024

| Capital Project                  | C  | ommitment  |
|----------------------------------|----|------------|
| Anderson Bridge                  | \$ | 45,612,305 |

|                                  | \$ | 84,050,630 |

#### **Encumbrances**

As of December 31, 2024, the City had the following encumbered amounts:

| Fund                              | Encumbrances |             |  |  |
|-----------------------------------|--------------|-------------|--|--|
| General                           | \$           | 40,263,118  |  |  |
| Capital Projects                  |              | 85,153,433  |  |  |
| Public Safety                     |              | 2,800,171   |  |  |
| Community Recreation and Cultural |              | 4,005,825   |  |  |
|                                   | \$           | 132,222,547 |  |  |

#### Component Units:

Pittsburgh Water is proceeding with a capital improvement program which Pittsburgh Water's independent engineer has estimated will entail expenditure of the existing construction funds and potential future bond issues.

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

The URA had outstanding contract commitments of approximately \$17 million at December 31, 2024.

## **15.** Regional Asset District Revenues

In December 1993, the Commonwealth legislature approved Act 77 of 1993 authorizing the creation of RAD by Allegheny County. RAD is a special purpose district whose primary purpose is to provide support and financing for regional community assets that were historically funded by the City, Allegheny County, or local municipalities. The City does not include RAD within its reporting entity since the City is not financially accountable for RAD's operations. These community assets include regional parks of the City and Allegheny County, municipal libraries, the Pittsburgh Zoo, the National Aviary, Phipps Conservatory, the old Three Rivers Stadium debt, PNC Park, Acrisure Stadium, and community cultural facilities.

RAD revenue allocated to the City totaled approximately \$35.3 million in 2024. The City allocated approximately \$2.5 million to park operations.

## **16.** Contingencies

The City has been named as a defendant in a number of lawsuits arising in the ordinary course of its operations against which the City is not insured. In the opinion of the City Solicitor, adequate accrual has been made in the financial statements for such lawsuits. In addition, there is on-going litigation regarding the allowability of the City's Facility Usage Tax (FUF). The lower courts did not rule in favor of the City's FUF tax. The City appealed to the Pennsylvania Supreme Court. The Court heard the case on April 10, 2024 and a final decision is still pending as of the date of this report. The City ceased collection of the FUF for the first quarter of 2024, upon petition of the Pennsylvania Supreme Court the City resumed collections beginning with the second quarter of 2024. The City has determined a reasonable estimate of refunds is not determinable as of December 31, 2024.

The City receives federal and state grants under a number of programs. The expenditures of the City under such programs are subject to audit and possible disallowance. Historically, such audits have not resulted in significant disallowances of program costs, and City management believes that audits of existing programs will not result in significant liability to the City. Any contingent liability accrual deemed appropriate has been reflected in the financial statements as presented.

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

#### Component Units:

#### Attorney General Criminal Complaint – Pittsburgh Water

In June 2016, Pittsburgh Water exceeded the drinking water lead action level established under the Pennsylvania Safe Drinking Water Act. As Pittsburgh Water attempted to meet federal Environmental Protection Agency (EPA) and Pennsylvania Department of Environmental Protection (DEP) service line replacement requirements, Pittsburgh Water violated the Safe Water Drinking Act in 2016 and 2017 by failing to provide 45-day advanced notice of partial service lead line replacement to customers at some homes and failing to provide postconstruction test kits. In November 2017, Pittsburgh Water entered into a consent order agreement with DEP related to these violations that included a civil penalty of \$2.4 million. The portion of the Attorney General misdemeanor counts described in the subsequent paragraph that relates to partial lead line replacements and lack of customer notices are duplicative to the violations that resulted in the aforementioned consent order agreement with the DEP.

