DOMI-EN-2021-05322**

Dear President and Members of City Council:

We have a request for an encroachment permit that will amend Resolution 307, approved May 12, 2015, at 1000 Liberty Avenue, in the 2<sup>nd</sup> Ward, 6<sup>th</sup> Council District, as shown on the attached plan. A copy of the request is also attached.

The United State General Services Administration is proposing to remove/relocate existing bollards and planters and replace with security compliant bollards, a post and beam rail and a swing gate for maintenance of existing underground utilities.

This resolution is necessary to include additional obstructions not provided in the original requests for bollards and planters at 1000 Liberty Avenue. The United States General Services Administration are proposing to replace the existing bollards and planters with new security compliant bollards, a post and beam rail and a swing gate for maintenance of existing underground utilities.

Your favorable approval of this proposed Resolution is hereby recommended.

Sincerely,
