Bill No: 2019-1670, **Version:** 1

Committee: Committee on Finance and Law

Status: Passed Finally

Ordinance supplementing the Pittsburgh Code of Ordinances, Title One - Administrative, Article Three - Organizations, Chapter 111 - Departments, Generally, by adding a new subsection, § 111.03, Equity Standards and Requirements for all Departments and Units of City Government.

Whereas, the federal Civil Rights Act(s) of 1964, 1965 and 1968 banned discrimination because of a person's color, race, national origin, gender or religion across a wide spectrum of activities, both public and private; and,

Whereas, Article III, § 26 of the Constitution of the Commonwealth of Pennsylvania prohibits the Commonwealth or any of its' *subdivisions* from denying to any person "the enjoyment of any civil right"; and,

Whereas, § 204(d) of the Pittsburgh Home Rule Charter requires the Mayor, "to provide Council with information concerning the administration and conditions of the City *as requested by Council*"; and,

Whereas, § 204(j) of the Pittsburgh Home Rule Charter requires the Mayor, "to take such action as may be necessary to ensure that no inequities exist in any unit of City government and that each unit operates in a manner which provides every citizen full and equal access to government and a like opportunity to render goods and services to the City"; and,

Whereas, § 211 of the Pittsburgh Home Rule Charter requires that, "All heads of units of government shall furnish the Mayor or Council such information as the Mayor or Council shall demand at any reasonable time and shall make an annual report in writing to the Mayor and Council."; and,

Whereas, here in Pittsburgh, a pervasive sense exists that there are "two Pittsburghs": one which grows more prosperous with each passing day and the other, cut off from opportunity by poverty, structural racism and discrimination; and,

Whereas, data recently released by the National Equity Atlas show that this inequality comes at a great cost to the city and the region: Pittsburgh's economic output would be nearly \$5 billion dollars higher every year without the clear racial inequities in income; and,

Whereas, urgent action is needed to steer growth and change in a new direction; and,

Whereas, Pittsburgh's racial, economic and geographic inequities are no mere moral challenge, but an existential threat to the city's long-term resilience and prosperity; and,

Whereas, the government of the City of Pittsburgh has a legal and a moral obligation to ensure that its' services

are provided to the residents in the most equitable way possible; and,

Whereas, requiring the City and the heads of government units and departments to submit reports detailing how their budgetary decisions and operational decisions and policies either further the goal of equity in the provision of government services and in government-sponsored or government-assisted activities or fall short of this critical requirement is a fundamental and necessary means of ensuring that the City lives up to its' legal obligations to its' residents; and,

Whereas, the Council of the City of Pittsburgh finds it in the public interest and a public purpose worthy of the expenditure of the public moneys of the City that each Department and unit of City government provide to it and the public regular information detailing the goals set to achieve equity in government and regular updates on their progress in meeting those goals.

BE IT RESOLVED THAT THE COUNCIL OF THE CITY OF PITTSBURGH HEREBY ENACTS AS FOLLOWS:
