Gate Latch & Vinyl Privacy Fence (6ft fence not to exceed 2 inches off ground)

MagnaLatch Series 3

Details

The World's #1 Child Safety Gate Latch

The MagnaLatch Vertical Pull Series 3 uses the same revolutionary technology as the MagnaLatch Top Pull Series 3 but in a smaller, more compact design. The Vertical Pull is suitable for taller pool, garden or household gates where it will still be out of reach of children. It's also great for protecting your pets, as you cannot shake the MagnaLatch open and the built-in lock helps prevent unauthorized entry into your yard.

This NEW MagnaLatch Series 3 is the safest, toughest MagnaLatch yet. The Series 3 includes a new visible lock indicator, a 6-pin re-keyable security lock, vertical and horizontal alignment indicators, and has been tested to 2 million cycles. It's 50% stronger than the already-strong MagnaLatch Series 2.

Series 3 Features

- Visual red indicator provides locked and unlocked status
- 6-pin re-keyable security lock
- Vertical and horizontal alignment indicators
- Superior performance in extreme climates
- Industry's greatest gate/post movement tolerance - will not unlock
- Innovative vertical and horizontal adjustment
- T-track for superior fixing strength
- Lift knob is more ergonomic and child resistant
- Industry-leading magnetic latching technology