On April 17, 2019, the Pennsylvania Office of the Attorney General completed a filing in the Allegheny County Court of Common Pleas, Docket CP-02-CR-0002636-2019, alleging 161 third-degree misdemeanor counts under the Pennsylvania Safe Drinking Water Act, which were later reduced to 152 counts. The misdemeanors addressed Pittsburgh Water's violations relating to Pittsburgh Water's unauthorized changes to its corrosion control treatment and its public water system by substituting corrosion control treatment chemicals without first obtaining the appropriate permit from the Pennsylvania Department of Environmental Protection. Also, Pittsburgh Water performed partial lead service line replacements, which can result in an increase in lead contamination for the residence, without providing its customers with the advance notice and follow-up sampling required under the state and federal safe drinking water regulations.

A Pre-Disposition Remediation Resolution (PDRR) dated July 15, 2020 was developed between the Commonwealth of Pennsylvania, the Pennsylvania Attorney General's (AG) Office, and Pittsburgh Water related to unauthorized changes in corrosion control treatment and partial lead service line replacements under prior management and dating back to 2014. The PDRR required Pittsburgh Water to issue a public statement, make charitable donations totaling \$500,000, and enter into a two-year Corporate Monitorship. The Corporate Monitor oversaw water treatment plant operations, corrosion control treatment and lead service line replacement efforts, and provided quarterly reports to the AG and the Southwest PADEP office, with their final report issued in the first quarter of 2023. On March 22, 2023, the AG's office submitted to the court that Pittsburgh Water has satisfied the requirements under the PDRR. The Judge accepted the submission from the AG's office and on March 30, 2023 granted the AG's motion to withdraw

### NOTES TO FINANCIAL STATEMENTS

### YEAR ENDED DECEMBER 31, 2024

charges based on Pittsburgh Water's compliance with the Pre-Disposition Remediation Resolution.

#### Lead Mitigation – Pittsburgh Water

Pittsburgh Water continued its critical initiatives to comply with the Consent Order and Agreement, and other requirements mandated by the Pennsylvania Department of Environmental Protection (PADEP) and the Pennsylvania Public Utilities Commission (PUC). These initiatives include: (1) a water treatment program to mitigate lead corrosion so as to comply with current water quality standards, (2) a lead service line replacement program, and (3) a lead service line identification program to be completed by 2020 for residential service line connections and a 2022 update to include all service line connections. These requirements are stipulated in the PADEP Consent Order and Agreement with Pittsburgh Water dated November 2017.

*Water Treatment:* Chemical treatment testing of orthophosphate application to Pittsburgh Water's finished water demonstrated rapid mitigation of lead and copper corrosion to levels well below any current federal drinking water standard. Pittsburgh Water fully implemented the introduction of orthophosphate to the drinking water system in April 2019, and since then has had two consecutive 6-month rounds of lead monitoring results below Federal action level of 15.0 parts per billion (ppb), along with five additional rounds of lead monitoring also below 15.0 ppb. [Action levels are the EPA's established standard for water system compliance with the Federal Lead and Copper Rule.] The results were 10.0 ppb in the monitoring that ended in December 2019, 5.1 ppb for the monitoring that ended in June 2020, 7.1 ppb for the monitoring that ended in December 2021, 4.42 ppb for the monitoring that ended June 2022, 5.0 for the monitoring that ended December 2023. The second round of results below the action level removed the mandated requirement to replace lead service lines.

*Lead Service Line Replacement:* Pittsburgh Water was ordered by PADEP to replace 1,341 public owned lead service lines by June 30, 2018 and an additional 7 percent of the public owned lead service lines by December 31, 2018 (a total of about 2,200). By the end of 2018 a total of 2,765 public lead service lines had been replaced. In addition, Pittsburgh Water was required to continue to replace 7 percent of the initial number of lead service lines in the system (revised to 855 based upon Pittsburgh Water data) until two consecutive 6-month monitoring period sampling events were below the Federal lead action level (where this replacement requirement ended in June 2020 as described above). As of the date of this report, over 12,475 public, along with over 9,150 private lead service lines have been replaced.

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

In October 2020, Pittsburgh Water completed work on the 2019 Neighborhood LSLR project with \$49.1 million in funding through PENNVEST, of which \$35.4 million was a loan and \$13.7 million was a grant. This program replaced over 4,738 public and 3,008 private lead service lines (as of March 18, 2022), well above the anticipated amounts of 3,400 public and 2,800 private replacements.

