**Whereas**, it is the duty of government to ensure fairness and equity in all instances, and in so keeping with this duty a uniform taxation system is guaranteed in the Pennsylvania Constitution; and

**Whereas**, persons and entities who use City services all bear a fair share of responsibility for ensuring that those services are adequately maintained; and

**Whereas**, appealing an assessment multiple times in rapid succession without substantial changes to the property results in an undue burden on property owners and an inefficient use of limited City resources; and" by repealing it in its entirety.

**Be it resolved by the Council of the City of Pittsburgh as follows:**

**Section1. Section 1** of Resolution No. 54, effective February 18, 2016, which presently reads as follows:

“The Director of Finance shall immediately cease the appeal of any assessment within the first two calendar years of its transfer by arm’s length sale and no appeal shall be based on the sale value of a property alone.

**Section 2.** The Director of Finance shall limit the appeal of property assessment values to no more than once every three years, regardless of the outcome of the appeal.

**Section 3.** The Director of Finance shall generate a list of properties whose assessment is 50% greater than their market value and shall appeal values downward on behalf of those owners.

**Section 4.** The Director of Finance shall design a documentable system of selecting properties for appeal, either upward or downward, and that system shall be based on comparable values rather than sales alone.

**Section 6.** The Director of Finance is empowered to work collaboratively with the City of Pittsburgh School District and Allegheny County to expand uniformity of these policies.

**Section 7.** The Director of Finance shall promulgate operating policies and revise existing operating policies no later than February 28, 2016 that incorporate these directives.”

is hereby repealed in its entirety.
