§ 425.08 - FRANCHISE REQUIREMENTS

- (a) **Unlawful to Operate Without a Franchise.** It shall be unlawful for any Person to construct, operate or maintain a Cable System or to provide Cable Service in the City without a Franchise.
- (b) **Franchises Nonexclusive.** Any Franchise granted pursuant to this Chapter shall be nonexclusive. The City specifically reserves the right to grant, at any time, such additional Franchises for a Cable System or

any component thereof, to any other Person including itself, as it deems appropriate, subject to applicable federal and State law.

- (c) **Franchises Non-Discriminatory.** In the event the City grants more than one (1) Franchise or similar authorization for the construction, operation, or maintenance of any Cable System to a qualified Person in a Franchise Area, the City's policy shall be to grant the Franchises on terms that are non-discriminatory and competitively neutral, provided that nothing herein shall be construed as requiring the use of identical terms or conditions, or limit the enforceability of conditions that are freely negotiated.
- (d) **Franchise Territory.** Any Franchise shall be valid within the entire Franchise Area.
- (e) **Federal, State, and City Jurisdiction.**
 - (1) This Chapter shall be construed in a manner consistent with all applicable federal and State laws.
 - (2) In the event that the federal or State government discontinues preemption in any area of cable communications over which it currently exercises jurisdiction in such manner as to expand rather than limit municipal regulatory authority, City may, if it so elects, adopt rules and regulations in these areas to the extent permitted by law.
 - (3) This Chapter shall apply to all Franchises granted or renewed after the effective date of this Chapter. It shall further apply, to the extent permitted by applicable federal or State law, to all existing Franchises granted prior to the effective date of this Chapter.
 - (4) Franchisee's rights are subject to the police powers of the City to adopt and enforce ordinances necessary to the health, safety, and welfare of the public. Franchisee shall comply with all applicable general laws and ordinances enacted by the City pursuant to that power.
 - (5) Franchisee shall not be relieved of its obligation to comply with any of the provisions of this Chapter or a Franchise Agreement by reason of any failure of the City to enforce prompt compliance.
 - (6) This Chapter and all Franchise Agreements shall be construed and enforced in accordance with the substantive laws of the Commonwealth of Pennsylvania.
- (g) **Rights Reserved To City.**
 - (1) In addition to any rights specifically reserved to City by this Chapter or a Franchise Agreement, City reserves to itself every right and power that is required to be reserved by a provision of any other ordinance or under any other Franchise.
 - (2) City shall have the right to waive any provision of this Chapter or a Franchise Agreement, except those required by federal or State regulation, if the City determines: (1) that it is in the public interest to do so and (2) that the enforcement of such provision will impose an undue hardship on a Franchisee or the Subscribers. To be effective, such waiver shall be evidenced by a statement in writing signed by a duly authorized representative of City. Waiver of any provision in one (1) instance shall not be deemed a waiver of such provision subsequent to such instance, nor be deemed a waiver of any other provision of this Chapter or a Franchise Agreement unless the statement in its final form approved by the City Council so recites.
- (h) **Franchise Agreement.**
 - (1) Every Franchisee shall agree to the terms and provisions of a Franchise Agreement as negotiated between the Franchisee and the City.
 - (2) In addition to those matters required elsewhere in this Chapter to be included in the Franchise Agreement, each Franchise Agreement must contain the following express representations by each Franchisee:

- (i) Franchisee accepts and agrees to all of the provisions of this Chapter, and any supplementary specifications as to construction, operation, or maintenance of the System which the City may include in the Franchise Agreement.
 - (ii) Franchisee has examined all of the provisions of this Chapter and agrees to the terms and conditions herein.
 - (iii) Franchisee recognizes the right of the City to adopt such additional regulations of general applicability as it shall find necessary in the exercise of its police power.
- (4) Unless a Franchise Agreement specifically states otherwise, every Franchise shall apply to the entire territorial area of the City.
- (5) Every Franchise Agreement shall contain such further conditions or provisions as may be included in a request for proposal and/or negotiated between the City and a Franchisee, except that no such conditions or provisions shall be such as to conflict with any provisions of this Chapter or other law. In case of such conflict or of any ambiguity between any terms or provisions of a Franchise Agreement and this Chapter, the words of the Franchise Agreement shall control.
- (i) Initial Franchise Applications. Any Person desiring an initial Franchise for a Cable System shall file an application with the City. A reasonable nonrefundable application fee established by the City shall accompany the application. Such application fee shall not be deemed to be "Franchise Fees" within the meaning of Section 622 of the Cable Act (47 U.S.C. § 542), and such payments shall not be deemed to be
 - (i) "payments in kind" or any involuntary payments chargeable against the compensation to be paid to the City by Franchisee, or

 - (4) List of officers, directors, and managing employees of applicant, together with a description of the background of each such Person;

 - (1) Upon receipt of any application for an initial Franchise, the City Manager shall prepare a report and make his or her recommendations respecting such application to the City Council.
 - (2) A public hearing shall be set prior to any initial Franchise grant, at a time and date approved by the Council. Within thirty (30) days after the close of the hearing, the Council shall make a decision based upon the evidence received at the hearing as to whether or not the Franchise(s) should be granted, and,

if granted subject to what conditions.