In June 2020, Pittsburgh Water transitioned into the next phase of the LSLR program by replacing lead service lines in concert with a water main replacement program. In this manner, Pittsburgh Water minimizes the overall cost for water main and service line replacements. Most of the remaining lead service lines are connected to the oldest water mains in the system, most subject to breakage and failure. Pittsburgh Water will strive to implement this program at the lowest possible cost, while addressing those water mains that have the highest likelihood of failure. Pittsburgh Water's investment in water main replacement will continue unabated to ensure that Pittsburgh Water can mitigate the amount of annual pipe breaks and minimize the risk of service disruption to its customers. Pittsburgh Water's program intends to achieve an average water main life expectancy more in line with national standards.

In 2022, with the availability of outside funding sources, Pittsburgh Water commenced additional LSLR projects. The first was funded by PENNVEST and focused on removing lead service lines at day care facilities and locations with elevated levels of lead in the drinking water. The 2022 Priority LSLR program was extremely successful and all LSLR work was completed by late 2022. The 2022 Neighborhood LSLR program was funded by American Recovery Plan Act funds, and construction of the \$17.5M program commenced in April 2022 and was completed in early 2024. Work included service line identification and LSLR at over 2,600 properties replacing 732 public and 695 private lead service lines.

Finally, with funding being provided for LSLRs by the Infrastructure Investment and Jobs Act, Pittsburgh Water is planning to submit additional funding requests to PENNVEST for continued Neighborhood LSLR programs on a semi-annual basis. To date, five projects have been funded: a \$13.4M project that commenced in July 2023 and was completed in 2024, a \$12.2M project starting in March 2024 and a \$32M project starting in August 2024. The fourth project is starting construction in late March 2025, and fifth was awarded by PENNVEST in January 2025 and construction is expected to commence in August 2025.

In summary, as of the date of this report, Pittsburgh Water has replaced a total of more than 12,475 public and 9,150 private lead service lines under all programs involving the removal of lead service lines, including the Lead Service Line Replacement Program (2016 through 2025 Contracts) and Small Diameter Water Main Replacement Program.

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

*Small Diameter Water Main Replacement Program:* The ongoing Small Diameter Water Main Replacement (SDWMR) Program consists of a series of annual projects designed to replace aging and undersized water mains in neighborhoods with a high likelihood of having lead service lines.

The 2020 SDWMR projects consisted of three individual construction contracts totaling nearly 15 miles of new water main. These projects were designed in 2019, construction started in mid-2020 and were completed in December 2021 and, inclusive of design and construction, cost approximately \$56 million.

The second phase of SDWMR projects (2021 SDWMR) was funded by PENNVEST. Designs for three 2021 SDWMR Projects (Contracts A / B / C) started in August 2020 and were complete February 2021. Based on the Opinion of Probable Construction Costs (OPCC) for the 3 Contracts, a decision was made to move two of the three 2021 contracts (B / C) forward to bidding in March 2021. Due to a delay with closing the PENNVEST funding, Contracts B and C were cancelled, and rebids were received in December 2021. Construction of the 2021B and 2021C SDWMR Projects began in late March 2022 and reached substantial completion in September 2023. Nearly 6 miles of pipeline replacement including associated valving, fittings and hydrants were completed in six neighborhoods across the Authority service area, including the concurrent replacement of 929 public-side service lines (589 copper and 340 lead) and 293 lead private-side service lines. Construction cost for 2021B and 2021C was approximately \$27 million. The design for 2021C SDWMR was renamed 2022C SDWMR and bid at the same time as 2022A and 2022B SDWMR Contracts (see below).

The third phase of SDWMR projects (2022 SDWMR) was funded by PENNVEST. Designs for the 2022A and 2022B SDWMR projects were started August 2021 and were completed October 2022. Resolution of clean fill disposal requirements delayed bidding until March 2023. Construction bids were received for the 2022 SDWMR projects in May 2023, greatly exceeding the construction cost estimates, only allowing for two (2022B and 2022C) of the three construction contracts to proceed construction on time in late-Summer/early-Fall of 2023. Construction of Contracts 2022B and 2022C was completed in 2024. Total construction value for these projects is \$60.1M as of March 2024, which includes addressing 7.6 miles of the more than 9 miles of water mains planned and replacement of over 515 of the 1,250 water service lines planned as of March 2024. Construction of the delayed 2022A Contract (divided into 2 Contracts, A1 and A2) was started in August 2024 and will be completed in 2025.

