Independent Auditor's Report on the Schedule of  
Expenditures of Federal Awards

The Honorable Members of Council  
City of Pittsburgh, Pennsylvania

We have audited the financial statements of the City of Pittsburgh (City), Pennsylvania, as of and for the year ended December 31, 2016 (we did not audit the financial statements of the Stadium Authority of the City of Pittsburgh, which represent 3.0%, 1.0%, and 2.5%, respectively, of the assets and deferred outflows, net position, and revenues of the aggregate discretely presented component units) and have issued our report thereon dated April 28, 2017, which expressed an unmodified opinion on those financial statements. Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The schedule of expenditures of federal awards is presented for the purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

*Maher Duessel*

## NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

YEAR ENDED DECEMBER 31, 2016

---

### 1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (Schedule) includes the federal grant activity of the City of Pittsburgh (City), Pennsylvania under programs of the federal government for the year ended December 31, 2016. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the City.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. The City's federal awards made prior to December 26, 2014 are recognized following the cost principles in OMB Circular A-87, *Cost Principles for State, Local, and Indian Tribal Governments*. The City's federal awards made subsequent to December 26, 2014 are recognized following the cost principles in the Uniform Guidance.

### 3. INDIRECT COST RATE

The City did not elect to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

### 4. COMPONENT UNITS

The City's financial statements include the operations of the Urban Redevelopment Authority of Pittsburgh (URA), which expended \$9,973,469, of which \$5,663,507 are not included in the accompanying schedule of expenditures of federal awards, during the year ended December 31, 2016. The schedule of expenditures of federal awards did not include all the expenditures of the URA, because the component unit completed a separate audit in accordance with the Uniform Guidance. Only the approximately \$4.3 million of federal funds that pass through the City to the URA are shown on the City's schedule of expenditures of federal awards.

### 5. CONTRACTUAL AGREEMENT

The City is a contractual recipient of federal awards under agreements with the U.S. Department of Housing and Urban Development (HUD). For the year ended December 31, 2016, the City has authorized HUD to transmit \$1,806,488 of HOME Investment Partnerships Program funds (CFDA #14.239) directly to the URA, which is the representative agency with program oversight responsibility. Therefore, the related federal awards are reported by the URA to its cognizant agency in the URA's audit report under the Uniform Guidance, in addition to being reported as a program in the City's schedule of expenditures of federal awards.

**City of Pittsburgh, Pennsylvania**

Independent Auditor's Reports  
Required by the Uniform Guidance

Year Ended December 31, 2016

Independent Auditor's Report on Internal Control over Financial Reporting and on  
Compliance and Other Matters Based on an Audit of Financial Statements  
Performed in Accordance with *Government Auditing Standards*

The Honorable Members of Council  
City of Pittsburgh, Pennsylvania

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Pittsburgh (City), Pennsylvania, as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated April 28, 2017. We did not audit the financial statements of the Stadium Authority of the City of Pittsburgh (Stadium Authority), which represent 3.0%, 1.0%, and 2.5%, respectively, of the assets and deferred outflows, net position, and revenues of the aggregate discretely presented component units. The financial statements of certain City component units (Pittsburgh Water and Sewer Authority, Pittsburgh Public Parking Authority, and Stadium Authority) were not audited in accordance with *Government Auditing Standards*.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations,

The Honorable Members of Council  
City of Pittsburgh, Pennsylvania  
Independent Auditor's Report on Internal Control over  
Financial Reporting and on Compliance and Other Matters

contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*Maher Duessel*

Pittsburgh, Pennsylvania  
April 28, 2017

Independent Auditor's Report on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance

The Honorable Members of Council  
City of Pittsburgh, Pennsylvania

**Report on Compliance for Each Major Federal Program**

We have audited the City of Pittsburgh (City), Pennsylvania's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have direct and material effect on each of the City's major federal programs for the year ended December 31, 2016. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

The City's financial statements include the operations of the Urban Redevelopment Authority of Pittsburgh (URA), which received \$9,973,469 in federal awards, of which \$5,663,507 are not included in the City's schedule of expenditures of federal awards during the year ended December 31, 2016. Our audit, described below, did not include all the operations of the URA, because the component unit completed a separate audit in accordance with the Uniform Guidance.

***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

The Honorable Members of Council  
City of Pittsburgh, Pennsylvania  
Independent Auditor's Report on Compliance for Each Major Program  
and on Internal Control over Compliance

***Opinion on Each Major Federal Program***

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2016.

**Report on Internal Control over Compliance**

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
