At twilight there shall be placed upon the place of excavation and upon any excavated materials or structures or other obstructions to streets suitable and sufficient warning devices which shall be kept burning throughout the night during the maintenance of the construction. The permittee shall inspect barriers and other protective devices every eighteen (18) hours. It shall be unlawful for anyone to remove or tear down the fence or railing or other protective barriers or any lights provided there for the protection of the public.

(c) If a permit application seeks closure of a sidewalk that will extend beyond 30 days, the permittee shall erect a covered walkway over the sidewalk. The Director, or their designee, shall consider such analysis before making a written determination.

(d) All covered walkways, as referenced in this section, shall be in compliance with Chapter 33 of the International Building Code, or otherwise meet the definition of a "covered walkway" found within the most recent version of that code.

415.14 - REVOCATION OF PERMITS.

(a) The City reserves its right, as provided herein, to revoke any permit, without refunding any fees already tendered, in the event a registrant fails to comply with the terms and conditions of any City Code ordinance,

rule or regulation, or any condition of the permit.

(b) If the City determines that the registrant has failed to comply with a term or condition of any statute, ordinance, article, rule, regulation, or any condition of the permit, the City shall make a written demand upon the registrant to remedy such failure. The demand shall state that continued failure to comply may be cause for revocation of the permit.

(c) Within twenty-four (24) hours of receiving notification of failure to comply, the registrant shall provide the City with an accepted plan for correction of such failure. Registrant's failure to so contact the City, or the registrant's failure to submit or implement an acceptable plan shall be cause for immediate revocation of the permit.

(d) If a permit is revoked, the registrant shall reimburse the City for the City's reasonable costs, including mitigating and restorative measures and reasonable attorneys' fees incurred in connection with such revocation.
