Research Question: What are the infrastructure needs of child care providers in the City of Pittsburgh?

Propose a three-step process:

Step	Explanation	Proposed Products	Proposed Timeline

Step One - Background Research and Demographic Trends	1. Work with one or more representatives from each of the nine Council Districts and the Office of City Planning to compile any existing previous needs assessments or data that would support our research. 2. Compile demographic indicators for young children and their families, as well as characteristics that places any additional strain on them.	1. Literature and background sections of Final Reports. 2. Maps and tables depicting demographic indicators.	2-4 Weeks
Step Two - Planning and Implementation of Focus Groups	1. Identify areas of focus that were surfaced by the previous research and assessments in order to develop group interview questions and a protocol that are City and Council District specific. 2. Coordinate with City Council members to target child care providers from each Council District to provide feedback on their needs	1. Develop group interview protocol. 2. Conduct a focus group in each of the nine City Council Districts.	2-4 Weeks
Step Three - Analysis and Reporting	1. Transcribe and analyze focus group specific information. 2. Report findings for the City and each Council District.	1. Draft a final reports for the City and Council Districts.	1-3 Weeks
