Whereas, Section 205 D of the Rules and Regulations states that, “No Needle Exchange Program shall operate in any location until the address of the Program Location is specifically approved by the Board of Health and the proposed sites' municipality through legislative action,” and,

Whereas, Prevention Point Pittsburgh is a non-profit organization seeking to run a Needle Exchange Program from a mobile van at the corner of Kirkpatrick Street & Bentley Drive, which is located in the Hill District of the City of Pittsburgh; and,

Whereas, as a pre-requisite for Prevention Point Pittsburgh to obtain Allegheny County Health Department approval for such location, City Council must first approve this location for the operation of this Needle Exchange Program; and,