The fourth phase of SDWMR projects (2023 SDWMR) was funded by PENNVEST. Design of the 2023A1/A2/B1/B2 SDWMR Projects began in April 2023. Bidding for construction of these four separate SDWMR projects that address eight neighborhoods is expected to occur in stages during the second to third quarter of 2024. These projects will construct approximately 19.5 miles of

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

new water mains and will replace nearly 2,800 public-side service lines and 1,650 lead privateside service lines. The estimated cost of this work will be nearly \$93M.

The 2024, 2025, 2026, 2027, and 2028 contracts are currently in the 2024 Capital Improvement Plan with a total cumulative value of \$586.5 million, which equates to approximately 78 miles of small diameter water main to be replaced.

*Lead Service Line Identification Program:* The lead service line identification program determines the materials of manufacture for each existing water service line in Pittsburgh Water's system. The first phase of that program was completed with the digitization of existing records. The second phase, which has evolved since the signing of the consent order, consists of a combination of verification inspections and replacement records of ongoing infrastructure programs, video inspection of accessible residential service lines to evaluate the materials of manufacture, identification of private service lines while replacing meters, the development of a machine-learning predictive model in conjunction with the University of Pittsburgh and further records-mining with Pittsburgh Water, City of Pittsburgh and Allegheny County Plumbing Department. This phase was completed in December 2020 and submitted to the PADEP, in compliance with the Consent Order and Agreement. The third phase includes identifying service line materials for non-residential customers and providing an update for all locations. This effort was submitted to PADEP in December 2022.

The Identification Program will culminate in a complete digital file and mapping of all service lines within Pittsburgh Water's service territory. All updated records are made publicly available on Pittsburgh Water's website within one month of the data being collected.

The Environmental Protection Agency's ("EPA") Lead and Copper Rule Revisions (LCRR) mandates all utilities submit an updated service line inventory by October 2024. In conjunction with this requirement, the PADEP provided new requirements for acceptable inventory methods late 2022. Pittsburgh Water submitted an updated inventory based on the new PADEP requirements, including having a new machine learning predictive model prepared and instituting a large-scale program to identify service line materials inside customer's homes by the LCRR deadline.

#### Environmental Protection Agency – Pittsburgh Water

Pittsburgh Water has been cooperating with the EPA's investigation of Pittsburgh Water's Aspinwall Water Treatment Plant ("Water Treatment Plant") for nearly three years. Pittsburgh Water and EPA have negotiated a resolution that addresses the violations alleged by EPA. On January 15, 2021, pursuant to a plea agreement, the Court entered Pittsburgh Water's plea of guilty to two counts of violations of the Clean Water Act. The terms of the settlement are

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

contained in a plea letter dated December 30, 2020 and executed by Pittsburgh Water on January 13, 2021. Sentencing occurred on September 14, 2021 and included seven standard conditions of supervision and reference to the requirements established in the Plea Agreement. A U.S. Probation Officer has been assigned to Pittsburgh Water and Pittsburgh Water is required to provide monthly updates to the probation officer.

EPA's Suspension and Debarment Division placed Pittsburgh Water on its Suspension and Debarment list upon Pittsburgh Water's guilty plea on September 14, 2021. EPA and Pittsburgh Water entered into an Administrative Agreement, which allowed Pittsburgh Water to be promptly removed from the list on the same day.

