### Section 1.

Upon a review of the record of the record as provided by the Planning Commission of the City of Pittsburgh, it is herewith affirmed that the proposed conditional use has properly met the standards as provided in the Pittsburgh Code Section 922.06.E.1 and that the following criteria was considered:

- a) That the development will not create detrimental visual impacts, such that the size and visual bulk of the proposed development is determined to create an incompatible relationship with the surrounding built environment, public streets, open spaces and land use patterns;
- b) That the development will not create detrimental transportation impacts, such that the proposed development is determined to adversely affect the safety and convenience of residential neighborhoods or of vehicular and pedestrian circulation in the vicinity of the subject tract, including traffic reasonably expected to be generated by the proposed use and other uses in the area given the existing zoning, land uses and proposed land use in the area;
- c) That the development will not create detrimental transportation impacts, such that the proposed development will result in traffic volumes or circulation patterns that exceed the capacity of streets and

intersections likely to be used by traffic to and from the proposed development;

- d) That the development will not create detrimental operational impacts, including potential impacts of hours of operation, management of traffic, servicing and loading operations, and any on-site operations associated with the ongoing functions of the use of the site, in consideration of adjacent and surrounding land uses which may have differing sensitivities to such operational impacts;
- e) That the development will not create detrimental health and safety impacts, including but not limited to potential impacts of noise, emissions, or vibrations from the proposed development or functions within the proposed site which would otherwise affect the health or safety of other as a direct result of the operation of the proposed use;
- f) That the development will not create detrimental impacts on the future and potential development of parcels in the vicinity of the proposed site of the development;
- g) That the development will not create detrimental impacts on property values.
