

Request # WCP22-024
(assigned by OMB)

CITY OF PITTSBURGH
REQUEST FOR WAIVER OF COMPETITIVE PROCESS

Contract Title: CI Technologies

Contract Description: Professional standards software maintenance

Contract Duration: 3 years plus two one-year options

Requesting Department: Public Safety-Police Contract Type: Prof srv

Requests for exemption must be based on one or more of the categories listed in City Code 161.02B located here:

Please list all category numbers that apply (see page 2) (10) Continuation of Services

Justification:

IPro is currently utilized by OMI, and the Pittsburgh Bureau of Police (PBP) requires the expansion of its use for features that are currently in the process of integrating based on the previous contract with Allegheny County. Additionally, it is required for use as an early warning system based on City code for the PBP, and the time frame to research, solicit, and implement a newer program would force the PBP to be without an early warning system for an extended period of time (years). IPro will capture data in one location, effectively minimizing the amount of time research time require supervisors, as the current early warning systems (PARS/OMS) do not integrate with each other and require extensive manual research. Lastly, with the expiration of APRS by the Police Bureau, IPro ensures continuity of early warning data, as PARS feeds into APRS.

Signed by: 
Department Director

Date: 6-22-22

Waiver Request is hereby: X Granted Denied

OMB Procurement:  Date: 6/28/2022

After completion, please email this form, along with any appropriate backup to procurement@pittsburghpa.gov

If a waiver is granted, contract authorization is then required by City Council. Department shall submit appropriate legislation and note the Resolution number on this form and submit a copy along with the contract when submitting to the Controller's Office for signature.