A Pre-Disposition Remediation Resolution (PDRR) dated July 15, 2020 was developed between the Commonwealth of Pennsylvania, the Pennsylvania Attorney General's (AG) Office and Pittsburgh Water related to unauthorized changes in corrosion control treatment and partial lead service line replacements under prior management and dating back to 2014. The PDRR required Pittsburgh Water to issue a public statement, make charitable donations totaling \$500,000, and enter into a two-year Corporate Monitorship. The Corporate Monitor has been overseeing water treatment plant operations, corrosion control treatment and lead service line replacement efforts and providing quarterly reports to the AG and the Southwest PADEP office, with their final report issued in the first quarter of 2023. On March 22, 2023 the AG's office submitted to the court that Pittsburgh Water has satisfied the requirements under the PDRR. The Judge accepted the submission from the AG's office and on March 30, 2023 granted the AG's motion to withdraw charges based on Pittsburgh Water's compliance with the Pre-Disposition Remediation Resolution.

#### <u>Consent Order – Pittsburgh Water</u>

Pittsburgh Water is subject to federal regulation under the Clean Water Act (1977) and regulations adopted under that Act. Among the specific requirements applicable to Pittsburgh Water's system are those imposed by the United States Environmental Protection Agency's Combined Sewer Overflow (CSO) Policy (1994). On January 29, 2004, Pittsburgh Water and the City executed a Consent Order and Agreement (Order) regarding wet weather sewer overflows within the City. The other signatories to the Order are the Pennsylvania Department of Environmental Protection (DEP) and the Allegheny County Health Department (ACHD).

Generally, the Order requires Pittsburgh Water and the City to assess the City sewers to develop a plan with ALCOSAN to address wet weather sewer overflows within the City. The Order is part of a sewer assessment program for all municipalities served by ALCOSAN. To date, assessment activities have been completed for all accessible critical sewers and separate sanitary sewers with

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

the exception of any additional sewers discovered through continued research and investigation. Critical sewers were defined in the Order as: trunk sewers that are a final conveyance to the ALCOSAN Sewer System, sewers associated with areas of chronic basement flooding, sewers associated with areas of chronic maintenance, sewers associated with chronic surcharge, sewers downstream of diversion structures, sewers where additional information is necessary for model development, and sewers deemed a priority for inspection by a professional engineer. Ongoing pipe and manhole repairs are being completed to provide CCTV access to remaining inaccessible critical/sanitary sewer pipes. Assessment activities for non-critical sewers are to be completed on a longer schedule. The majority of accessible non-critical manholes have been inspected with ongoing efforts to complete any remaining or newly identified accessible non-critical manholes. The required Wet Weather Feasibility Study (WWFS) was submitted to the DEP and ACHD on time in July of 2013. This long-term control plan outlined system-wide improvements, including Green Infrastructure (GI) that Pittsburgh Water would implement over the next 20 years.

As this Order with the DEP expired in March 2015, the U.S. Environmental Protection Agency (USEPA) became the main regulatory body to which Pittsburgh Water is responsible. On January 21, 2016, the USEPA issued a Clean Water Act Section 308 Information Request to Pittsburgh Water. The USEPA 308 request required Pittsburgh Water to submit detailed information on past Order performance and activities. It also required Pittsburgh Water to conduct a source reduction analysis for the entire service area, followed by GI demonstration projects.

Pittsburgh Water hired two engineering firms to assess and model the sewer system, responding to the first phase of the USEPA 308 request by the due date March 31, 2016. The second phase of the request was responded to by the submission of a source reduction study by the due date of December 1, 2016 and the submission of project performance evaluations for certain construction GI demonstration projects by the due date of December 1, 2017. An additional 308 request from the USEPA was received in October 2016 seeking more detailed information and further actions regarding the assessment of Pittsburgh Water's sewer system. The response to the October 2016 request from the USEPA was delivered in January 2017.

In addition to the assessment, the USEPA 308 request also requires Pittsburgh Water and the City to continue implementing the Nine Minimum Controls to reduce combined sewer overflows, and to perform repairs and maintenance of deficiencies revealed by the assessment. Pittsburgh Water maintains an expedited response to significant structural failures of the sewer system where imminent structural failures are determined by a professional engineer and prioritized for repair. Ongoing sewer line replacement, point repair, and trenchless rehabilitation projects have been implemented to address structural deficiencies. The USEPA 308 request also requires the submission of information on an ongoing, rolling basis, updating the progress of the evaluations and improvements, as well as water quality impacts. These reports are submitted monthly.

