The Pricing Proposal is structured in a Small-2XL+ format. Vendors who use a different sizing format for pricing should note which sizes correspond to each category ("Smalls are 30, Mediums are 32" etc.).

Some line items are differentiated by gender. Where a different model exists for each gender and is not specified on the pricing table, vendors should price the single line item as both genders.

- Location where alterations will take place.

In cases where Public Safety personnel will need measured, those measurements shall be taken within five (5) business days.

3.7. Bureau of Fire Requirements

All uniform items required for the Bureau of Fire are listed as a separate pricing table in the Pricing Proposal section. Prospective vendors should complete each line item price in that table with their best price.
