This dedication is subject to the terms, conditions and provisions of the Environmental Covenant by and between the URA and the Pennsylvania Department of Environmental Protection ("Department") dated December 3, 2015, which was recorded on February 24, 2016 in the Real Estate Department of Allegheny County, Pennsylvania in Deed Book Volume 16298, page 1, and is also on file with the URA, including the following activity and use limitations:

Prohibition of groundwater use for any purpose.

A protective Cap (consisting of structures, parking lots, sidewalks or other impermeable surfaces) shall be maintained; as described in the April 15, 1998 and December 27, 2004 Department approved Cleanup Plans.

Non-residential areas not covered with structures, parking lots, sidewalks or other impermeable surfaces, must be covered with at least 6 inches of clean soil cover to prevent contact with underlying soils. Residential areas not covered with structures, parking lots, sidewalks or other impermeable surfaces, must be covered with at least 18 inches of clean soil cover to prevent contact with underlying soils.

Provide notice to construction workers or anyone breaching the Cap to abide by a dust control plan and worker Health and Safety Plan to minimize dermal contact with possibly contaminated soils;

Any excavation or other intrusive activity that could result in contact with contaminated soil or groundwater is prohibited unless it is supported by a site specific health and safety plan and a work plan for management and possible disposal of soils.