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

Pittsburgh Water has begun negotiations with EPA, the U.S. Department of Justice (DOJ), and DEP over the terms of the consent decree (CD) that will address the control of sanitary and combined sewer overflows within the City of Pittsburgh. Such a decree will likely set out an enforceable framework for bringing Pittsburgh Water's sanitary and combined sewer systems into compliance with applicable requirements of the federal Clean Water Act and Pennsylvania Clean Streams Law.

Given the broad scope of a potential CD, the size of the sewer system in the City, and the various conditions and/or deficiencies that may be discovered by the assessment, it is difficult to predict the total cost of compliance with the CD. Moreover, it is difficult to predict what, if any, largescale and/or regional capital improvements may be required after the completion of the assessment to address wet weather sewer overflows in the City and in the ALCOSAN service area. Costs associated with CD and COA compliance will be reflected in the capital improvement program and funded by proceeds of potential future bond issuances.

#### Arena Land Agreement – URA

On September 11, 2014, the URA entered into a Comprehensive Option Agreement (the "Agreement") with the Sports & Exhibition Authority of Pittsburgh and Allegheny County (the "SEA") and Pittsburgh Arena Real Estate Redevelopment LP (the "Redeveloper") that replaced previous agreements regarding the redevelopment of the approximately 28-acre site comprised of the former Civic Arena and surrounding parking lots. Approximately 9 acres of the site are owned by the URA. On June 20, 2018, the parties to the Agreement executed an amended and restated Option Agreement which amends and replaces the Agreement. Pursuant to the "Amended Agreement", the URA and the SEA have certain joint development Obligations. If those obligations are not met, the URA and SEA have a maximum joint liability of \$6,000,000. The Option Agreement is set to expire on October 22, 2025, which will cause these obligations and their liabilities to terminate. The URA will not review these obligations or their respective liabilities in any extensions to the Option Agreement.

### **17.** Risk Management and Uncertainties

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The risk of loss to which the City is exposed for the above-mentioned items is handled through various insurance coverages. As of December 31, 2024, there were no settlements exceeding coverage for the past three years. The City also covers certain claim settlements and judgements from its General and Capital Projects Fund resources due to the prohibitive cost of carrying certain commercial insurance. The City currently

### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

reports all risk management activities out of its General Fund. Claims liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not yet reported. Provisions are recorded within current liabilities for amounts payable within one year. Amounts not payable within one year are reported within long-term liabilities.

Changes in the accrued claims and judgements liability for the past two fiscal periods (calendar year 2024 and 2023) are as follows:

|   | 2024          | 2023          |
|---|---------------|---------------|
| Accrued claims and judgments, January 1   | \$ 20,493,204 | \$ 21,406,000 |
| Current year claims                       | 3,932,500     | 4,849,401     |
| Claim payments/Reduction in estimate      | (12,237,704)  | (5,762,197)   |
| Accrued claims and judgments, December 31 | \$ 12,188,000 | \$ 20,493,204 |

These accruals are subject to potential losses in excess of the amount recorded at year-end; it is unlikely that the amount for such potential losses would be material.

Also, the City is fully self-insured for workers' compensation benefits. The City monitors its liability through periodic actuarial studies. A self-insurance reserve fund in the amount of \$378,881 (classified as restricted within the General Fund) is maintained, due to a legal requirement under self-insurance regulations of the State of Pennsylvania, in the General Fund.

Changes in the accrued workers' compensation liability during the year ended December 31, 2024 are as follows:

| Accrued worker's compensation, January 1   | \$<br>88,901,636 |
|--|------------------|
| Current year claims                        | 18,933,565       |
| Claim payments                             | <br>(18,810,237) |
| Accrued worker's compensation, December 31 | \$<br>89,024,964 |

The City is self-insured for losses and liabilities related to health insurance claims. Losses are accrued based upon the City's estimate of the aggregate liability for claims incurred using certain actuarial assumptions followed in the insurance industry and based on the City's experience. Specific and aggregate stop-loss insurance policies limit the City's exposure to large claims. Incurred but not reported costs are estimated to be \$3.3 million at December 31, 2024.