- (k) Franchise Renewal. Franchise renewals shall be in accordance with applicable law including, but not necessarily limited to, the Cable Communications Policy Act of 1984, as amended. City and a Franchisee, by mutual consent, may enter into renewal negotiations at any time during the term of the Franchise. Franchise renewal may also arise if there are substantial changes to the contractual relationship between the City and the Franchisee.
- (l) Grant of Additional Franchise and Competing Service.
 - (1) Since competing or overlapping Franchises may have an adverse impact on the public rights-of-way, on the quality and availability of services to the public and may adversely affect an existing operator's ability to continue to provide the services and facilities it is presently providing under a Franchise, the City may issue a Franchise in an area where another Franchisee is operating only following a public hearing to consider the potential impact which the grant of an additional Franchise may have on the community. In considering whether to grant one (1) or more additional Franchises, the City shall specifically consider, and address in a written report, the following issues:
 - (i) The positive and/or negative impact of an additional Franchise on the community.
 - (ii) The ability and willingness of the specific applicant in question to provide cable services to the entire Franchise area which is served by the existing cable operator. The purpose of this subsection is to ensure that any competition which may occur among Franchisees will be on terms which when taken as a whole do not give a competitive advantage to one (1) Franchisee over another.
 - (iii) The amount of time it will take the applicant to complete construction of the proposed system and activate service in the entire Franchise area; and, whether the applicant can complete construction and activation of its system in a timely manner.
 - (iv) The financial capabilities of the applicant and its guaranteed commitment to make the necessary investment to erect, maintain, and operate the proposed Cable System for the duration of the Franchise term. In order to ensure that any prospective Franchisee does have the requisite current financial capabilities, the City may request equity and debt financing commitment letters, current financial statements, bonds, letters of credit, or other documentation to demonstrate to the City's satisfaction that the requisite funds to construct and operate the proposed system are available.
 - (v) The quality and technical reliability of the proposed system, based upon the applicant's plan of construction and the method of distribution of signals, and the applicant's technical qualifications to construct and operate such system.
 - (vi) The experience of the applicant in the erection, maintenance, and operation of a Cable System.
 - (vii) The capacity of the public rights-of-way to accommodate one (1) or more additional Cable Systems and the potential disruption of those public rights-of-way and private property that may occur if one (1) or more additional Franchises are granted.
 - (viii) The disruption of existing cable television service and the potential that the proposed Franchise would adversely affect the residents of the City.
 - (ix) The likelihood and ability of the applicant to continue to provide competing cable television service to Subscribers within the entire Franchise area for the duration of the Franchise.
 - (x) Such other information as the City may deem appropriate to be considered prior to granting any competing or overlapping Franchise.
- (m) Permits for Non-Franchised Entities. The City may issue a license, easement, or other permit to a person

other than the Franchisee to permit that person to traverse any portion of the Franchisee's Franchise area within the City in order to provide service outside, but not within the City. Such license or easement, absent a grant of a Franchise in accordance with this Chapter, shall not authorize nor permit said person to provide cable television service of any type to any home or place of business within the City nor render any other service within the City.

(n) Any cable communications system or part thereof located in the City right-of-way and not franchised by the City in accordance with this Chapter 425 shall obtain a ROW Use Agreement under Chapter 427-Telecommunications Systems in the Public Rights-Of-Way. The ROW Use Agreement hereunder shall be granted for the sole purpose of providing cable television signals to customers located in an adjoining municipality. The charges and ROW Use Agreement fees stated in subsection (a) hereof shall not apply provided that such adjoining municipality imposes no compensation and franchise fee requirements on any cable communications system or part thereof, franchised by the City in accordance with Chapter 425 which may be located in the adjoining municipality

The Franchisee shall not be required to maintain any books or records for Franchise compliance purposes longer than seven (7) years. Upon request, the City will treat designated information disclosed by a Franchisee as confidential to the extent permissible under state and federal law.

 - (iv) A statement of the Franchisee's current billing practices and charges; and

- (v) A copy of the Franchisee's current Subscriber Service contract.
- (2) City and its agents and representatives shall have authority to arrange for and conduct an audit of and copy the books and records of any Franchisee. A Franchisee shall first be given five (5) days notice of the audit, the description of and purpose for the audit, and a description, to the best of City's ability, of the books, records, and documents that City wants to review.
- (d) **Monitoring and Compliance Reports.** No later than April 15 of each year, each Franchisee shall make available to the City a copy of the results of all FCC performance tests for the Cable System that are required by Part 76 of the FCC's regulations.
- (e) **Additional Reports.** Each Franchisee shall prepare and furnish to City, at the times and in the form prescribed, such additional reports with respect to its operations, affairs, transactions, or property, which in the sole discretion of the City are necessary.
- (f) **Safety.**
 - (1) Every Franchisee shall at all times employ the standard of care attendant to the risks involved, and shall install and maintain in use commonly accepted methods and devices for preventing failures and accidents that are likely to cause damage, injury, or nuisance to the public or to employees of the Franchisee.
 - (2) Each Franchisee shall install and maintain its wires, cables, fixtures, and other equipment in accordance with the requirements of all applicable codes and in such manner that they will not interfere with any installations of the City or any public utility.

The length and terms of any Subscriber contract shall be available for public inspection during normal business hours.
 - (3) The term of a Subscriber contract (excepting certain commercial accounts) shall not be for more than twelve (12) months duration unless after twelve (12) months the contract may be terminated at the Subscriber's option with no penalty to Subscriber. Nothing in this paragraph shall prohibit a Franchisee from entering into Subscriber contracts by reason of a line extension policy for a term that is longer than twelve (12) months in duration.