### NOTES TO SCHEDULES OF REQUIRED SUPPLEMENTARY INFORMATION

#### YEAR ENDED DECEMBER 31, 2023

In accordance with Act 205 and the Acts under which the Municipal Pension Plan of the City of Pittsburgh, the Policemen's Relief and Pension Plan of the City of Pittsburgh were established; a separate accounting for the activities of these three plans is maintained including the employees' contributions, allocation of state aid and the City's annual contribution and a calculation of each Plan's undivided interest in the investments held by the Comprehensive Trust. Additionally, separate actuarial valuations are performed annually for each plan. However, the individual plans do not record the undivided interest in the investments in their individual plans since the assets of the Comprehensive Trust are available for the payment of benefits and expenses of any of the three pension plans without limitations. Therefore, in accordance with Governmental Accounting Standards, the City is considered to be administering a single plan for financial reporting purposes. The three pension plans plus the Comprehensive Trust constitute the City's Pension Plan.

# Actuarial Methods and Assumptions Used in Calculation of Actuarially Determined Contribution

The 2024 contribution and contribution rate information presented in the required supplementary schedules was determined as part of the January 1, 2021 actuarial valuations. Additional information as of the January 1, 2021 valuation follows:

### NOTES TO SCHEDULES OF REQUIRED SUPPLEMENTARY INFORMATION

|  | Municipal   | Policemen   | Firemen   |

#### YEAR ENDED DECEMBER 31, 2023

The information presented was determined as part of the actuarial valuation as of January 1, 2021. Additional information as of the latest actuarial valuation presented is as follows:

For 2021, there was a change with respect to actuarial assumptions from the prior year to reflect revised expectations with respect to the assigned rate of return, mortality rates, salary scale, retirement rates, disability rates, termination rates, and asset smoothing method. Additionally, there were changes to the following actuarial assumptions in the current and prior years:

• From 2019 to 2021, for the Municipal fund, all eligible members are assumed to elect the removal of the Social Security offset.

### NOTES TO SCHEDULES OF REQUIRED SUPPLEMENTARY INFORMATION

YEAR ENDED DECEMBER 31, 2023

- From 2015 to 2017, the investment rate of return was lowered from 7.50% to 7.25% and from 2019 to 2021 from 7.25% to 7.00% for all funds to provide a more conservative assumption for all funds.
- From 2015 to 2017, the projected salary increases lowered from 5.75% to 5.50% per year for the Firemen's Fund and from 2019 to 2021, from 4.00% to 4.50% per year for the Municipal fund, from 4.50% to 4.75% per year for the Policemen, and from 5.50% to 6.00% for the Firemen.
- From 2015 to 2017, the underlying inflation rate decreased from 3.0% to 2.75% for all funds.

The actuarially determined contributions are based on the City's actuarially prepared Minimum Municipal Obligation under PA Act 205, as amended. The contribution excess for each year includes payments originating from (in millions):

|  | Dedicated parking tax revenue  | Gaming revenue  |
|--|--|---|
| 2024<br>2023<br>2022<br>2021<br>2020<br>2019<br>2018<br>2017 | \$26.8<br>\$26.8<br>\$26.8<br>\$26.8<br>\$26.8<br>\$26.8<br>\$26.8<br>\$26.8<br>\$26.8<br>\$26.8<br>\$26.8<br>\$26.8<br>\$26.8 | \$21.5<br>\$19.4<br>\$19.8<br>\$19.8<br>\$20.8<br>\$16.6<br>\$10.0<br>\$7.9 |
| 2017<br>2016<br>2015   | \$13.4<br>\$13.4<br>\$13.4   | \$7.9<br>\$11.2<br>\$7.1  |

As permitted by GASB Statement No. 82, covered payroll was not restated for prior years as it was not deemed practical due to the complex nature of the City's payroll structure.

| 2036        | 5.50%             | 4.50%                    |
| 2037        | 5.00%             | 4.50%                    |
| 2038        | 4.50%             | 4.50%                    |

There have been no benefit changes made since the 1/1/2024 actuarial valuation.

The information presented was determined as part of the actuarial valuation as of January 1, 2024. Additional information as of the latest actuarial valuation presented is as follows:

For 2024, there was a change with respect to actuarial assumptions from the prior year to reflect investment rate of return changed from 6.0% to 7.0%. Per capita baseline costs, morbidity factors,

### NOTES TO REQUIRED SUPPLEMENTARY SCHEDULES

YEAR ENDED DECEMBER 31, 2024

salary scale assumptions, demographic assumptions and health care trends were updated. Additionally, there were changes to the following actuarial assumptions in the current and prior years:

- From 2020 to 2022, there was a decrease in the discount rate from 2.12% to 3.72% and pre-Medicare trends have been increased to 7.0% for 2023-2025 to reflect expectations arising due to recent inflationary pressures. Medicare Part B trends have been aligned with Medicare trends based on the SOA Getzen model. These rates are applied to health costs and premiums.
- From 2018 to 2020, the health care trend rates were updated and there was a decrease in the discount rate from 2.74% to 2.12%.
- From 2016 to 2018 there were no changes in benefits or in actuarial assumptions.

For 2023 GASB 75 purposes, there was an increase in the discount rate from 6.00% to 7.00%.

#### Actuarial Methods and Assumptions for the Disabled Firefighter OPEB Plan

The methods and assumptions used to determine contribution rates for the Fire plan are based on the 1/1/2024 valuation and are as follows:

| Actuarial valuation date  | 1/1/2024   |
|---------------------------|--|
| Actuarial cost method     | Entry Age Normal   |
| Amortization method       | Level Dollar   |
| Asset valuation method    | Market Value of Assets   |
| Actuarial assumptions:    |  |
| Investment rate of return | 7.00%  |
| Discount rate             | 4.28%  |
| Salary increases          | 6.00%  |
| Mortality table           | Active and Retirees: Pub-2010 Safety Headcount-Weighted Table,<br>projected with Mortality Improvement Scale MP-2021 |

Healthcare cost trend rates:

|      | Medical/Rx Costs  | Medicare Part B Premiums |
|------|-------------------|--------------------------|
| Year | Annual Trend Rate | Annual Trend Rate        |
| 2025 | 8.50%             | 5.90%                    |
| 2026 | 8.25%             | 6.50%                    |
| 2027 | 8.00%             | 6.40%                    |
| 2028 | 7.75%             | 6.30%                    |
| 2029 | 7.50%             | 6.20%                    |
| 2030 | 7.25%             | 6.10%                    |
| 2031 | 7.00%             | 6.00%                    |
| 2032 | 6.75%             | 5.75%                    |
| 2033 | 6.50%             | 5.50%                    |
| 2034 | 6.25%             | 5.00%                    |
| 2035 | 6.00%             | 4.50%                    |
| 2036 | 5.50%             | 4.50%                    |
|      |                   |                          |

### NOTES TO REQUIRED SUPPLEMENTARY SCHEDULES

YEAR ENDED DECEMBER 31, 2024

The information presented was determined as part of the actuarial valuation as of January 1, 2024. Additional information as of the latest actuarial valuation presented is as follows:

For 2024, there was a change with respect to actuarial assumptions from the prior year to reflect a change in the discount rate from 4.0% to 4.28%, the long-term rate of return changed from 6.0% to 7.0% and salary scale assumptions changed from 2.75% to 6.0%. Per capita baseline costs, morbidity factors, demographic assumptions, and health care trends were updated. Additionally, there were changes to the following actuarial assumptions in the current and prior years:

- From 2020 to 2022, there was a decrease in the discount rate from 2.12% to 3.72%; and pre-Medicare trends have been increased to 7.0% for the following three years to reflect expectations arising due to recent inflationary pressures. Medicare Part B trends have been aligned with Medicare trends based on the SOA Getzen model. These rates are applied to health costs and premiums.
- From 2018 to 2020, the health care trend rates were updated and there was a decrease in the discount rate from 2.74% to 2.12%.

For 2023 GASB 75 purposes, there was an increase in the discount rate from 3.72% to 4.00%.
